DEPARTMENT OF LABOR

Occupational Safety and Health Administration

Agency Information Collection Activities: Announcement of the Office of Management and Budget (OMB) Control Numbers Under the Paperwork Reduction Act

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice; announcement of the Office of Management and Budget's (OMB) approval of information collection requirements.

SUMMARY: Comporting with Executive Order 13563, "Improving Regulations and Regulatory Review," and consistent with Executive Order 13777, "Enforcing the Regulatory Reform Agenda," OSHA removed or revised outdated, duplicative, unnecessary, and inconsistent requirements in safety and health standards. Standards Improvement Project—Phase IV (SIP-IV) was published May 14, 2019 (84 FR 21416, Docket Number OSHA-2012-0007). This final rule reduces regulatory burden while maintaining or enhancing worker safety and health, and improving privacy protections.

The Occupational Safety and Health Administration announces an OMB extension of approval for a number of information collection requirements found in the final rule. OSHA sought approval of these requirements under the Paperwork Reduction Act of 1995 (PRA), and, as required by that Act, is announcing the approval numbers and expiration dates for these requirements.

DATES: This notice is effective October 25, 2019.

FOR FURTHER INFORMATION CONTACT:

Seleda Perryman or Theda Kenney, Directorate of Standards and Guidance, OSHA, U.S. Department of Labor, telephone (202) 693-2222.

SUPPLEMENTARY INFORMATION: The purposes of the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.*, include enhancing the quality and utility of information the Federal government requires and minimizing the paperwork and reporting burden on affected entities. The public is not required to respond to a collection of information unless it displays a currently valid OMB control number (44 U.S.C. 3507). Also, notwithstanding any other provisions of law, no person shall be subject to penalty for failing to comply with a collection of information if there is not a current valid OMB control number (44 U.S.C. 3512).

The Department submitted a series of Information Collection Requests (ICRs) to revise the collections in accordance with the SIP-IV Final Rule, as required by the PRA. See 44 U.S.C. 3507(d). Some of the revisions resulted in changes to the existing burden hour and/or cost estimates. Other revisions

were less significant and did not change the ICR burden hour and cost estimates.

SIP-IV modified twenty-five Information Collections currently approved by the Office of Management and Budget (OMB) under the PRA. They are listed in the table along with the OMB Control Number and their current

expiration date. In accordance with 5 CFR 1320.5(b), an agency cannot conduct, sponsor, or require a response to a collection of information unless the collection displays a valid OMB control number and the agency informs respondents that they need not respond to the collection of information.
