exist with respect to imports of collated staples from China shipped by Best Nail, Xin Group, Ningbo Doli, and all other producers and exporters.

**Final Critical Circumstances Determinations**

We will issue our final determinations concerning critical circumstances when we issue our final CVD and AD determinations. All interested parties will have the opportunity to address these determinations in case briefs to be submitted after the issuance of the preliminary CVD and AD determinations. Commerce will specify the applicable deadlines at a later date.

**ITC Notification**

In accordance with sections 703(f) and 733(f) of the Act, we will notify the ITC of these preliminary determinations of critical circumstances.

**Suspension of Liquidation**

In accordance with section 703(e)(2) of the Act, because we have preliminarily found that critical circumstances exist with regard to imports from all producers and exporters of collated staples from China, if we make an affirmative preliminary determination that countervailable subsidies have been provided to these same producers/exporters at above de minimis rates, we will instruct U.S. Customs and Border Protection (CBP) to suspend liquidation of all entries of subject merchandise from these producers/exporters that are entered, or withdrawn from warehouse, for consumption on or after the date that is 90 days prior to the effective date of provisional measures (e.g., the date of publication in the Federal Register of the notice of an affirmative preliminary determination of sales at LTFV at above de minimis rates). At such time, we will also instruct CBP to require a cash deposit equal to the estimated preliminary dumping margins reflected in the preliminary determination published in the Federal Register. The suspension of liquidation will remain in effect until further notice.

**Notification to Interested Parties**

These determinations are issued and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.206(c)(2).

**Dated:** October 24, 2019.
