In accordance with Commerce's assessment practice, for entries of subject merchandise during the POR produced by Navneet or SAB for which it did not know that its merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate of 3.91 percent, as established in the less-than-fair-value investigation, if there is no rate for the intermediate company(ies) involved in the transaction.<sup>11</sup> For a full discussion of this matter, see *Assessment Policy Notice*.<sup>12</sup>

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.

### Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the notice of final results of administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for respondents noted above will be the rates established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this administrative review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this

proceeding; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 3.91 percent, the all-others rate established in the investigation. These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Cash Deposit Requirements

The following cash deposit requirements for estimated antidumping duties will be effective upon publication of the notice of final results of this review for all shipments of ESB rubber from Brazil entered, or withdrawn from warehouse, for consumption on or after the date of publication as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for company subject to this review will be equal to the weighted-average dumping margin established in the final results of the review; (2) for merchandise exported by companies not covered in this review but covered in a prior segment of this proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 19.61 percent, the all-others rate established in the less-than-fair-value investigation.<sup>13</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

### Notification to Importers

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this period of review. **SUPPLEMENTARY INFORMATION:** In recent years, individual NOAA programs and its multisector partners have worked to advance successful *unmanned systems, artificial intelligence, 'omics, and cloud solutions* that improve the delivery of their respective missions.

The draft strategies NOAA developed for each of these science and technology focus areas directly follow guidance from the Administration and Congress, including the Office of Science and Technology Policy FY21 Research and Development Priorities letter, the National Science and Technology Council report "Science and Technology for America's Oceans: a Decadal Vision", the Executive Order on Maintaining American Leadership in Artificial Intelligence, the Weather Research and Forecasting Innovation Act, and the Commercial Engagement Through Ocean Technology (CENOTE) Act.

The draft strategies will ensure robust agency-wide coordination and strong institutional support from NOAA senior leadership for these emerging science and technology focus areas to guide transformational advances in the quality and efficiency of NOAA's science, products, and services.

*Summary of the Four Draft Strategies Unmanned Systems Strategy:* In recognition of the opportunities unmanned systems presents for addressing NOAA's mission priorities, the NOAA *Unmanned Systems Strategy* provides a framework to: (1) Efficiently provide requirements-driven, safe, cost-effective, and compliant Unmanned Systems services across the agency; (2) prioritize strategic investments in Unmanned Systems applications and technologies that fuel innovation and strengthen operations, and (3) accelerate and enhance capabilities through partnerships.

*Artificial Intelligence Strategy:* The overarching goal of the NOAA *Artificial Intelligence (AI) Strategy* is to utilize AI to advance NOAA's requirements-driven mission priorities. Through this strategy, NOAA seeks to reduce the cost of data processing, and provide higher quality and more timely scientific products and services for societal benefits.
