

Participants having a larger portion of their positions in the Security redeemed in connection with the Partial Call. This outcome may present a burden or benefit to a Participant versus others with respect to a given redemption resulting from a Partial Call, depending on whether the terms of a Partial Call would be favorable to the Participant.

DTC believes that any burden on competition presented by the proposal would not be significant because only the “odd lot” portion of a Participant’s holdings for Securities denominated in increments of \$5,000 or less would be excluded from the Partial Call, thus creating a cap¹⁴ on the number of a Participant’s Securities that could be excluded from a call lottery, and thus limiting the benefit or burden that a Participant whose Securities are called would realize versus other Participants.

DTC believes that any burden on competition that may be imposed by the proposed rule changes, as described above, would be necessary and appropriate in furtherance of the purposes of the Act, as permitted by Section 17A(b)(3)(I) of the Act,¹⁵ because preventing the creation of new odd lots resulting from the allocation for a call lottery on a Security affected by the proposal would instead result in positions that (i) avoid the adverse repercussions, with respect to tradability of the Security, on a Participant who would otherwise have been allocated a new odd lot position by the inclusion of one or more odd lot positions of other Participants in the call lottery, as described above, and (ii) are available in an incremental value that can be used to satisfy Delivery obligations with respect to open trading positions in the Security, and would therefore promote the prompt and accurate clearance and settlement of securities transactions in the marketplace for an affected Security.

DTC believes the proposed rule change may promote competition, because eliminating the creation of new odd lot positions for called Securities where the incremental value is \$5,000 or less would prevent circumstances where additional Participants, beyond any Participants that already hold odd lot positions prior to the running of the lottery, are allocated positions in odd lot amounts, which, as described above, would be more difficult for the Participants and their clients to trade

than positions held in multiples of the incremental value.

(C) Clearing Agency’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

DTC has not received or solicited any written comments relating to this proposal. DTC will notify the Commission of any written comments received by DTC.

III. Date of Effectiveness of the Proposed Rule Change, and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–87519; File No. SR–NYSEARCA–2019–80]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 7.31–E To Delete Cross Orders

November 13, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on November 1, 2019, NYSE Arca, Inc. (“NYSE Arca” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

¹⁶ 17 CFR 200.30–3(a)(12).

¹⁵ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

¹⁴ An odd lot can only be an amount less than the incremental value of the Security. Thus, if the incremental value of a Security is \$5,000, then the amount of a Participant’s total position excluded from a call lottery on that Security would be capped at \$4,999.

¹⁵ 15 U.S.C. 78q–1(b)(3)(I).

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 7.31–E (Orders and Modifiers) to delete Cross Orders from its rules and make other conforming changes. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Exchange's rules to delete Cross Orders.

As defined in Rule 7.31–E(g), a Cross Order is a two-sided order with instructions to match the identified buy-side with the identified sell-side at a specified price (the "cross price"). The Exchange offers one type of Cross Order, the Limit IOC Cross Order. As defined in Rule 7.31–E(g)(1), a Limit IOC Cross Order is a Cross Order that must trade in full at its cross price, will not route, and will cancel at the time of order entry if the cross price is not between the BBO or would trade through the PBBO.

Due to a lack of demand for Cross Orders, the Exchange proposes to discontinue supporting Cross Orders. Specifically, in the last three months, the Exchange has not received any Cross Orders. Accordingly, the Exchange proposes to delete the definition of Cross Order from Rule 7.31–E(g), as well as the references to Cross Orders in Rules 7.10–E(e)(1), 7.11–E(a)(5)(E), 7.16–E(f)(5)(H), 7.18–E(c)(5), 7.34–E(c)(1)(B), 7.34–E(c)(1)(C), and 7.34–E(c)(2)(C). The Exchange proposes to designate Rules 7.31–E(g), 7.11–E(a)(5)(E), and 7.16–E(f)(5)(H) as Reserved and proposes to revise Rules

7.10–E(e)(1), 7.18–E(c)(5), 7.34–E(c)(1)(B), 7.34–E(c)(1)(C), and 7.34–E(c)(2)(C) to delete the references to Cross Orders. Subject to effectiveness of this proposed rule change, the Exchange will announce the implementation date of these changes through a Trader Update, which the Exchange anticipates will be in November 2019.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the requirements of Section 6(b) of the Act,³ in general, and Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to remove impediments to and perfect the mechanism of a free and open market, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. Specifically, the Exchange believes that the proposed rule change would remove impediments to and perfect the mechanisms of a free and open market by eliminating a little-used order type and improving the clarity of the Exchange's rules. The Exchange further believes that deleting an order type rarely used by investors also removes impediments to and perfects the mechanism of a free and open market by facilitating market participants' navigation of the Exchange's rulebook and improving their ability to understand the order types available for trading on the Exchange. Moreover, the Exchange believes that the elimination of Cross Orders will simplify order processing and reduce the burden on system capacity, which the Exchange believes is consistent with promoting just and equitable principles of trade, as well as the protection of investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change would impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Specifically, the Exchange believes that the proposed rule change would relieve a burden on competition by making the Exchange's rules easier to navigate and promoting regulatory clarity through the elimination of a seldom-used order type.

⁴ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁵ and Rule 19b–4(f)(6) thereunder.⁶ Because the proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁷ and Rule 19b–4(f)(6) thereunder.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

⁷ 15 U.S.C. 78s(b)(3)(A).

⁸ 17 CFR 240.19b–4(f)(6). In addition, Rule 19b–4(f)(6)(iii) requires the Exchange to give the Commission written notice of the Exchange's intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-87516; File No. SR-BOX-2019-32]

Self-Regulatory Organizations; BOX Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Fee Schedule on the BOX Options Market LLC Facility To Establish BOX Connectivity Fees for Participants and Non-Participants Who Connect to the BOX Network

November 13, 2019.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on October 31, 2019, BOX Exchange LLC (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Exchange filed the proposed rule change pursuant to Section 19(b)(3)(A)(ii) of the Act,³ and Rule 19b-4(f)(2) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to amend the Fee Schedule on the BOX Options Market LLC ("BOX") facility. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's internet website at <http://boxexchange.com>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for

the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is refile its proposal to amend the Fee Schedule regarding connectivity to BOX in order to provide greater detail and clarity concerning BOX's costs, as they pertain to expenses for network connectivity services. The Exchange is now presenting more connectivity cost details that correspond with income statement expense line items to provide greater transparency into its actual costs associated with providing network connectivity services. The Exchange believes that its proposed fees are fair and reasonable because they will permit recovery of less than all of the Exchange's costs for providing connectivity and will not result in excessive pricing or supracompetitive profit, when comparing the Exchange's total annual expense associated with providing the network connectivity services versus the total projected annual revenue the Exchange projects to collect for providing the network connectivity services.

The Exchange proposes to amend Section VI. (Technology Fees) of the BOX Fee Schedule to establish BOX Connectivity Fees for Participants and non-Participants who connect to the BOX network. Connectivity fees will be based upon the amount of bandwidth that will be used by the Participant or non-Participant. Further, BOX Participants or non-Participants connected as of the last trading day of each calendar month will be charged the applicable Connectivity Fee for that month. The Connectivity Fees will be as follows:

Connection type	Monthly fees
Non-10 Gb Connection ...	\$1,000 per connection.
10 Gb Connection	\$5,000 per connection.
