[Project No. 2837-033]

Notice of Availability of Environmental Assessment: Erie Boulevard Hydropower, LP

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for license for the Granby Hydroelectric Project, located on the Oswego River, in the town of Fulton, in Oswego County, New York, and has prepared an Environmental Assessment (EA) for the project. The project occupies no federal land.

The EA contains Commission staff's analysis of the potential environmental effects of the project. The EA concludes that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.
