j. Description of Proceeding: Northbrook Wisconsin, LLC, the City of Norway, Michigan, and the City of Crystal Falls, Wisconsin on June 13, 2019 and the Wisconsin Electric Power Company on July 16, 2019, filed applications to extend the license terms for four projects located on the Menominee River and two of its tributaries, the Paint and Pine rivers. The four projects include the Little Quinnesec Falls Project No. 2536 licensed to Northbrook Wisconsin, LLC, the Sturgeon Falls Project No. 2720 licensed to the City of Norway, Michigan, the Crystal Falls Project No. 11402 licensed to the City of Crystal Falls, Wisconsin, and the Pine Project No. 2486 licensed to Wisconsin Electric Power Company.

The licensees request that the license terms for the four projects be extended to July 31, 2040 to align the license expiration dates with nine other project locations on the upper Menominee River basin. Currently, the 40-year license for the Little Quinnesec Falls Project expires on April 30, 2037 and the 30-year licenses for the Crystal Falls, Pine, and Sturgeon Falls projects correspondingly expire on September 30, 2025, November 30, 2025, and December 31, 2034. The licensees state that aligning the license expiration dates of the projects would allow for a comprehensive study and analysis of the upper Menominee River basin projects, expedite the consultation process for all parties, and maximize the consideration of cumulative and environmental impacts in the related proceedings at relicensing.
