[Project Nos. 2386–004; 2387–003; 2388–004]

City of Holyoke Gas and Electric Department; Notice of Availability of Environmental Assessment

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission’s (Commission) regulations, 18 CFR part 380, the Office of Energy Projects has reviewed the application for licenses for the Holyoke Number 1, Holyoke Number 2, and Holyoke Number 3 Hydroelectric Projects, located on the Holyoke Canal System in the City of Holyoke, Hampden County, Massachusetts, and has prepared an Environmental Assessment (EA) for the projects.

The EA contains the staff’s analysis of the potential environmental impacts of the projects and concludes that licensing the projects would not constitute a major federal action that would significantly affect the quality of the human environment.

A copy of the EA is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s website at <http://www.ferc.gov> using the eLibrary link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov, (866) 208–3676 (toll free), or (202) 502–8659 (TTY).

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

Any comments should be filed within 30 days from the date of this notice.

The Commission strongly encourages electronic filing. Please file comments using the Commission’s eFiling system at <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support. In lieu of electronic filing, please send a paper copy to: Secretary, Federal Energy Regulatory Commission, 888 First Street

NE, Washington, DC 20426. The first page of any filing should include the relevant docket number(s): P–2386–004, P–2387–003, and/or P–2388–004.

For further information, contact Kyle Olcott at (202) 502–8963.

Dated: November 6, 2019.

Kimberly D. Bose,
Secretary.

[Docket Nos. IC19–32–000, IC19–33–000, and IC19–40–000]

Commission Information Collection Activities; Requests for Emergency Extensions for FERC–725M, FERC–516A, and FERC–539

AGENCY: Federal Energy Regulatory Commission, DOE.

ACTION: Notice of requests for emergency extensions.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995 (PRA), the Federal Energy Regulatory Commission (Commission or FERC) has solicited public comments on three information collections: FERC–725M (Mandatory Reliability Standard: FAC–003–4, Vegetation Management), FERC–516A (Standardization of Small Generator Interconnection Agreements and Procedures), and FERC–539 (Gas Pipeline Certificates: Import and Export Related Applications). FERC submitted requests to the Office of Management and Budget (OMB) for short-term emergency extensions for the three information collections to ensure they remain active while FERC completes the pending PRA renewal processes. No changes are being made to the reporting and recordkeeping requirements.

FOR FURTHER INFORMATION CONTACT: Ellen Brown may be reached by email at DataClearance@FERC.gov and telephone at (202) 502–8663.

SUPPLEMENTARY INFORMATION: The PRA renewal process for each of the three information collections is ongoing. To ensure that OMB approvals of the current information collections remain active during the PRA renewal process, FERC has submitted requests to the OMB for short-term emergency extensions.

Title: FERC–725M, Mandatory Reliability Standard: FAC–003–4,

Vegetation Management (OMB Control No. 1902–0263).

Docket No. for Ongoing PRA Renewal: IC19–32.

An emergency extension request and justification (for three additional months) were electronically submitted to OMB on September 20, 2019. OMB disapproved the emergency extension request and collection on October 2, 2019. FERC then submitted a formal request to OMB on October 8, 2019,¹ for an emergency reinstatement and three-month extension. The request is still pending at OMB.

Titles: FERC–516A, Standardization of Small Generator Interconnection Agreements and Procedures (OMB Control No. 1902–0203); and FERC–539, Gas Pipeline Certificates: Import and Export Related Applications (OMB Control No. 1902–0062).

Docket Nos. for Ongoing PRA Renewals: IC19–40 (for FERC–516A) and IC19–33 (for FERC–539).

FERC submitted formal requests to OMB on October 29, 2019, for emergency three-month extensions (to January 31, 2020). On October 31, 2019, OMB approved two-month extensions to December 31, 2019, for FERC–516A and FERC–539.

Dated: November 1, 2019.

Kimberly D. Bose,
Secretary.
