Scope of the Order

Final Determination of No Shipments

Commerce preliminarily determined that GVN had no shipments of subject merchandise during the POR.2 As we received no comments concerning our preliminary determination, we continue to find that GVN had no shipments of subject merchandise during the POR.3 Consistent with our practice, we will issue appropriate instructions to U.S. Customs and Border Protection (CBP) based on these final results.4

Assessment Rates

We have calculated no assessment rates in this administrative review. Pursuant to Commerce’s assessment practice, because we have determined that GVN had no shipments of the subject merchandise, any suspended entries that entered under that exporter’s case number (i.e., at that exporter’s rate) will be liquidated at the all-others rate. Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of these final results.

Cash Deposit Requirements

As a result of this administrative review, there are no changes to the existing cash deposit requirements, which shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply
