

depending on specific license conditions. No reporting is made to the NRC.

6. *Who will be required or asked to respond:* All NRC or Agreement State low-level waste facilities licensed pursuant to part 61 of title 10 of the *Code of Federal Regulations* (10 CFR) or equivalent Agreement State regulations. All generators, collectors, and processors of low-level waste intended for disposal at a low-level waste facility must complete the appropriate forms.

7. *The estimated number of annual responses:* 756.

8. *The estimated number of annual respondents:* 22.

Note that the NRC does not collect or retain data on manifest forms and the forms are not sent to or received by the NRC. The estimates provided in items seven and eight above are from the previous form renewal Notice. The NRC did not receive any public comment on the previous renewal suggesting that these estimates should be revised.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request:* 567.

10. *Abstract:* NRC Forms 542 and 542A, provide a set of standardized forms to meet Department of Transportation, NRC, and State requirements. The forms were developed by NRC at the request of low-level waste industry groups. The forms provide uniformity and efficiency in the collection of information contained in manifests which are required to control transfers of low-level radioactive waste intended for disposal at a land disposal facility. The NRC Form 542, completed by waste collectors or processors, contains information which facilitates tracking the identity of the waste generator. That tracking becomes more complicated when the waste forms, dimensions, or packaging are changed by the waste processor. Each container of waste shipped from a waste processor may contain waste from several different generators. The information provided on the NRC Form 542 permits the States and Compacts to know the original generators of low-level waste, as authorized by the Low-Level Radioactive Waste Policy Amendments Act of 1985, so they can ensure that waste is disposed of in the appropriate Compact.

- I. Introduction
- II. Summary of Changes
- III. Notice of Commission Action
- IV. Ordering Paragraphs

I. Introduction

On October 9, 2019, the Postal Service filed a notice of changes to product descriptions pursuant to Commission rule 39 CFR 3020.90.¹ The Postal

Service seeks to make changes to Priority Mail Express International (PMEI) product descriptions in the Mail Classification Schedule (MCS). Notice at 1. The changes are intended to take effect on January 26, 2020. *Id.*

II. Summary of Changes

The Postal Service states that "[t]he purpose of these minor modifications is to establish changes to PMEI relating to the list of destination countries offered at a discount at retail, as provided in section 2305.6 of the MCS." *Id.* The Postal Service avers that the proposed changes satisfy the requirements of 39 CFR 3020.90 because the changes should result in a more accurate representation of the Postal Service's offerings by informing postal retail customers of the destinations and weight steps eligible for the PMEI discount, the Notice is filed no later than 15 days prior to the intended effective date, and the changes merely revise the MCS without otherwise changing product offerings, or the prices or price groups. *Id.* at 1-2. The Postal Service also asserts that the proposed changes do not significantly change the user experience for any product and that there is no evidence that the changes will significantly impact competitors. *Id.* at 2.

III. Notice of Commission Action

Pursuant to 39 CFR 3020.91, the Commission has posted the Notice on its website and invites comments on whether the Postal Service's filings are consistent with 39 CFR part 3020, subpart E. Comments are due no later than November 7, 2019. The filing can be accessed via the Commission's website (<http://www.prc.gov>).

The Commission appoints Katrina R. Martinez to represent the interests of the general public (Public Representative) in this docket.

IV. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket No. MC2020-8 to consider matters raised by the Notice.

2. Comments by interested persons are due by November 7, 2019.
