Specifically excluded are the following:

(1) Vessels or containers that are not approximately cylindrical in nature (e.g., box, “hopper” or “cone” shaped vessels);

(2) stainless steel kegs, vessels, or containers that have either a “ball lock” valve system or a “pin lock” valve system (commonly known as “Cornelius,” “corny” or “ball lock” kegs);

(3) necks, spears, couplers or taps, collars, and valves that are not imported with the subject merchandise; and

(4) stainless steel kegs that are filled with beer, wine, or other liquid and that are designated by the Commissioner of Customs as Instruments of International Traffic within the meaning of section 332(a) of the *Tariff Act of 1930*, as amended.

The merchandise covered by this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7310.10.0010, 7310.10.0050, 7310.29.0025, and 7310.29.0050.

These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.

Refillable Stainless Steel Kegs From Germany: Final Affirmative Determination of Sales at Less Than Fair Value

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that refillable stainless steel kegs (kegs) from the Federal Republic of Germany (Germany) are being, or are likely to be, sold in the United States at less than fair value (LTFV). The period of investigation (POI) is July 1, 2017 through June 30, 2018. The final estimated dumping margins of sales at LTFV are shown in the “Final Determination” section of this notice.

DATES: Applicable October 24, 2019.

FOR FURTHER INFORMATION CONTACT: Micahel Romani, AD/CVD Operations, Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0198.

SUPPLEMENTARY INFORMATION:

Background

On June 4, 2019, Commerce published the *Preliminary Determination* of this LTFV investigation in which Commerce found that kegs from Germany were sold at LTFV.¹ A complete summary of the events that occurred since Commerce published the *Preliminary Determination*, as well as a full discussion of the issues raised by parties for this final determination, may be found in the Issues and Decision Memorandum.² The Issues and Decision Memorandum is a public document and is available electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty

Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>, and is available to all parties in the Central Records Unit, Room B–8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic version are identical in content.

Scope of the Investigation

The products covered by this investigation are refillable stainless steel kegs from Germany. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

On March 29, 2019, we issued a Preliminary Scope Decision Memorandum.³ The scope case briefs were due on May 6, 2019, 30 days after the publication of *Kegs from China Preliminary CVD Determination*.⁴ We did not receive scope briefs from interested parties. Therefore, Commerce has made no changes to the scope of this investigation since the *Preliminary Determination*.

Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), Commerce verified the sales and cost data reported by Blefa GmbH (Blefa) for use in our final determination. We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by the respondent.

Analysis of Comments Received

All issues raised in the case briefs and rebuttal briefs submitted by interested

³ See Memorandum, “Refillable Stainless Steel Kegs from the People’s Republic of China, Germany, and Mexico: Scope Comments Decision Memorandum for the Preliminary Determinations,” dated March 29, 2019 (Preliminary Scope Decision Memorandum).

⁴ The scope case briefs were due 30 days after the publication of *Refillable Stainless Steel Kegs from the People’s Republic of China: Preliminary Affirmative Countervailing Duty Determination and Alignment of Final Determination With Final Antidumping Duty Determination*, 84 FR 13634 (April 5, 2019) (*Kegs from China Preliminary CVD Determination*). See the Preliminary Scope Decision Memorandum at 5. Because the deadline fell on Sunday, May 5, 2019, the actual deadline for the scope case briefs was Monday, May 6, 2019. See 19 CFR 351.303(b)(1) (“For both electronically filed and manually filed documents, if the applicable due date falls on a non-business day, the Secretary will accept documents that are filed on the next business day.”). The deadline for scope rebuttal briefs was Monday, May 13, 2019.

parties in this proceeding are discussed in the Issues and Decision Memorandum. A list of the issues raised by parties and responded to by Commerce in the Issues and Decision Memorandum is attached at Appendix II.

Changes Since the Preliminary Determination

Based on our analysis of the comments received and our findings at verification, we made certain changes to the margin calculations for Blefa since the *Preliminary Determination*. For a discussion of these changes, see the Issues and Decision Memorandum.

All-Others Rate

Section 735(c)(5)(A) of the Act provides that the estimated weighted-average dumping margin for all-other producers and exporters not individually investigated shall be equal to the weighted average of the estimated weighted-average dumping margins established for individually investigated exporters and producers, excluding any margins that are zero or *de minimis* or any margins determined entirely under section 776 of the Act. Blefa is the only respondent for which Commerce calculated an estimated weighted-average dumping margin that is not zero, *de minimis*, or based entirely on facts otherwise available. Therefore, for purposes of determining the all-others rate, and pursuant to section 735(c)(5)(A) of the Act, we are using the estimated weighted-average dumping margin calculated for Blefa, as referenced in the “Final Determination” section below.

Final Determination

Commerce determines that the following estimated weighted-average dumping margins exist for the period July 1, 2017 through June 30, 2018:

Producer/exporter	Weighted-average dumping margin (percent)
Blefa GmbH	7.47
All Others	7.47

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct U.S. Customs and Border Protection (CBP) to continue the suspension of liquidation of all appropriate entries of kegs from Germany, as described in Appendix I to this notice, which were entered, or withdrawn from warehouse, for consumption on or after June 4,

2019, the date of publication of the *Preliminary Determination* of this investigation in the **Federal Register**.

Pursuant to section 735(c)(1) of the Act and 19 CFR 351.210(d), Commerce will instruct CBP to require cash deposits equal to the weighted-average dumping margins indicated in the table above as follows: (1) The cash deposit rate for Blefa will be equal to the estimated weighted-average dumping margin determined in this final determination; (2) if the exporter is not a respondent identified above, but the producer is, then the cash deposit rate will be equal to the company-specific estimated weighted-average dumping margin established for that producer of the subject merchandise; and (3) the cash deposit rate for all other producers and exporters will be 7.47 percent, the all-others estimated weighted-average dumping margin. These suspension of liquidation and cash deposit instructions will remain in effect until further notice.

Disclosure

We will disclose the calculations performed within five days of public announcement of this notice in accordance with 19 CFR 351.224(b).

International Trade Commission Notification

In accordance with section 735(d) of the Act, Commerce will notify the International Trade Commission (ITC) of its final determination. Because the final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports of kegs from Germany no later than 45 days after our final determination. If the ITC determines that material injury or threat of material injury does not exist, the proceeding will be terminated and all cash deposits will be refunded. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation.

Notification Regarding Administrative Protective Orders

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information

disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a violation subject to sanction.

Notification to Interested Parties

This determination and this notice are issued and published pursuant to sections 735(d) and 777(i)(1) of the Act and 19 CFR 352.210(c).

Dated: October 17, 2019.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigation

The merchandise covered by this investigation are kegs, vessels, or containers with bodies that are approximately cylindrical in shape, made from stainless steel (*i.e.*, steel containing at least 10.5 percent chromium by weight and less than 1.2 percent carbon by weight, with or without other elements), and that are compatible with a “D Sankey” extractor (refillable stainless steel kegs) with a nominal liquid volume capacity of 10 liters or more, regardless of the type of finish, gauge, thickness, or grade of stainless steel, and whether or not covered by or encased in other materials. Refillable stainless steel kegs may be imported assembled or unassembled, with or without all components (including spears, couplers or taps, necks, collars, and valves), and be filled or unfilled.

“Unassembled” or “unfinished” refillable stainless steel kegs include drawn stainless steel cylinders that have been welded to form the body of the keg and attached to an upper (top) chime and/or lower (bottom) chime. Unassembled refillable stainless steel kegs may or may not be welded to a neck, may or may not have a valve assembly attached, and may be otherwise complete except for testing, certification, and/or marking.

Subject merchandise also includes refillable stainless steel kegs that have been further processed in a third country, including but not limited to, attachment of necks, collars, spears or valves, heat treatment, pickling, passivation, painting, testing, certification or any other processing that would not otherwise remove the merchandise from the scope of the investigation if performed in the country of manufacture of the in-scope refillable stainless steel keg.

Specifically excluded are the following:

- (1) vessels or containers that are not approximately cylindrical in nature (*e.g.*, box, “hopper” or “cone” shaped vessels);
- (2) stainless steel kegs, vessels, or containers that have either a “ball lock” valve system or a “pin lock” valve system (commonly known as “Cornelius,” “corny” or “ball lock” kegs);
- (3) necks, spears, couplers or taps, collars, and valves that are not imported with the subject merchandise; and

(4) stainless steel kegs that are filled with beer, wine, or other liquid and that are designated by the Commissioner of Customs as Instruments of International Traffic within the meaning of section 332(a) of the *Tariff Act of 1930*, as amended.

The merchandise covered by this investigation are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7310.10.0010, 7310.10.0050, 7310.29.0025, and 7310.29.0050.

These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of this investigation is dispositive.

Refillable Stainless Steel Kegs From the People's Republic of China: Final Affirmative Determination of Sales at Less Than Fair Value and Final Affirmative Determination of Critical Circumstances, in Part

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of refillable stainless steel kegs (kegs) from the People's Republic of China (China) are being, or are likely to be, sold in the United States at less than fair value (LTFV). In addition, Commerce determines that critical circumstances exist with respect to certain imports of

the subject merchandise. The period of investigation (POI) is January 1, 2018 through June 30, 2018. The final estimated weighted-average dumping margins are listed below in the "Final Determination" section of this notice.

DATES: Applicable October 24, 2019.

SUPPLEMENTARY INFORMATION:

Background

Commerce published the *Preliminary Determination* in the LTFV investigation of kegs from China on June 4, 2019.¹ For a complete description of the events that followed the *Preliminary Determination*, see the Issues and Decision Memorandum.²

Period of Investigation

The period of investigation is January 1, 2018 through June 30, 2018.

Scope of the Investigation

The product covered by this investigation is kegs from China. For a full description of the scope of this investigation, see the "Scope of the Investigation" in Appendix I of this notice.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of issues raised is attached to this notice at Appendix II. Verification

As provided in section 782(i) of the Tariff Act of 1930, as amended (the Act), we verified the U.S. sales and factors of production information submitted by Ningbo Master International Trade Co., Ltd. (Ningbo Master) in July 2019.³ We used standard verification procedures, including an examination of relevant accounting and production records, and original source documents provided by Ningbo Master.

China-Wide Entity and Use of Adverse Facts Available

We continue to find that the use of facts available is warranted in determining the rate for the China-wide entity pursuant to sections 776(a)(1) and (a)(2)(A)–(C) of the Act.⁴ Further, we found that the China-wide entity did not cooperate to the best of its ability to comply with our requests for information and, accordingly, we determined it appropriate to apply adverse inferences in selecting from the facts available, pursuant to section 776(b) of the Act and 19 CFR 351.308(c).

Changes From the Preliminary Determination

Based on our analysis of the comments received and our findings at verification, we made certain changes to our dumping margin calculation for Ningbo Master and revised the margins for non-selected respondents and the China-wide entity to reflect the revised margins for Ningbo Master.⁵
