Total Annual Burden: 105 hours.

Privacy Act Impact Assessment: The Commission is preparing to conduct a Privacy Act Impact Assessment (PIA).

Nature and Extent of Confidentiality: The Commission is not requesting that respondents for this information collection (LOA and Secondary Market) submit confidential information to the

FCC. For individuals, the Privacy Act, 5 U.S.C. 552a, is the statutory authority for confidentiality and it applies to this information collection. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: On September 27, 2018, the Commission released a *Report and Order* in WC Docket No. 17-192, FCC 18-137 (*Report and Order*). In the *Report and Order*, the Commission established competitive bidding as a toll free number assignment method, and called for an auction for select numbers in the toll free code 833 as an experiment to test this method. To verify the relationship between the responsible organization (RespOrg) and the potential subscriber, a Letter of Authorization (LOA) is required during the bidding process. Additionally, a key component to the effectiveness of the auction is the adoption of a post-auction secondary market (Secondary Market) for the sale of the rights to use 833 code toll free numbers. Collecting data on Secondary Market transactions will allow the Commission to evaluate the entire experimental auction process and determine the potential use of competitive bidding in future toll free number assignments.
