Background: On October 5, 2018, Congress enacted Public Law 115-254, the FAA Reauthorization Act of 2018 ("the Act"). Section 335(b) contains the required contents of the FRMP, including a rest scheme consistent with current flight time and duty period limitations and development and use of methodology to continually assess the effectiveness of the ability of the plan to improve alertness and mitigate performance errors. Section 335(b) requires that each certificate holder operating under 14 CFR part 121 shall update its FRMP every two years and submit the update to the FAA for review and acceptance. Further, section 335(b) of the Act requires each certificate holder operating under 14 CFR part 121 to comply with its FRMP that is accepted by the FAA.

Estimated Average Burden per Response: 20 hours for air carriers submitting the initial plan for review and acceptance and 5 hours for air carriers submitting an updated plan.

Estimated Total Annual Burden: 20 hours per air carrier submitting the initial plan for review and acceptance, 5 hours every two years for update and resubmission of the plan.
