II. Current Actions

To administer a special initiative in the Museums for America (MFA) grant program titled Museums Empowered: Professional Development Opportunities for Museum Staff—A Museums for America Special Initiative.

Museums for America (MFA) grants support projects that strengthen the ability of an individual museum to serve its public. This is a special MFA initiative with the goal of strengthening the ability of an individual museum to serve its public through professional development activities that cross-cut various departments to generate systemic change within the museum.

As centers of innovation and discovery, as well as catalysts of community revitalization, museums are at the forefront of change in our communities. Like any other institution, museums need to remain dynamic to

respond to fast-evolving technological advances and changing demographics. Museums also need to generate and share outcomes-based data and results of their community impact and develop sustainable organizational structures and strategies for continued growth and vitality. Professional Development is critical for museums to deliver on these areas of need.

To support and empower museums of all sizes and disciplines in responding to the evolving needs of the museum profession and changes in their communities, this MFA special initiative has four project categories for professional development: 1. Diversity and Inclusion 2. Digital Technology 3. Evaluation 4. Organizational Management. Potential projects will address one of these four categories and help strengthen the ability of an individual museum to better serve its public. Projects will utilize comprehensive strategies and frameworks to support professional development. Projects should cross-cut various departments and result in systemic change within the museum.
