

that supplied that non-Chinese exporter. These suspension of liquidation instructions will remain in effect until further notice.

### International Trade Commission Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of our final affirmative determination of sales at LTFV. Because the final determination in this proceeding is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of subject merchandise from China no later than 45 days after our final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all securities posted will be refunded or canceled. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

### Notification Regarding Administrative Protective Order

This notice will serve as a reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

### Notification to Interested Parties

This determination is issued and published in accordance with sections 735(d) and 777(i)(1) of the Act and 19 CFR 351.210(c).

Dated: October 17, 2019.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

### Appendix I

#### Scope of the Investigation

The merchandise covered by this investigation are kegs, vessels, or containers with bodies that are approximately cylindrical in shape, made from stainless steel (*i.e.*, steel containing at least 10.5

percent chromium by weight and less than 1.2 percent carbon by weight, with or without other elements), and that are compatible with a “D Sankey” extractor (refillable stainless steel kegs) with a nominal liquid volume capacity of 10 liters or more, regardless of the type of finish, gauge, thickness, or grade of stainless steel, and whether or not covered by or encased in other materials. Refillable stainless steel kegs may be imported assembled or unassembled, with or without all components (including spears, couplers or taps, necks, collars, and valves), and be filled or unfilled.

“Unassembled” or “unfinished” refillable stainless steel kegs include drawn stainless steel cylinders that have been welded to form the body of the keg and attached to an upper (top) chime and/or lower (bottom) chime. Unassembled refillable stainless steel kegs may or may not be welded to a neck, may or may not have a valve assembly attached, and may be otherwise complete except for testing, certification, and/or marking.

Subject merchandise also includes refillable stainless steel kegs that have been further processed in a third country, including but not limited to, attachment of necks, collars, spears or valves, heat treatment, pickling, passivation, painting, testing, certification or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope refillable stainless steel keg.

Specifically excluded are the following:

- (1) Vessels or containers that are not approximately cylindrical in nature (*e.g.*, box, “hopper” or “cone” shaped vessels);
- (2) stainless steel kegs, vessels, or containers that have either a “ball lock” valve system or a “pin lock” valve system (commonly known as “Cornelius,” “corny” or “ball lock” kegs);
- (3) necks, spears, couplers or taps, collars, and valves that are not imported with the subject merchandise; and
- (4) stainless steel kegs that are filled with beer, wine, or other liquid and that are designated by the Commissioner of Customs as Instruments of International Traffic within the meaning of section 332(a) of the *Tariff Act of 1930*, as amended.

The merchandise covered by this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7310.10.0010, 7310.10.0050, 7310.29.0025, and 7310.29.0050.

These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.

#### Certain Amorphous Silica Fabric From the People’s Republic of China: Rescission of Countervailing Duty Administrative Review; 2018

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The Department of Commerce (Commerce) is rescinding the administrative review of the countervailing duty (CVD) order on certain amorphous silica fabric (silica fabric) from the People’s Republic of China (China) for the period January 1, 2018, through December 31, 2018, based on timely withdrawal of the request for review.

**DATES:** Applicable October 24, 2019.

#### FOR FURTHER INFORMATION CONTACT:

Tyler Weinhold, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–1121.

#### SUPPLEMENTARY INFORMATION:

#### Background

On March 5, 2019, Commerce published a notice of opportunity to request an administrative review of the CVD order on silica fabric from China for the period January 1, 2018, through

December 31, 2018.<sup>1</sup> On April 1, 2019, Commerce received a timely request, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), from Auburn Manufacturing, Inc. (the petitioner), to conduct an administrative review of this CVD order with respect to 81 companies.<sup>2</sup> Based upon this request, on May 29, 2019, in accordance with section 751(a) of the Act, Commerce published in the **Federal Register** a notice of initiation of administrative review for this CVD order.<sup>3</sup> On June 3, 2019, the petitioner submitted a letter correcting the spelling of certain companies in its review request.<sup>4</sup> Based upon this clarification, on July 15, 2019, Commerce published in the **Federal Register** a notice of initiation of administrative review including the corrected names of the affected companies.<sup>5</sup> On July 8, 2019 the petitioner timely withdrew its request for an administrative review for each of the 81 companies.<sup>6</sup>

#### Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, the petitioner timely withdrew its request for review by the 90-day deadline. No other party requested an administrative review. Accordingly, we are rescinding the administrative review of the CVD order on silica fabric from China covering the period January 1, 2018, to December 31, 2018, in its entirety.

#### Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess CVDs on all appropriate entries at a rate

equal to the cash deposit of estimated CVDs required at the time of entry, or withdrawal from warehouse, for consumption, during the period January 1, 2018, to December 31, 2018, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice in the **Federal Register**.

#### Notification to Importers

This notice serves as the only reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the presumption that reimbursement of the countervailing duties occurred and the subsequent assessment of doubled countervailing duties.

#### Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751 of the Act and 19 CFR 351.213(d)(4).

Dated: October 17, 2019.

#### Takes of Marine Mammals Incidental to Specified Activities; Taking Marine Mammals Incidental to Port of Kalama Expansion Project on the Lower Columbia River

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and

Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice; reissuance of incidental harassment authorization.

**SUMMARY:** NMFS has received a request from the Port of Kalama (POK) for the re-issuance of a previously issued incidental harassment authorization (IHA) with the only change being effective dates that are one year later (October 19, 2019—October 18, 2020). The initial IHA authorized take of three species of marine mammals, by Level A and Level B harassment, incidental to construction activities associated with an expansion project at the POK on the Lower Columbia River, Washington. The project has been delayed and none of the work covered in the initial IHA (effective October 18, 2018—October 18, 2019) has been conducted. The scope of the activities and anticipated effects remain the same, authorized take numbers would not change, and the required mitigation, monitoring, and reporting would remain the same as authorized in the 2018 IHA referenced above. NMFS is, therefore, issuing a second IHA to cover the identical incidental take analyzed and authorized in the initial IHA.

**DATES:** This authorization is effective from October 19, 2019 through October 18, 2020.

**ADDRESSES:** An electronic copy of the final 2018 IHA previously issued to POK, POK's application, and the **Federal Register** notices proposing and issuing the 2018 IHA may be obtained by visiting <https://www.fisheries.noaa.gov/national/marine-mammal-protection/incidental-take-authorizations-construction-activities>. #### SUPPLEMENTARY INFORMATION:

#### Background

Sections 101(a)(5)(A) and (D) of the Marine Mammal Protection Act (MMPA; 16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (as delegated to NMFS) to allow, upon request, the incidental, but not intentional, taking of small numbers of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) within a specified geographical region if certain findings are made and either regulations are issued or, if the taking is limited to harassment, a notice of a
