Notice of Revised Schedule for Environmental Review of the Florida Gas Transmission Company, LLC Putnam Expansion Project

This notice identifies the Federal Energy Regulatory Commission staff's revised schedule for the completion of the environmental assessment (EA) for Florida Gas Transmission Company, LLC's Putnam Expansion Project. The first notice of schedule, issued on August 14, 2019, identified November 8, 2019 as the EA issuance date. However, Florida Gas Transmission Company filed additional information on November 5, 2019 in response to Commission staff's October 30, 2019 data request regarding an affected landowner comment that was filed in this proceeding. Because the requested information was necessary to complete the environmental review, staff has revised the schedule for issuance of the EA.

Schedule for Environmental Review

Issuance of Notice of Availability of the EA—December 6, 2019
90-day Federal Authorization Decision Deadline—March 5, 2020

If a schedule change becomes necessary, an additional notice will be provided so that the relevant agencies

are kept informed of the project's progress.

Additional Information

In order to receive notification of the issuance of the EA and to keep track of all formal issuances and submittals in specific dockets, the Commission offers a free service called eSubscription. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. Go to www.ferc.gov/docs-filing/esubscription.asp.
