

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION**[Notice: (19–068)]****NASA International Space Station Advisory Committee; Meeting****AGENCY:** National Aeronautics and Space Administration (NASA).**ACTION:** Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the National Aeronautics and Space Administration announces a meeting of the NASA International Space Station (ISS) Advisory Committee. The purpose of the meeting is to review all aspects related to the safety and operational readiness of the ISS, and to assess the possibilities for using the ISS for future space exploration.

DATES: Monday, November 18, 2019, 11:00 a.m.–12:00 p.m., Eastern Time.**ADDRESSES:** NASA Headquarters, Glennan Conference Room (1Q39), 300 E Street SW, Washington, DC 20546. Note: 1Q39 is located on the first floor of NASA Headquarters.**FOR FURTHER INFORMATION CONTACT:** Mr. Patrick Finley, Office of International and Interagency Relations, (202) 358–5684, NASA Headquarters, Washington, DC 20546–0001.**SUPPLEMENTARY INFORMATION:** This meeting will be open to the public up to the seating capacity of the room. This meeting is also accessible via teleconference. To participate telephonically, please contact Mr. Finley (202) 358–5684; before 4:30 p.m., Eastern Time, November 14, 2019. You will need to provide your name, affiliation, and phone number.

Attendees will be requested to sign a register and to comply with NASA security requirements, including the presentation of a valid picture ID to Security before access to NASA Headquarters. Foreign nationals attending this meeting will be required to provide a copy of their passport and visa in addition to providing the following information no less than 10 working days prior to the meeting: Full name; gender; date/place of birth; citizenship; visa information (number, type, expiration date); passport information (number, country, expiration date); employer/affiliation information (name of institution, address, country, telephone); title/position of attendee; and home address to Mr. Finley via email at patrick.t.finley@nasa.gov or by telephone at (202) 358–5684. U.S. citizens and permanent residents (green

card holders) are requested to submit their name and affiliation at least three working days prior to the meeting to Mr. Finley.

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Patricia Rausch,*Advisory Committee Management Officer, National Aeronautics and Space Administration.*

BILLING CODE 7510–13–P**NATIONAL AERONAUTICS AND SPACE ADMINISTRATION****[Notice: (19–069)]****NASA Applied Sciences Advisory Committee; Meeting****AGENCY:** National Aeronautics and Space Administration.**ACTION:** ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act, as amended, the National Aeronautics and Space Administration (NASA) announces a meeting of the Applied Sciences Advisory Committee. This Committee reports to the Director, Earth Science Division, Science Mission Directorate, NASA Headquarters. The meeting will be held for the purpose of soliciting, from the scientific community and other persons, scientific and technical information relevant to program planning.

DATES: Tuesday, November 12, 2019, 11:00 a.m.–2:00 p.m.; and Friday, November 15, 2019, 2:00 p.m.–4:00 p.m., Eastern Time.**FOR FURTHER INFORMATION CONTACT:** Ms. KarShelia Henderson, Science Mission Directorate, NASA Headquarters, Washington, DC 20546, (202) 358–2355, fax (202) 358–2779, or khenderson@nasa.gov.

SUPPLEMENTARY INFORMATION: The meeting will be available telephonically and by WebEx. You must use a touch-tone phone to participate in this meeting. Any interested person may dial the USA toll free conference call number 1–888–946–9423, passcode 4935973, to participate in this meeting by telephone on both days. The WebEx link is <https://nasaenterprise.webex.com/>; the meeting number on November 12 is 908 667 679, passcode is 2Tn4Svh?, and the meeting number on November 15 is 904 495 351, password is Kq2prmN\$. The agenda for the meeting includes the following topics:

- Earth Science and Applied Sciences Program Updates
- Private Sector and Applications
- Applications Guidebook
- Technical Content Strategy

The agenda will be posted on the Applied Sciences Advisory Committee web page: <https://science.nasa.gov/science-committee/subcommittees/nac-earth-science-subcommittee/advisory-groups>

It is imperative that the meeting be held on this date to accommodate the scheduling priorities of the key participants.

Patricia Rausch,*Advisory Committee Management Officer, National Aeronautics and Space Administration.*

BILLING CODE 7510–13–P**NATIONAL CREDIT UNION ADMINISTRATION****Agency Information Collection Activities: Proposed Collection; Comment Request; Supervisory Committee Audits and Verifications****AGENCY:** National Credit Union Administration (NCUA).**ACTION:** Notice and request for comment.

SUMMARY: The National Credit Union Administration (NCUA), as part of a continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to comment on the following extension of a currently approved collection, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments should be received on or before November 18, 2019 to be assured of consideration.

ADDRESSES: Send comments regarding the burden estimate, or any other aspect of this information collection, including suggestions for reducing the burden, to (1) Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for NCUA, New Executive Office Building, Room 10235, Washington, DC 20503, or email at OIRA_Submission@OMB.EOP.gov and (2) NCUA PRA Clearance Officer, 1775 Duke Street, Suite 5080, Alexandria, VA 22314, or email at PRAComments@ncua.gov.

FOR FURTHER INFORMATION CONTACT: Copies of the submission may be obtained by contacting Mackie Malaka at (703) 548–2704, emailing PRAComments@ncua.gov, or viewing the entire information collection request at www.reginfo.gov.

SUPPLEMENTARY INFORMATION:

OMB Number: 3133-0059.

Title: Supervisory Committee Audits and Verifications.

Type of Review: Revision of a currently approved collection.

Abstract: Title 12 CFR part 715 prescribes the responsibilities of the supervisory committee to obtain an audit of the credit union and verification of member accounts as outlined in Section 115 of the Federal Credit Union Act, 12 U.S.C. 1761d. A supervisory committee audit is required at least once every calendar year covering the period since the last audit and to conduct a verification of members' accounts not less frequently than once every two years. The information is used by both the credit union and the NCUA to ensure through audit testing that the credit union's assets, liabilities, equity, income, and expenses exist, are properly valued, controlled and meet ownership, disclosure and classification requirements of sound financial reporting. A written report on the audit must be made to the board of directors and, if requested, NCUA. Working papers must be maintained and made available to NCUA. Independence requirements must be met; standards governing verifications and the methods used to verify member's passbooks and accounts are set forth. Section 741.202 makes these requirements applicable to federally insured state-chartered credit unions.

Affected Public: Private Sector: Businesses or other for-profits.

Estimated No. of Respondents: 5,308.

Estimated Annual Frequency: 4.16.

Estimated Total Annual Responses: 22,086.

Estimated Average Hours: 0.57.

Estimated Total Annual Burden Hours: 12,549.

Reason for Change: Adjustments are due to the decline in the number of FICUs due to industry consolidation from mergers and liquidations; the time per response was reduced to remove the regulatory burden reported under the PRA to only reflect the information collection burden associated with a recordkeeping requirement, and capture a disclosure requirement not previously reported.

By Gerard Poliquin, Secretary of the Board, the National Credit Union Administration, on October 11, 2019.

Dated: October 11, 2019.

Mackie I. Malaka,

NCUA PRA Clearance Officer.

BILLING CODE 7535-01-P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Grantee Reporting Requirements for Prediction of and Resilience Against Extreme Events (PREEVENTS)

AGENCY: National Science Foundation.

ACTION: Notice.

SUMMARY: The National Science Foundation (NSF) is announcing plans to renew this collection. In accordance with the requirements of the Paperwork Reduction Act of 1995, we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting Office of Management and Budget (OMB) clearance of this collection for no longer than 3 years.

COMMENTS: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

DATES: Written comments on this notice must be received by December 16, 2019 to be assured consideration. Comments received after that date will be considered to the extent practicable. Send comments to address below.

FOR FURTHER INFORMATION CONTACT:

Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 2415 Eisenhower Avenue, Suite W18200, Alexandria, Virginia 22314; telephone (703) 292-7556; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1-800-877-8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including Federal holidays).

SUPPLEMENTARY INFORMATION:

Title of Collection: Grantee Reporting Requirements for Prediction of and Resilience against Extreme Events (PREEVENTS).

OMB Number: 3145-0244.

Expiration Date of Approval: January 31, 2020.

Type of Request: Intent to seek approval to renew an information collection.

Proposed Project: NSF and the Directorate for Geosciences (GEO) have long supported basic research in scientific and engineering disciplines necessary to understand natural hazards and extreme events. The Prediction of and Resilience against Extreme Events (PREEVENTS) program is one element of the NSF-wide Risk and Resilience activity, which has the overarching goal of improving predictability and risk assessment, and increasing resilience, in order to reduce the impact of extreme events on our life, society, and economy. PREEVENTS provides an additional mechanism to support research and related activities that will improve our understanding of the fundamental processes underlying natural hazards and extreme events in the geosciences.

PREEVENTS is intended to encourage new scientific directions in the domains of natural hazards and extreme events. PREEVENTS will consider proposals for conferences that will foster development of interdisciplinary or multidisciplinary communities required to address complex questions surrounding natural hazards and extreme events. Such proposals are called PREEVENTS Track 1 proposals.

In addition to standard NSF annual and final report requirements, PIs for all PREEVENTS Track 1 awards will be required to submit to NSF a public report that summarizes the conference activities, attendance, and outcomes; describes scientific and/or technical challenges that remain to be overcome in the areas discussed during the conference; and identifies specific next steps to advance knowledge in the areas of natural hazards and extreme events that were considered during the conference. These reports will be made publicly available via the NSF website, and are intended to foster nascent interdisciplinary or multidisciplinary communities and to enable growth of new scientific directions.

Use of the Information: NSF will use the information to understand and evaluate the outcomes of the conference, to foster growth of new scientific communities, and to evaluate the progress of the PREEVENTS program.

Estimate of Burden: 40 hours per award for 5-10 conference awards for a total of 200-400 hours.

Respondents: Universities and Colleges; Non-profit, non-academic organizations; For-profit organizations;
