Methodology

Commerce conducted this review in accordance with sections 751(a)(1)(B) and 751(a)(2)(A) of the Tariff Act of 1930, as amended (the Act). Constructed export prices have been calculated in accordance with section 772(b) of the Act. Because Vietnam is a non-market economy (NME) within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum.

Application of Separate Rates in NME Proceedings

In the *Initiation Notice*, Commerce notified parties of the application process by which exporters may obtain separate rate status in an NME proceeding.⁶ It is Commerce’s policy to assign all exporters of the merchandise subject to review in NME countries a single rate unless an exporter can affirmatively demonstrate an absence of government control, both in law (*de jure*) and in fact (*de facto*), with respect to exports. To establish whether a company is sufficiently independent to be entitled to a separate, company-specific rate, Commerce analyzes each exporting entity in an NME country under the test established in *Sparklers*,⁷ as further developed by *Silicon Carbide*.⁸ However, if Commerce determines that a company is wholly

foreign-owned, then an analysis of the *de jure* and *de facto* criteria is not necessary to determine whether it is independent from government control.⁹

Vietnam-Wide Entity

Commerce’s policy regarding conditional review of the Vietnam-wide entity applies to this administrative review.¹⁰ Under this policy, the Vietnam-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the Vietnam-wide entity in this review, the entity is not under review and the entity’s rate (*i.e.*, 111.47 percent)¹¹ is not subject to change.

Preliminary Results of Review

Commerce preliminarily determines that the following weighted-average dumping margin exists for the period September 1, 2017 through August 31, 2018:

Exporter	Weighted-average margin (percent)
SeAH Steel VINA Corporation/Pusan Pipe America, Inc	1.78

Disclosure, Public Comment and Opportunity To Request a Hearing

Commerce will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Interested parties may submit case briefs within 30 days after the date of publication of these preliminary results of review in the **Federal Register**.¹² Rebuttals to case briefs, which must be limited to issues raised in the case briefs, may be filed within five days after the time limit for filing case briefs.¹³ Parties who submit arguments are requested to submit with the argument: (a) A statement of the issue,

(b) a brief summary of the argument, and (c) a table of authorities.¹⁴ Parties submitting briefs should do so pursuant to Commerce’s electronic filing system, ACCESS.¹⁵

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance within 30 days of the date of publication of this notice. Requests should contain the party’s name, address and telephone number, the number of participants, whether any participant is a foreign national and a list of the issues to be discussed. Issues raised in the hearing will be limited to those raised in the respective case and rebuttal briefs. If a request for a hearing is made, Commerce intends to hold the hearing at the U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230, at a date and time to be determined.¹⁶ Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Commerce intends to issue the final results of this administrative review, which will include the results of our analysis of all issues raised in the case briefs, within 120 days of publication of these preliminary results in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act, unless extended.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.¹⁷ Commerce intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review.

For assessment purposes, Commerce applied the assessment rate calculation method adopted in the *Antidumping Final Modification*.¹⁸ For any individually examined respondent whose weighted average dumping margin is above *de minimis* (*i.e.*, 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer’s

examined sales to the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). Where an importer- (or customer-) specific *ad valorem* rate is greater than *de minimis*, Commerce will instruct CBP to collect the appropriate duties at the time of liquidation.¹⁹ Where either a respondent's weighted average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific *ad valorem* is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties.²⁰

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this review for shipments of the subject merchandise from Vietnam entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by sections 751(a)(2)(C) of the Act: (1) For the companies listed above that have a separate rate, the cash deposit rate will be that established in the final results of this review (except, if the rate is zero or *de minimis*, then zero cash deposit will be required); (2) for previously examined Vietnamese and non-Vietnamese exporters not listed above that at the time of entry are eligible for a separate rate based on a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate at the time of entry, the cash deposit rate will be that for the Vietnamese-wide entity; and (4) for all non-Vietnamese exporters of subject merchandise that at the time of entry are not eligible for a separate rate, the cash deposit rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of

antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

These preliminary results are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(4).

Dated: November 7, 2019.
