

eligible dependent for black lung benefits, a child aged 18- to 23-years must be a full-time student as described in the Black Lung Benefits Act, 30 U.S.C. 901 *et seq.*, and regulations 20 CFR 725.209. A school official completes a Certification by School Official (Form CM-981) to verify whether a Black Lung beneficiary's dependent between the ages of 18 to 23 years qualifies as a full-time student. Black Lung Benefits Act section 426 authorizes this information collection. See 30 U.S.C. 936.

This information collection is being classified as an extension of an existing collection. 30 U.S.C. 902(g); 20 CFR 725.209, 725.218 require that all relevant medical evidence be considered before a decision can be made regarding a claimant's eligibility for benefits. By signing the CM-981 form, the claimant authorizes physicians, hospitals, medical facilities or organizations, and the National Institute for Occupational Safety and Health to release medical information about the miner to the Department of Labor's Office of Workers' Compensation Programs. The form contains information required by medical institutions and private physicians to enable them to release pertinent medical information. This information collection is currently approved for use through September 30, 2019.

II. Review Focus: The Department of Labor is particularly interested in comments which:

- * Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

- * evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;

- * enhance the quality, utility and clarity of the information to be collected; and

- * minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

III. Current Actions: The Department of Labor seeks approval for the extension of this currently-approved information collection in order to obtain claimant consent for the release of medical information for consideration

by the Office of Workers' Compensation Programs in their claim for benefits. Failure to gather this information would inhibit the adjudication of black lung claims because pertinent medical data would not be available for consideration during the processing of the claim.
