members and updating the training of existing compliance staff members to use EFFS, for a total annual burden of 420 hours (42 respondent SROs × 10 hours).

In connection with Security-Based Swap Submissions, counterparties may apply for a stay from a mandatory clearing requirement under Rule 3Ca–1. The Commission estimates that each clearing agency will submit five applications for stays from a clearing requirement per year and it will take approximately 18 hours to retrieve, review, and submit each application. Thus, the total annual reporting burden for the Rule 3Ca–1 stay of clearing requirement would be 270 hours (3 respondent clearing agencies × 5 stay of clearing applications per year × 18 hours to retrieve, review, and submit the stay of clearing information).

Based on the above, the total estimated annual response burden pursuant to Rule 19b–4 and Form 19b–4 is the sum of the total annual reporting burdens for filing proposed rule changes, Advance Notices, and Security-Based Swap Submissions; training staff to file such proposals; drafting, modifying, and implementing internal policies and procedures for filing such proposals; posting each proposal on the respondents’ websites; updating websites to enable posting of proposals; updating the respondents’ online rulebooks to reflect the proposals that became effective; submitting copies of Advance Notices to the Board; and applying for stays from clearing requirements, which is 91,300 hours.

Compliance with Rule 19b–4 is mandatory. Information received in response to Rule 19b–4 shall not be kept confidential; the information collected is public information.

October 4, 2019.

I. Introduction

2019, the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether the proposed rule change should be disapproved. On July 1, 2019, the Commission instituted proceedings under Section 19(b)(2)(B) of the Act to determine whether to approve or disapprove the proposed rule change. On October 3, 2019, the Exchange filed partial Amendment No. 2 to the proposed rule change. The Commission received twenty comment letters on the proposal from fourteen commenters. The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 2, from interested persons and is designating a longer period within which to approve or disapprove the proposed rule change, as modified by Amendment No. 2.

II. Summary of the Proposed Rule Change, as Modified by Amendment No. 2

As described in more detail in the Notice and Amendment No. 2, FINRA proposes to establish a new issue reference data service for corporate bonds. FINRA states that its proposal is in line with a recommendation from the SEC Fixed Income Market Structure Advisory Committee, which recommended that FINRA establish a new issue data service which would contain specified data elements on TRACE-eligible corporate bond new issues.

Specifically, FINRA is proposing to amend Rule 6760 (Obligation to Provide Notice) to require that underwriters subject to Rule 6760 12 report to FINRA a number of data elements, including some already specified by the rule, for new issues in Corporate Debt Securities. Proposed Rule 6760(b)(2) would require that, in addition to the information required by Rule 6760(b)(1), 13 for a new issue in a Corporate Debt Security, excluding bonds issued by religious organizations or for religious purposes, the following information must be reported, if applicable: (A) The International Securities Identification Number (ISIN); (B) the currency; (C) the issue date; (D) the first settle date; (E) the interest accrual date; (F) the day count; (G) the coupon frequency; (H) the first coupon payment date; (I) a Regulation S indicator; (J) the security type; (K) the bond type; (L) the first coupon period type; (M) a convertible indicator; (N) a call indicator; (O) the first call date; (P) a put indicator; (Q) the first put date; (R) the minimum increment; (S) the minimum piece/denomination; (T) the issuance amount; (U) the first call price; (V) the first put price; (W) the coupon type; (X) rating (TRACE Grade); (Y) a perpetual maturity indicator; (Z) a Payment-In-Kind (PIK) indicator; (AA) first conversion date; (BB) first conversion ratio; (CC) spread; (DD) reference rate; (EE) floor; and (FF) underlying entity ticker. FINRA proposes to require underwriters to report all data fields for Corporate Debt Securities prior to the first transaction in the security. FINRA would disseminate the corporate bond new issue reference data collected under Rule 6760 upon receipt. FINRA would not disapprove the proposal. The Commission is publishing this notice to solicit comments on the proposed rule change, as modified by Amendment No. 2, from interested persons and is designating a longer period within which to approve or disapprove the proposed rule change, as modified by Amendment No. 2.
states that it will submit a separate filing to establish fees related to the new issue reference data service at a future date and will implement the service after those fees are adopted.\(^\text{17}\)

If the Commission approves the filing, FINRA proposes to announce the effective date of the proposed rule change in a Regulatory Notice to be published no later than 90 days following publication of the Regulatory Notice. The effective date will be no later than 270 days following Commission approval.

IV. Notice of Designation of a Longer Period for Commission Action on Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change as Modified by Amendment No. 2, To Establish a Corporate Bond New Issue Reference Data Service

Section 19(b)(2) of the Act\(^\text{18}\) provides that, after initiating proceedings, the Commission shall issue an order approving or disapproving the proposed rule change not later than 180 days after the date of publication of notice of filing of the proposed rule change. The Commission may, however, extend the period for issuing an order approving or disapproving the proposed rule change by not more than 60 days if the Commission determines that a longer period is appropriate and publishes the reasons for such determination. The Commission finds it appropriate to designate a longer period within which to take action on the proposed rule change so that it has sufficient time to consider this proposed rule change, as modified by Amendment No. 2, and the comments received. Accordingly, the Commission, pursuant to Section 19(b)(2) of the Act,\(^\text{19}\) designates December 4, 2019, as the date by which the Commission shall either approve or disapprove the proposed rule change (File No. SR–FINRA–2019–008). For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.\(^\text{20}\)
