V. FMCSA Decision

FMCSA has received no reports of accidents attributable to the previous 30-minute exemption. The renewal of the exemption, subject to the terms and conditions imposed, will achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. It is important to note that the Agency is not granting a complete exemption from the 30-minute rest break provision required by 49 CFR 395.3(a)(3)(ii). Instead, FMCSA is granting an exemption for concrete pump operators and drivers who remain with the CMV (i.e., wait) while not performing any other work-related activities to count that time toward the 30-minute break. The only subject of the exemption is the duty status of the driver while “waiting” with the vehicle during a required rest break. The Agency grants the exemption request subject to the terms and conditions in this notice.

VI. Terms and Conditions of the Exemption

- Drivers who deliver, set up, and operate concrete pumps in interstate commerce across the United States, and all concrete pump operators and concrete pumping companies and drivers, are exempt from the requirement for a 30-minute rest break in Section 395.3(a)(3)(ii), in that they may count “waiting” periods when they are performing no work activity as the required 30-minute break.

- Drivers must possess a copy of this exemption while operating under the terms of the exemption. The exemption document must be presented to law enforcement officials upon request.

- All motor carriers operating under this exemption must have a “Satisfactory” safety rating with FMCSA, or be “unrated.” Motor carriers with “Conditional” or “Unsatisfactory” FMCSA safety ratings are prohibited from using this exemption.

Period of the Exemption

This exemption from the requirements of 49 CFR 395.3(a)(3)(ii) has a retroactive effective date of March 17, 2019 through March 17, 2024, 11:59 p.m. local time.

Extent of the Exemption

This exemption is limited to the provisions of 49 CFR 395.3(a)(3)(ii). These drivers must comply with all other applicable provisions of the FMCSRs.

Preemption

In accordance with 49 U.S.C. 31313(d), as implemented by 49 CFR 381.600, during the period this exemption is in effect, no State shall enforce any law or regulation applicable to interstate commerce that conflicts with or is inconsistent with this exemption with respect to a firm or person operating under the exemption. States may, but are not required to, adopt the same exemption with respect to operations in intrastate commerce.

Notification to FMCSA

Any motor carrier utilizing this exemption must notify FMCSA within 5 business days of any accident (as defined in 49 CFR 390.5), involving any of the motor carrier’s CMVs operating under the terms of this exemption. The notification must include the following information:

- (a) Identity of the exemption: “ACPA”;
- (b) Name of operating motor carrier and USDOT number;
- (c) Date of the accident;
- (d) City or town, and State, in which the accident occurred, or closest to the accident scene;
- (e) Driver’s name and license number and State of issuance;
- (f) Vehicle number and State license plate number;
- (g) Number of individuals suffering physical injury;
- (h) Number of fatalities;
- (i) The police-reported cause of the accident;
- (j) Whether the driver was cited for violation of any traffic laws or motor carrier safety regulations; and
- (k) The driver’s total driving time and total on-duty time prior to the accident.

Reports filed under this provision shall be emailed to MCPSD@DOT.GOV.

VII. Termination

FMCSA does not believe the drivers covered by this exemption will experience any deterioration of their safety record. However, should this occur, FMCSA will take all steps necessary to protect the public interest, including revocation of the exemption. The FMCSA will immediately revoke or restrict the exemption for failure to comply with its terms and conditions.
