Commerce intends to issue the final results of this administrative review, including the results of its analysis raised in any written briefs, not later than 120 days after the publication of these preliminary results in the **Federal Register**, unless otherwise extended.¹⁶

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: October 10, 2019.

SUPPLEMENTARY INFORMATION:

Background

On October 4, 2018, Commerce published in the **Federal Register** the notice of initiation of an administrative review of the antidumping duty order on nails from China¹ for the POR, August 1, 2017 through July 31, 2018.² Commerce initiated a review with respect to 213 companies.³ Pursuant to section 777A(c)(2)(A) of the Tariff Act of 1930, as amended (the Act), Commerce selected three mandatory respondents, The Stanley Works (Langfang) Fastening Systems Co., Ltd. and Stanley Black & Decker, Inc. (collectively, Stanley), Shanxi Pioneer Hardware Industrial Co., Ltd. (Pioneer), and Tianjin Universal Machinery Imp. & Exp. Corporation (Universal).⁴ On May 13, 2019, Commerce fully extended the deadline for issuing the preliminary results to October 10, 2019.⁵

Scope of the Order

The products covered by this review are certain steel nails from China. For a

full description of the scope, see the Preliminary Decision Memorandum, dated concurrently with and hereby adopted by this notice.⁶

Preliminary Determination of No Shipments

Based on the no-shipments letters filed by 11 companies, Commerce preliminarily determined that these companies had no shipments during the POR.⁷ For additional information regarding this determination, including a list of these companies, see the Preliminary Decision Memorandum. Consistent with our assessment practice in non-market economy (NME) administrative reviews, Commerce is not rescinding this review for these companies, but intends to complete the review and issue appropriate instructions to CBP based on the final results of the review.⁸

Separate Rates

Commerce preliminarily determined that information placed on the record by the three mandatory respondents, as well as by the 17 other separate rate applicants, demonstrates that these companies are entitled to separate rate status. See Preliminary Results of Review section below. For additional information, see the Preliminary Decision Memorandum.

China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.⁹ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not under review and the weighted-average dumping

⁷ Although Shanxi Yuci Broad Wire Products Co., Ltd. and Certified Products International Inc. each submitted a no shipments letter, they are not among the 213 companies initiated on in this review, and therefore are not subject to this review. Therefore, we only evaluated the no shipment claims of the thirteen companies that submitted no shipments letters and for which this review was initiated.

margin determined for the China-wide entity is not subject to change (*i.e.*, 118.04 percent) as a result of this review.¹⁰ Aside from the companies discussed above, Commerce considers all other companies for which a review was requested¹¹ to be part of the China-wide entity. For additional information, see the Preliminary Decision Memorandum; see also Appendix I for a list of companies considered as part of the China-wide entity.

Sample Rate Calculation

In the *Sampling Methodology Notice*, we stated that, in order to calculate a rate to assign the non-selected companies when using a sampling procedure, Commerce will calculate a “sample rate” based upon an average of the rates for the selected respondents, weighted by the import share of their corresponding strata.¹² The respondents selected for individual examination through the sampling process will receive their own rates; all companies in the sample population who were not

selected for individual examination will receive the sample rate.¹³ Accordingly, we have calculated the sample rate by averaging the rates for the three selected respondents, weighted by the import share of their corresponding strata.¹⁴ The non-selected companies entitled to a separate rate have been assigned the sample rate. For additional information and a discussion of the issues examined with regard to the calculation of the sample rate, see the Preliminary Decision Memorandum.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and 751(a)(2)(A) of the Act. Constructed export prices and export prices have been calculated in accordance with section 772 of the Act. Because China is an NME country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act.

For a full description of the methodology underlying our

conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov> and is available to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, limited to issues raised in the case and rebuttal briefs, must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, within 30 days after the date of publication of this notice. Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.¹⁶ Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For any individually examined respondent whose weighted average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales to the total entered value of those sales, in accordance with 19 CFR 351.212(b)(1). Where an importer-specific *ad valorem* rate is not zero or *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁷ Where either a respondent's weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate

appropriate entries without regard to antidumping duties.¹⁸

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except, if the rate is *de minimis*, then cash deposit rate will be zero); (2) for previously examined China and non-China exporters not listed above that at the time of entry are eligible for a separate rate based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all China exporters of subject merchandise that have not been found to be entitled to a separate rate at the time of entry, the cash deposit rate will be that for the China-wide entity (*i.e.*, 118.04 percent); and (4) for all non-China exporters of subject merchandise which at the time of entry are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the China exporter that supplied that non-China exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This preliminary determination is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act.
