BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP19-479-000]

Northern Natural Gas Company; Supplemental Notice of Intent To Prepare an Environmental Assessment for the Proposed Bushton to Clifton A-Line Abandonment Project

On July 15, 2019, the Federal Energy Regulatory Commission (FERC or Commission) issued in Docket No. CP19-479-000 a *Notice of Intent to Prepare an Environmental Assessment for the Proposed Bushton to Clifton A-Line Abandonment Project* (NOI). In its application, Northern Natural Gas

Company (Northern) filed a proposal to abandon in-place Northern's A-line facilities consisting of approximately 92.76 miles of 26-inch-diameter pipeline, 15.74 miles of 24-inch-diameter pipeline, and other appurtenant facilities in Clay, Cloud, Ellsworth, Lincoln, Ottawa and Rice Counties, Kansas. The proposed Bushton to Clifton A-line Abandonment Project (Project) also involves construction and operation of compression facilities by Northern in Ottawa County, Kansas. Following Northern's proposed abandonment activities, including the restoration of disturbed land, Northern indicates that the abandoned pipeline will be purchased and removed by a third-party salvage company.

As indicated in the previous NOI, the FERC staff will prepare an environmental assessment (EA) to address the environmental impacts of the Project. The Commission will use the EA in its decision-making process to determine whether to authorize the Project. We prepared this supplemental NOI to notify property owners along the proposed A-line abandonment whose land could be involved in the planned salvage operation who were inadvertently excluded from the July 15, 2019 NOI environmental mailing list. This Supplemental NOI opens a new 30-day scoping period for interested parties to file comments on environmental issues specific to the proposed action. By this notice, the Commission requests public comments on the scope of issues to address in the EA. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5:00pm Eastern Time on December 6, 2019.

The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires the Commission to discover concerns the public may have about proposals. This process is referred to as scoping. The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. You can make a difference by submitting your specific comments or concerns about the Project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. Commission staff

will consider all filed comments during the preparation of the EA.

This notice is being sent to the Commission's current environmental mailing list for the Project. State and local government representatives should notify their constituents of this proposed Project and encourage them to comment on their areas of concern.

Northern provided landowners with a fact sheet prepared by the FERC entitled "An Interstate Natural Gas Facility On My Land? What Do I Need To Know?" This fact sheet addresses a number of typically asked questions, including how to participate in the Commission's proceedings. It is also available for viewing on the FERC website (www.ferc.gov) at <https://www.ferc.gov/resources/guides/gas/gas.pdf>.

Public Participation

The Commission offers a free service called eSubscription which makes it easy to stay informed of all issuances and submittals regarding the dockets/projects to which you subscribe. These instant email notifications are the fastest way to receive notification and provide a link to the document files which can reduce the amount of time you spend researching proceedings. To sign up go to www.ferc.gov/docs-filing/esubscription.asp.

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to assist you at (866) 208-3676 or FercOnlineSupport@ferc.gov. Please carefully follow these instructions so that your comments are properly recorded.

(1) You can file your comments electronically using the *eComment* feature, which is located on the Commission's website (www.ferc.gov) under the link to *Documents and Filings*. Using *eComment* is an easy method for submitting brief, text-only comments on a project;

(2) You can file your comments electronically by using the *eFiling* feature, which is located on the Commission's website (www.ferc.gov) under the link to *Documents and Filings*. With *eFiling*, you can provide comments in a variety of formats by attaching them as a file with your submission. New *eFiling* users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; a comment on a particular project is considered a Comment on a Filing; or

(3) You can file a paper copy of your comments by mailing them to the following address. Be sure to reference
