

operation of the transmission system and of higher quality than Alternative B. Management of the transmission ROW under Alternative D is intended to result in a meadow-like condition similar to Alternative C. Notably however, this alternative would allow for the development of a compatible border zone which provides greater benefits for selective wildlife species relative to Alternative C in terms of habitat quality in the end-state. However, accomplishment of this end-state requires additional manpower and the inclusion of trained staff (botanists) with each crew who can direct the application of control methods to achieve the desired end-state.

Public Involvement

On January 23, 2017, a Notice of Intent (NOI) to prepare an EIS to address the management of vegetation on its transmission system was published in the **Federal Register**. The NOI initiated a public scoping period, which concluded on April 1, 2017.

In addition to the NOI in the **Federal Register**, TVA published information about the review and planning effort on TVA's project website, notified the media, and sent notices to numerous individuals, organizations, and intergovernmental partners with information about the review.

During scoping, TVA received fifteen comments related to use of herbicides and mechanical controls, and five comments regarding the use of border to border management. The remaining 33 comments identified issues to be addressed in the Programmatic EIS. These comments were considered and as a result, TVA added an additional alternative, Alternative D to be considered in the EIS.

The Draft PEIS was released to the public on August 8, 2018, and a notice of availability (NOA) including a request for comments on the Draft PEIS, was published in the **Federal Register** on August 17, 2018. Publication of the NOA in the **Federal Register** opened the 45-day comment period, which ended on October 1, 2018. To solicit public input, the availability of the Draft PEIS was announced in regional and local newspapers and a news release was issued to the media and posted to TVA's website and hard copies were made available by request.

TVA's agency involvement included circulation of the Draft PEIS to local, state, and federal agencies and federally recognized Indian tribes as part of the review. The NPS and the USFS served as cooperating agencies in this review.

During the public comment period on the Draft PEIS, TVA conducted seven

public meetings across the Valley. Notification of the public meetings was published in local newspapers and on TVA's project website.

TVA received 150 comment submissions from members of the public, organizations and state and federal agencies. Comment submissions were carefully reviewed and compiled into main topics which received general responses. More specific public comments, local group comments, and agency comments received individual responses. The most frequently mentioned topics included comments regarding keeping the "old" vegetation management policy, project purpose and need, private property concerns, project costs and use of herbicides. Additional comments regarding climate change, compatible vegetation, BMPs, and expressing preference for a particular alternative were also received. TVA provided responses to these comments, made appropriate minor revisions to the Draft EIS and issued this Final EIS.

The NOA for the Final EIS was published in the **Federal Register** on August 30, 2019.

Decision

TVA has decided to implement the preferred alternative, Alternative C, which would include implementing a process of vegetation community conversion within the full extent of the actively managed transmission ROW. This alternative is considered to provide the best balance in enhancing system reliability and safety, minimization of environmental impacts, and striving for cost effectiveness.

Mitigation Measures

Mitigation measures to avoid, minimize, or reduce adverse impacts to the environment are summarized below. Any additional project-specific mitigation measures, such as avoiding areas identified from desktop reviews as having a high probability of any sensitive resources, would be identified on a site-specific basis.

TVA has prepared comprehensive standard BMPs that represent mitigation measures that are effective in avoiding, minimizing, rectifying and compensating for effects of vegetation management activities. These BMPs are detailed in TVA's guide for environmental and best management practices. Topics addressed in this manual include the following:

- Best Management Practices for Construction and Maintenance Activities including Vegetation Management.

- Sensitive Resources and Buffer Zones.
- Structural Controls, Standards and Specifications.
- Seeding/Stabilization Techniques.
- Practices and procedures are provided that directly relate to the vegetation management activities including initial woody vegetation removal, good housekeeping, waste disposal, herbicide use, and stormwater discharge management.
- Integration of TVA's O-SAR process.

Any additional project-specific mitigation measures, such as avoiding areas identified from desktop reviews as having a high probability of any sensitive resources, would be identified on a site-specific basis.

Dated: October 3, 2019.

[Docket No. USTR-2019-0003]

Technical Adjustments to Section 301 Action: Enforcement of U.S. WTO Rights in Large Civil Aircraft Dispute

AGENCY: Office of the United States Trade Representative.

ACTION: Notice of technical adjustments.

SUMMARY: In a notice published on October 9, 2019 (October 9th Notice), the U.S. Trade Representative determined to take action in this 301 investigation in the form of additional duties on products of certain member States of the European Union, effective October 18, 2019. This Notice makes technical changes in order to implement the intended scope of the action, and to correct other errors.

DATES: The technical changes as set out in Annex A to this Notice are applicable with respect to products that are entered for consumption, or withdrawn from warehouse for consumption, on or after 12:01 a.m. eastern daylight time on October 18, 2019.

FOR FURTHER INFORMATION CONTACT: For questions about this notice, contact Assistant General Counsel Megan Grimball, (202) 395-5725. For questions on customs classification of products covered by this action, contact Traderemedycbp.dhs.gov.

SUPPLEMENTARY INFORMATION: For background on the proceedings in this

investigation, please see the prior notices issued in the investigation including 84 FR 15028 (April 12, 2019), 84 FR 32248 (July 5, 2019), and 84 FR 54245 (October 9, 2019).

In the October 9th notice (84 FR 54245), the U.S. Trade Representative announced his determination to impose additional duties on products of certain member States of the European Union, effective October 18, 2019. For certain products defined in Annex A of October 9th notice, the determination included a decision to impose additional duties on only a subset of products within specified subheadings of the Harmonized Tariff Schedule of the United States (HTSUS).

To address technical limitations in the administration of the additional duties on a portion of products of a covered subheading, Paragraph 1 of Annex A of this Notice creates additional Chapter 99 numbers to identify the portion of the subheadings *not* covered by the October 9 action. Paragraph 2 of Annex A makes conforming changes to account for the creation of the additional Chapter 99 numbers. Customs and Border Protection will issue instructions on entry guidance and implementation.

Paragraph 3 of Annex A to this Notice removes one subheading, which had been included due to a clerical error, from the list of subheadings in Annex A of the October 9th Notice.

Paragraph 4 of Annex A to this Notice corrects typographical errors in U.S. Note 21 (m) to subchapter III of Chapter 99, as set out in Annex A of the October 9th Notice.

Paragraph 5 of the Annex A to this Notice corrects the article of description for 9903.89.05 as set out in Annex A of the October 9th Notice.

Annex B contains the list of tariff subheadings, with unofficial descriptions, covered by the October 9th action as amended by this Notice.

Joseph Barloon,

General Counsel, Office of the U.S. Trade Representative.
