After consideration of the relevant matter presented, the Committee has determined that the product(s) and service(s) listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification
I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:
1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action may result in authorizing small entities to furnish the product(s) and service(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O’Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) deleted from the Procurement List.

End of Certification
Accordingly, the following products are deleted from the Procurement List:

Mandatory Source of Supply:

NSN(s)—Product Name(s):

are deleted from the Procurement List.

End of Certification

Mandatory Source of Supply:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.
2. The action may result in authorizing small entities to furnish the product(s) and service(s) to the Government.
3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O’Day Act (41 U.S.C. 8501–8506) in connection with the product(s) and service(s) deleted from the Procurement List.

End of Certification

CPSC invites written comments concerning this petition.

DATES: Submit comments by December 10, 2019.

ADDRESSES: Submit comments, identified by Docket No. CPSC–2019–0024, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: http://www.regulations.gov. Follow the instructions for submitting comments. The CPSC does not accept comments submitted by electronic mail (email), except through http://www.regulations.gov. The CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Written Submissions: Submit written comments by mail/hand delivery/courier to: Division of the Secretariat, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change to http://www.regulations.gov, including any personal identification information, contact information, or other personal information provided. Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If furnished at all, such information should be submitted by mail/hand delivery/courier.

Docket: For access to the docket to read background documents or comments received, go to: http://www.regulations.gov. Insert docket number CPSC–2019–0024 into the “Search” box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT:

Alberta Mills, Secretary, Division of the Secretariat, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone 301–504–7479; email: AMills@cpsc.gov

SUPPLEMENTARY INFORMATION: Section 1404(c)(1)(A)(iii) of the VGB Act requires that each public pool and spa in the United States with a single main drain other than an unblockable drain be equipped, at a minimum, with one or more of the following anti-entrapment devices or systems: (1) Safety vacuum release system; (2) Suction-limiting vent system; (3) Gravity drainage system; (4) Automatic pump shut-off system; (5) Drain displacement; or (6) any other system (“other system”), determined by the Commission to be equally effective as, or better than, these systems at preventing or eliminating the risk of injury or death associated with pool drainage systems. 15 U.S.C. 8003(c)(1)(A)(iii).

On June 23, 2015, PSD Industries submitted a petition, docketed as VGBA 15–1, requesting that the Commission classify VDT as an anti-entrapment device or system under the VGBA. Petitioner defined “VDT” as: “a system that removes the intense vacuum draw from the intake point of a pumping system by occluding the intake orifice from swimmers and diffusing the vacuum from a potential blockage immediately in multiple directions from the blockage.” The petition stated that VDT protects against limb, hair, and mechanical entrapment, and mitigates evisceration. CPSC staff recommended that the Commission deny the petition. Staff determined that VDT was not as effective as the anti-entrapment devices and systems listed in the VGBA because VDT did not protect against full body entrapment, mechanical entrapment, or evisceration and could be a potential source of hair and possibly, mechanical entrapment. The Commission voted to deny the petition.1

PSD Industries has resubmitted its prior petition with additional materials and explanation. The resubmitted petition contains additional information based on third party testing conducted by Penn State University’s Applied Research Laboratory. Petitioner asserts that “VDT demonstrably and unequivocally prevents hair, limb, and mechanical entrapments.” Additionally, petitioner asserts that protection against full-body entrapment is not a requirement to be “equally effective as, or better than” the enumerated anti-entrapment systems under the VGBA.

By this notice, CPSC seeks comments concerning this petition. The petition is available at: http://www.regulations.gov, under Docket No. CPSC–2019–0024, Supporting and Related Materials. Alternatively, interested parties may obtain a copy of the petition by writing or calling the Division of the Secretariat, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–6833.

Alberta E. Mills,
Secretary, Consumer Product Safety Commission.

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Sunshine Act Meetings

TIME AND DATE: 10:00 a.m.–11:30 a.m., October 16, 2019.

STATUS: Closed. During the closed meeting, the Board Members will discuss issues dealing with potential Recommendations to the Secretary of Energy. The Board is invoking the exemptions to close a meeting described in 5 U.S.C. 552b(c)(3) and (9)(B) and 10 CFR 1704.4(c) and (h). The Board has determined that it is necessary to close the meeting since conducting an open meeting is likely to disclose matters that are specifically exempted from disclosure by statute, and/or be likely to significantly frustrate implementation of a proposed agency action. In this case, the deliberations will pertain to potential Board Recommendations which, under 42 U.S.C. 2286d(b) and (b)(3), may not be made publicly available until after they have been received by the Secretary of Energy or the President, respectively.

MATTERS TO BE CONSIDERED: The meeting will proceed in accordance with the closed meeting agenda which is posted on the Board’s public website at https://www.dnfsb.gov. Technical staff may present information to the Board. The Board Members are expected to conduct deliberations regarding potential Recommendations to the Secretary of Energy.

CONTACT PERSON FOR MORE INFORMATION:
Glenn Sklar, General Manager, Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW, Suite 700, Washington, DC 20004–2901, (800) 788–4016. This is a toll-free number.

Dated: October 9, 2019.

Bruce Hamilton,
Chairman.
