BILLING CODE 4410-09-P

DEPARTMENT OF JUSTICE

[OMB Number: 1103-0117]

Agency Information Collection Activities; Proposed eCollection; eComments Requested; Extension of a Currently Approved Collection; Departmental Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery

AGENCY: All components, Department of Justice.

ACTION: 30-Day notice.

SUMMARY: As part of a Federal Government-wide effort to streamline the process to seek feedback from the public on service delivery, Department of Justice will be submitting a Generic Information Collection Request (Generic ICR): “Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery” to OMB for approval under the Paperwork Reduction Act (PRA).

DATES: The purpose of this notice is to allow 30 days for public comment until December 12, 2019.

FOR FURTHER INFORMATION CONTACT: If you have additional comments especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact Melody Braswell, Department Clearance Officer, melody.braswell2@usdoj.gov; or the DOJ Clearance Officer at 202-307-0890.

SUPPLEMENTARY INFORMATION: Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Overview of This Collection:

Title: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery.

Abstract: The information collection activity will garner qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with the Administration’s commitment to improving service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Feedback collected under this generic clearance will provide useful information, but it will not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable

results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: The target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results.

Below we provide the Department of Justice’s projected average estimates for the next three years:

Current Action: Extension.

Type of Review: Extension of a currently approved collection.

Affected Public: Individuals and Households, Businesses and Organizations, State, Local or Tribal Government.

Average Expected Annual Number of Activities: 42.

Average Number of Respondents per Activity: 51,500.

Annual Responses: 309,000.

Frequency of Response: Once per request.

Average Minutes per Response: 30 min.

Burden Hours: 99,847.

Federal Government Cost: \$176,925.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid Office of Management and Budget control number.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405B, Washington, DC 20530.

Dated: November 5, 2019.

Melody D. Braswell,

Department Clearance Officer for PRA, U.S. Department of Justice.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of

information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the FBI, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Evaluate whether and if so how the quality, utility, and clarity of the information to be collected can be enhanced; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of This Information Collection

1. *Type of Information Collection:* New Collection.
2. *The Title of the Form/Collection:* FBI Special Agent Application Process Review Form.
3. *The agency form number, if any, and the applicable component of the Department sponsoring the collection:* “There is no agency form number for this collection”. The applicable component within the Department of Justice is the FBI.
4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Individuals; Anyone who has filled out any part of the FBI Special Agent Application in the previous three years will be asked to complete a brief voluntary survey recalling their experience and preparation tactics for the application process. This information is being collected by the Federal Bureau of Investigation for the purpose of improving the ease of the application process, eliminating any systematic barriers to success for applicants, and better understanding how to recruit and retain qualified applicants.
5. *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* We estimate roughly 40,000 individuals have applied to the Special Agent position at the FBI in the previous 3 years, we will solicit this entire population to participate in the voluntary survey though it is unlikely all 40,000 WILL respond. The survey

will take approximately 10 minutes to complete.

6. *An estimate of the total public burden (in hours) associated with the collection:* 6,667 total hours of public burden, 10 minutes per survey for 40,000 respondents.

If additional information is required contact: Melody Braswell, Department Clearance Officer, United States Department of Justice, Justice Management Division, Policy and Planning Staff, Two Constitution Square, 145 N Street NE, 3E.405A, Washington, DC 20530.

Dated: August 14, 2019

BILLING CODE P

DEPARTMENT OF JUSTICE

Notice of Lodging of Proposed Amended Consent Decree Under the Comprehensive Environmental Response, Compensation, and Liability Act

On October 31, 2019, the Department of Justice lodged a proposed Amended Consent Decree with the United States District Court for the District of Minnesota in the lawsuit entitled *United States, et al. v. Reilly Tar & Chem. Corp., et al.*, Civil Action No. 4:80–cv–469.

On September 4, 1986, the Court had previously entered a Consent Decree in this action resolving claims brought by Plaintiffs the United States of America and the State of Minnesota against Reilly Tar & Chemical Corporation, Housing and Redevelopment of St. Louis Park, Oak Park Village Associates, Rustic Oaks Condominium Inc., and Phillip’s Investment Co. (collectively, the “Defendants”), and the consolidated actions brought by the City of St. Louis Park and the City of Hopkins against Reilly Tar & Chemical Corporation. Those actions were brought under Sections 106 and 107 of the Comprehensive Environmental Response, Compensation, and Liability Act (“CERCLA”), 42 U.S.C. 9606–07, seeking injunctive relief regarding the cleanup of the Reilly Tar & Chemical Corporation (St. Louis Park Plant) Superfund Site in St. Louis Park, Minnesota (the “Site”) and recovery of certain response costs incurred in connection with releases and threatened releases of hazardous substances at and from the Site.

The proposed Amended Consent Decree addresses issues raised by the

bankruptcy liquidation of Reilly Tar’s successor in liability, updated state and federal Performance Standards for various contaminants of concern, as well as an evolved understanding of the conceptual site model. The proposed Amended Consent Decree reflects a cooperative approach among the remaining parties to address these issues. The City of St. Louis Park will formally undertake the obligation to finance and perform the remaining work addressing contaminated groundwater, obligations previously undertaken by the City of St. Louis Park pursuant to a side-agreement with Reilly Tar, and the Remedial Action Plan has been updated to incorporate current Maximum Contaminant Levels and state limits for the contaminants of concern.

The publication of this notice opens a period for public comment on the proposed Amended Consent Decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, and should refer to *United States, et al. v. Reilly Tar & Chem. Corp., et al.*, D.J. Ref. No. 90–7–1–21/2. All comments must be submitted no later than thirty (30) days after the publication date of this notice. Comments may be submitted either by email or by mail:

To submit comments:	Send them to:
By email	<i>pubcomment-ees.enrd@usdoj.gov.</i>
By mail	Assistant Attorney General, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

During the public comment period, the Amended Consent Decree may be examined and downloaded at this Justice Department website: <https://www.justice.gov/enrd/consent-decrees>.

We will provide a paper copy of the Amended Consent Decree upon written request and payment of reproduction costs. Please mail your request and payment to: Consent Decree Library, U.S. DOJ—ENRD, P.O. Box 7611, Washington, DC 20044–7611.

Please enclose a check or money order for \$29.50 (25 cents per page reproduction cost) payable to the United States Treasury. For a paper copy without the exhibits and signature pages, the cost is \$10.75.

Randall M. Stone,
*Acting Assistant Section Chief,
 Environmental Enforcement Section,
 Environment and Natural Resources Division.*
