National Agricultural Statistics Service

Title: Survey of Irrigation Organizations.

OMB Control Number: 0535-NEW.

Summary of Collection: On April 4, 2017, the USDA National Agricultural Statistics Service (NASS) and the Economic Research Service (ERS), signed a Memorandum of Understanding. This agreement is for the development and implementation of a survey of irrigation organizations—defined to include irrigation districts and other entities that supply water (primarily surface water) directly to agricultural users, as well as groundwater management districts that may influence the supply of groundwater for irrigation. The new survey of irrigation organizations will collect local, district-scale information, including the adoption of alternative types of water allocation institutions and conservation policies that impact farm-level drought resilience and adaptation to long-run water scarcity.

Need and Use of the Information: NASS will be collecting information on facilities, operation type, revenue, costs, and practices for irrigation organizations. The data obtained by the survey will complement farm-level data collections efforts, providing a more comprehensive look at the water situation and drought preparedness of the United States. The absence of the data would certainly affect irrigation policy decisions, Federal programs, legislation, and impact studies would be subject to greater uncertainty and error.

Description of Respondents: Businesses or other for-profit; Not for profit institutions.

Number of Respondents: 6,500.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 5,644.

Departmental Information Collection Clearance Officer.

Rural Business-Cooperative Service

Notice of Solicitation of Applications for Inviting Applications for the Rural Economic Development Loan and Grant Programs for Fiscal Year 2020

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice of solicitation for applications; Amendment

SUMMARY: The Rural Business-Cooperative Service (RBS) announces that the maximum loan amount awarded for applications competing in the Second, Third, and Fourth Quarter funding cycles of fiscal year (FY) 2020 will be \$1 million.

FOR FURTHER INFORMATION CONTACT: The Rural Development office for the state in which the applicant is located. A list of Rural Development State Office contacts is provided at the following link: <http://www.rd.usda.gov/contact-us/state-offices>.

SUPPLEMENTARY INFORMATION: RBS published a Notice of Solicitation of Applications for the Rural Economic Development Loan and Grant Programs for FY 2020 on July 18, 2019, (FR Vol. 84, 34333) Section B states that: "The Agency anticipates the following maximum amounts per award: Loans—\$2,000,000; Grants—\$300,000."

Based on the total amount of loan applications submitted in FY 2019 far exceeding the available allocated funds and the number of submitted but unfunded applications that will be competing for funding in the First Quarter of FY 2020, the Agency has determined that lowering the maximum loan amount to \$1 million for the Second, Third, and Fourth Quarter application periods would allow for additional project opportunities and a broader geographic distribution of Program funding.

The following are the deadlines for FY 2020 complete loan applications to be received in the USDA Rural
