

conservation measures in the SHA is to expand this species' population within and beyond the 610-ac baseline area by reducing threats and enhancing habitat for the species. The SHA is intended to contribute to the recovery of the northern Idaho ground squirrel by reducing threats, expanding and increasing the viability of the ground squirrel population at this site, improving habitat conditions, and potentially facilitating translocation of ground squirrels to other sites in need of population supplementation, as appropriate.

The SHA management actions to benefit the northern Idaho ground squirrel include habitat maintenance and enhancement, predator/competitor control, shooting prohibitions, outreach, surveys, monitoring, and research.

The OX Ranch has met obligations outlined in the 2009 SHA. For example, they have carried out habitat enhancement projects on their land and have participated in multiple habitat enhancement studies by providing access to their property for research purposes (*i.e.*, Suronen and Newingham 2013, Goldberg 2018). They have allowed the installation of no-shooting signs on their property, conducted outreach, allowed needed surveys and monitoring to be carried out on an annual basis by the IDFG (*i.e.*, Wagner and Evans Mack 2019), and have allowed limited predator control to be carried out on their property on an as-needed basis. Renewing the SHA for an additional 5 years will provide continued conservation benefits on OX Ranch lands for the northern Idaho ground squirrel.

National Environmental Policy Act Compliance

The renewal of the SHA is a Federal action that triggers the need for compliance with NEPA. The Service has made a preliminary determination that the proposed SHA renewal is eligible for categorical exclusion under NEPA, based on the following criteria: (1) Implementation of the SHA would result in minor or negligible adverse effects on federally listed, proposed, and candidate species and their habitats; (2) implementation of the SHA would result in minor or negligible adverse effects on other environmental values or resources; and (3) impacts of the SHA, considered together with the impacts of other past, present, and reasonably foreseeable similarly situated projects, would not result, over time, in cumulative adverse effects to environmental values or resources which would be considered significant. We explain the basis for this

determination in more detail in an EAS that is also available for public review.

Public Comments

You may submit your comments and materials by one of the methods listed in the **ADDRESSES** section. We request data, comments, new information, or suggestions from the public, other concerned governmental agencies, the scientific community, Tribes, industry, or any other interested party on our proposed Federal action.

Public Availability of Comments

All comments and materials we receive become part of the public record associated with this action. Before including your address, phone number, email address, or other personal identifying information in your comments, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so. Comments and materials we receive, as well as supporting documentation we use in preparing the EAS, will be available for public inspection by appointment, during normal business hours, at our Idaho Fish and Wildlife Office (see **ADDRESSES**).

Authority

We provide this notice in accordance with the requirements of section 10(c) of the ESA (16 U.S.C. 1531 *et seq.*) and NEPA 42 U.S.C. 4321 *et seq.*) and their implementing regulations (50 CFR 17.22, and 40 CFR 1506.6, respectively).

Rolland G. White,

Acting Regional Director, U.S. Fish and Wildlife Service.

Welded Stainless Steel Pressure Pipe From China, Malaysia, Thailand, and Vietnam; Scheduling of Expedited Five-Year Reviews

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice of the scheduling of expedited reviews pursuant to the Tariff Act of 1930 (“the Act”) to determine whether revocation of the antidumping and countervailing duty orders on welded stainless steel pressure pipe from China, and the antidumping duty orders on welded stainless steel pressure pipe from Malaysia, Thailand, and Vietnam would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time.

DATES: September 6, 2019.

FOR FURTHER INFORMATION CONTACT: Abu Kanu (202-205-2597), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission’s TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for these reviews may be viewed on the Commission’s electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On September 6, 2019, the Commission determined that the domestic interested party group response to its notice of institution (84 FR 25567, June 3, 2019) of the subject five-year reviews was adequate and that the respondent interested party group response was inadequate. The Commission did not find any other circumstances that would warrant

conducting full reviews.¹ Accordingly, the Commission determined that it would conduct expedited reviews pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)).

For further information concerning the conduct of these reviews and rules of general application, consult the Commission’s Rules of Practice and Procedure, part 201, subparts A and B (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

Staff report.—A staff report containing information concerning the subject matter of these reviews will be placed in the nonpublic record on October 11, 2019, and made available to persons on the Administrative Protective Order service list for these reviews. A public version will be issued thereafter, pursuant to section 207.62(d)(4) of the Commission’s rules.

Written submissions.—As provided in section 207.62(d) of the Commission’s rules, interested parties that are parties to these reviews and that have provided individually adequate responses to the notice of institution,² and any party other than an interested party to these reviews may file written comments with the Secretary on what determination the Commission should reach in the reviews. Comments are due on or before October 18, 2019 and may not contain new factual information. Any person that is neither a party to the five-year reviews nor an interested party may submit a brief written statement (which shall not contain any new factual information) pertinent to the reviews by October 18, 2019. However, should the Department of Commerce (“Commerce”) extend the time limit for its completion of the final results of its reviews, the deadline for comments (which may not contain new factual information) on Commerce’s final results is three business days after the issuance of Commerce’s results. If comments contain business proprietary information (BPI), they must conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission’s rules. The Commission’s rules with respect to filing were revised effective July 25, 2014. See 79 FR 35920 (June 25, 2014). The Commission’s *Handbook on Filing Procedures*, available on the

¹ A record of the Commissioners’ votes, the Commission’s statement on adequacy, and any individual Commissioner’s statements will be available from the Office of the Secretary and at the Commission’s website.

² The Commission has found the responses submitted by Bristol Metals, LLC, Felker Brothers Corp., Webco Industries Inc., and Primus Pipe & Tube to be individually adequate. Comments from other interested parties will not be accepted (see 19 CFR 207.62(d)(2)).
