SUPPLEMENTARY INFORMATION:

Background

On October 7, 2019, based on a timely request for review of four companies by United States Steel Corporation (the petitioner),¹ Commerce published in the Federal Register a notice of initiation of an administrative review of the antidumping duty order on small diameter seamless pipe from Romania covering the period August 1, 2018, through July 31, 2019.²

On October 15, 2019, the petitioner withdrew its request for administrative review of SC TMK-Artrom S.A. (TMK-Artrom)³ and SC Tubinox S.A. (Tubinox).⁴ No other interested parties requested an administrative review.

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review.

Because the petitioner’s request for administrative review of TMK-Artrom and Tubinox was withdrawn within 90 days of the date of publication of the Initiation Notice, and no other interested party requested a review of these companies, Commerce is rescinding this review with respect to TMK-Artrom and Tubinox, in accordance with 19 CFR 351.213(d)(1). The administrative review remains active with respect to the two remaining companies for which a review was initiated, i.e., ArcelorMittal Tubular Products Roman S.A. and Silcotub S.A.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries at a rate equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, during the period August 1, 2018, through July 31, 2019, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the Federal Register, if appropriate.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of the antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

James Maeder,
Deputy Assistant Secretary, for Antidumping and Countervailing Duty Operations.

³ The partial withdrawal of request for administration review listed this company as SC TMK-Artrom S.A. However, the correct spelling of the company name for which a review was initiated is SC TMK-Artrom S.A.

Certain Malleable Cast Iron Pipe Fittings From the People’s Republic of China: Final Results of Expedited Third Sunset Review of the Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: As a result of this sunset review, the Department of Commerce (Commerce) finds that revocation of the antidumping duty (AD) order on certain malleable cast iron pipe fittings from the People’s Republic of China (China) would be likely to lead to continuation or recurrence of dumping at the

“Final Results of Review” section of this notice.

DATES: Applicable November 1, 2019.

SUPPLEMENTAL INFORMATION:

Background

On July 1, 2019, Commerce published the notice of initiation of the third sunset review of the Order on malleable pipe fittings from China, pursuant to section 751(c)(2) of the Tariff Act of 1930, as amended (the Act). On July 9, 2019, Commerce received a notice of intent to participate from the domestic interested parties within the deadline specified in 19 CFR 351.218(d)(1)(i). On July 31, 2019, Commerce received complete substantive responses from the domestic interested parties within the 30-day deadline specified in 19 CFR 351.218(d)(3)(i). We did not receive any responses from respondent interested parties in this proceeding. As a result, pursuant to 19 CFR 351.218(e)(1)(i)(C)(2), Commerce conducted an expedited (120-day) sunset review of the Order.

Scope of the Order

The products covered by the Order are certain malleable iron pipe fittings, cast, other than grooved fittings, from the People’s Republic of China. The merchandise is currently classifiable under item numbers 7307.19.30.60, 7307.19.30.85, 7307.19.90.30, 7307.19.90.80, and 7326.90.86.88 of the Harmonized Tariff Schedule of the United States (HTSUS). Excluded from the scope of this order are metal compression couplings, which are imported under HTSUS number 7307.19.90.80. A metal compression coupling consists of a coupling body, two gaskets, and two compression nuts. These products range in diameter from ¼ inch to 2 inches and are carried only in galvanized finish. Although HTSUS subheadings are provided for convenience and customs purposes, Commerce’s written description of the scope of the order is dispositive.

Analysis of Comments Received

Commerce addressed all issues raised in this sunset review in the Issues and Decision Memorandum, which is hereby adopted by this notice. A list of the issues discussed in the Issues and Decision Memorandum is attached at Appendix. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov and to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed at http://enforcement.trade.gov/frn/. The signed Issues and Decision Memorandum and the electronic version of the Issues and Decision Memorandum are identical in content.

Final Results of Review

Pursuant to sections 751(c)(1) and 752(c)(1) and (3) of the Act, Commerce determines that revocation of the Order would be likely to lead to continuation or recurrence of dumping, and that the magnitude of the dumping margins likely to prevail would be weighted-average dumping margins up to 111.36 percent.

Notification Regarding Administrative Protective Order

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these results and notice in accordance with sections 751(c), 752, and 777(i)(1) of the Act and 19 CFR 351.218.

See Initiation of Five-Year (Sunset) Reviews, 84 FR 31304 (July 1, 2019).
