**SUPPLEMENTARY INFORMATION:**

The terms in the text of this notice that are in italics are defined in the Definitions section.
Absolute Priorities: For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are absolute priorities. Under 34 CFR 75.105(c)(1), we consider only applications that meet one or both of these priorities.

Each of these absolute priorities constitutes its own funding category. Applicants may propose projects that address both absolute priorities, but must clearly indicate under which absolute priority they are officially applying. The Secretary intends to award grants under each absolute priority for which applications of sufficient quality are submitted.

The priorities are:

Absolute Priority 1—Rural Community.

Under this priority, applicants must propose to replicate or expand one or more high-quality charter schools in a rural community.

Absolute Priority 2—Low-Income Demographic.

Under this priority, applicants must demonstrate that at least 40 percent of the students across all of the charter schools the applicant operates or manages are individuals from low-income families, and that the applicant will maintain the same, or a substantially similar, percentage of such students across all of its charter schools during the grant period.

Competitive Preference Priorities: For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional seven points to an application, depending on how well an application meets one or both elements of Competitive Preference Priority 1; an additional five points to an application that meets Competitive Preference Priority 2; up to an additional two points to an application, depending on how well an application meets Competitive Preference Priority 3; up to an additional four points to an application, depending on how well an application meets Competitive Preference Priority 4; and up to an additional two points to an application, depending on how well an application meets Competitive Preference Priority 5. The maximum number of competitive preference priority points an application can receive under this competition is 20.

These priorities are:

- Competitive Preference Priority 1—Spurring Investment in Qualified Opportunity Zones. (Up to 7 points)

Under this priority, an applicant must demonstrate one or both of the following:

(a) The area in which the applicant proposes to provide services overlaps with a Qualified Opportunity Zone, as designated by the Secretary of the Treasury under section 1400Z–1 of the Internal Revenue Code (IRC). An applicant must—

(1) Provide the census tract number of the Qualified Opportunity Zone(s) in which it proposes to provide services; and

(2) Describe how the applicant will provide services in the Qualified Opportunity Zone(s) (Up to 4 points).

Note: In order to meet paragraph (a) of this priority, one or more charter schools included in the application must be located in a Qualified Opportunity Zone. If the area in which the applicant proposes to provide services overlaps with a Qualified Opportunity Zone by—

(i) 25 percent or less, then the applicant will receive 1 point;

(ii) 26 percent to 50 percent, then the applicant will receive 2 points;

(iii) 51 to 75 percent, then the applicant will receive 3 points; or

(iv) 76 percent to 100 percent, then the applicant will receive 4 points.

(b) The applicant has received, or will receive by January 10, 2020, an investment, including access to real property, from a Qualified Opportunity Fund under section 14002–2 of the IRC for a purpose directly related to its proposed project. An applicant must—

(1) Identify the Qualified Opportunity Fund from which it has received or will receive an investment; and

(2) Describe how the investment is or will be directly related to its proposed project (0 or 3 points).

Competitive Preference Priority 2—Number of Charter Schools Operated or Managed by the Eligible Applicant. (0 or 5 points)

Under this priority, applicants must demonstrate that they currently operate or manage two to five charter schools.

Under this priority, applicants must propose to—

(a) Replicate or expand high-quality charter schools to serve high school students, including educationally disadvantaged students;

(b) Prepare students, including educationally disadvantaged students, in those schools for enrollment in postsecondary education institutions through activities such as, but not limited to, accelerated learning programs (including Advanced Placement and International Baccalaureate courses and programs, dual or concurrent enrollment programs, and early college high schools), college counseling, career and technical education programs, career counseling, internships, work-based learning programs (such as apprenticeships), assisting students in the college admissions and financial aid application processes, and preparing students to take standardized college admissions tests;

(c) Provide support for students, including educationally disadvantaged students, who graduate from those schools and enroll in postsecondary education institutions in persisting in, and attaining a degree or certificate from, such institutions, through activities such as, but not limited to, mentorships, ongoing assistance with the financial aid application process, and establishing or strengthening peer support systems for such students attending the same institution; and

(d) Propose one or more project-specific performance measures, including aligned leading indicators or other interim milestones, that will provide valid and reliable information about the applicant’s progress in preparing students, including educationally disadvantaged students, for enrollment in postsecondary education institutions and in supporting those students in persisting in and attaining a degree or certificate from such institutions. An applicant addressing this priority and receiving a CMO grant must provide data that are responsive to the measure(s), including performance targets, in its annual performance reports to the Department.

(e) For purposes of this priority, postsecondary education institutions include institutions of higher education, as defined in section 8101(29) of the Elementary and Secondary Education Act of 1965, as amended by the Every Student Succeeds Act (ESEA), and one-year training programs that meet the requirements of section 101(b)(1) of the Higher Education Act of 1965, as amended (HEA).

III. Eligibility Information

1. Eligible Applicants: CMOs. Eligible applicants may apply individually or as part of a group or consortium.

2. Cost Sharing or Matching: This competition does not require cost sharing or matching.

3. Subgrantees: A grantee under this program may not award subgrants.

4. Authorized Costs: Applicants must ensure that all costs included in the proposed budget are authorized under the CSP and are reasonable and necessary in light of the goals and objectives of the proposed project. Any costs determined by the Secretary to be unauthorized, or otherwise unreasonable or unnecessary, will be removed from the final approved budget.

5. Other CSP Grants: A charter school that previously received funds for replication or expansion under this program, or that has been awarded a subgrant or grant for opening or preparing to operate a new charter school, replication, or expansion under the CSP Grants to State Entities (State Entities) program (CFDA number 84.282A) or CSP Grants to Developers for the Opening of New Charter Schools and for the Replication and Expansion of High-quality Charter Schools (Developers) program (CFDA numbers 84.282B and 84.282E), may not receive funds under this grant to carry out the same activities. However, such a charter school may be eligible to receive funds through a CMO grant awarded under this competition to expand the charter school beyond the existing grade levels or student count.

Likewise, a charter school that is included in an approved application for funding under this competition is ineligible to receive a subgrant or grant to carry out the same activities under the State Entities program (CFDA number 84.282A) or Developers program (CFDA numbers 84.282B and 84.282E), including for opening or preparing to operate a new charter school or for replication or expansion of a high-quality charter school.

IV. Application and Submission Instructions

1. Application Submission Instructions: For information on how to submit an application please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768) and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

2. Submission of Proprietary Information: Given the types of projects that may be proposed in applications for the CMO grant competition, your application may include business information that you consider proprietary. In 34 CFR 5.11, we define “business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under “Other Attachments Form,” please list the page number or numbers on which we can find this information.
For additional information please see 34 CFR 5.11(c).

3. Intergovernmental Review: This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. Information about Intergovernmental Review of Federal Programs under Executive Order 12372 is in the application package for this competition.

4. Funding Restrictions: Grantees under this program must use the grant funds to 

- replicate or expand the charter school model or models for which the applicant has presented evidence of success. Specifically, grant funds must be used to carry out allowable activities, as described in section 4305(b)(1) of the ESEA. In addition, grant funds must be used to carry out one or more of the activities described in section 4303(h), which include—
  - (a) Preparing teachers, school leaders, and specialized instructional support personnel, including through paying costs associated with—
    (1) Providing professional development; and
    (2) Hiring and compensating, during the applicant’s planning period specified in the application for funds, one or more of the following:
      - (i) Teachers.
      - (ii) School leaders.
      - (iii) Specialized instructional support personnel;
  - (b) Acquiring supplies, training equipment (including technology), and educational materials (including developing and acquiring instructional materials);
  - (c) Carrying out necessary renovations to ensure that a new school building complies with applicable statutes and regulations, and minor facilities repairs (excluding construction);
  - (d) Providing one-time, startup costs associated with providing transportation to students to and from the charter school;
  - (e) Carrying out community engagement activities, which may include paying the cost of student and staff recruitment; and
  - (f) Providing for other appropriate, non-sustained costs related to the replication or expansion of high-quality charter schools when such costs cannot be met from other sources.

Further, under section 4305(b)(1) of the ESEA, CMO grant funds must be used to open and prepare for the operation of one or more replicated high-quality charter schools or to expand one or more high-quality charter schools. Within the context of opening and preparing for the operation of one or more replicated high-quality charter schools or expanding one or more high-quality charter schools, a portion of grant funds can be used for appropriate, non-sustained costs associated with the expansion or improvement of the grantee’s oversight or management of its charter schools, provided that (i) the specific charter schools being replicated or expanded under the grant are the intended beneficiaries of such expansion or improvement; (ii) such expansion or improvement is intended to improve the grantee’s ability to manage or oversee the charter schools being replicated or expanded under the grant; and (iii) the costs cannot be met from other sources. In order to use grant funds for this purpose, an applicant must describe how the proposed costs are necessary to meet the objectives of the project and reasonable in light of the overall cost of the project.

We reference additional regulations outlining funding restrictions in the Applicable Regulations section of this notice.

5. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 60 pages and (2) use the following standards:
  - A “page” is 8.5” x 11”, on one side only, with 1” margins at the top, bottom, and both sides.
  - Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.

  - Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to Part I, the cover sheet; Part II, the budget section, including the narrative budget justification; Part IV, the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

V. Application Review Information

1. Selection Criteria. The selection criteria are from the 2018 NFP and 34 CFR 75.210. The source of each selection criterion is included in parentheses. The maximum possible score for addressing all of the criteria in this section is 100 points. The maximum possible score for addressing each criterion is indicated in parentheses following the criterion.

   In evaluating an application, the Secretary considers the following criteria:
   (a) Quality of the eligible applicant and adequacy of resources (40 points).

   In determining the quality of the eligible applicant, the Secretary considers the following factors:
   (1) The extent to which the academic achievement results (including student academic growth, high school graduation rates, college attendance and retention rates, and, where applicable and available, high school graduation rates, college attendance and retention rates, and, where applicable and available, student academic growth, high school transition rates, college attendance and retention rates) for educationally disadvantaged students served by the charter schools operated or managed by the applicant exceed the average academic achievement results for such students served by other public schools in the State (10 points). (2018 NFP)
   (2) The extent to which one or more charter schools operated or managed by the applicant have had a charter revoked due to noncompliance with statutory or regulatory requirements; or have had their affiliation with the applicant revoked or terminated, including through voluntary disaffiliation (10 points). (2018 NFP)
   (3) The extent to which one or more charter schools operated or managed by the applicant have had any significant issues in the area of financial or operational management or student safety, or have otherwise experienced significant problems with statutory or regulatory compliance that could lead to revocation of the school’s charter (10 points). (2018 NFP)
   (4) The potential for continued support of the project after Federal funding ends, including, as appropriate, the demonstrated commitment of appropriate entities to such support (10 points). (34 CFR 75.210)
   (b) Significance of contribution in assisting educationally disadvantaged students (20 points).

   In determining the significance of the contribution the proposed project will make in expanding educational opportunities for educationally disadvantaged students and enabling those students to meet challenging State academic standards, the Secretary considers the following factors:
   (1) The extent to which charter schools currently operated or managed by the applicant serve educationally disadvantaged students, particularly students with disabilities and English learners, at rates comparable to surrounding public schools or, in the
case of virtual charter schools, at rates comparable to public schools in the State (10 points). (2018 NFP)

(2) The quality of the plan to ensure that the charter schools the applicant proposes to replicate or expand will recruit, enroll, and effectively serve educationally disadvantaged students, particularly students with disabilities and English learners (10 points). (2018 NFP)

(c) Quality of the project design and evaluation plan for the proposed project (30 points).

In determining the quality of the evaluation plan for the proposed project, the Secretary considers the following factors:

(1) The extent to which there is a conceptual framework underlying the proposed research or demonstration activities and the quality of that framework (5 points). (34 CFR 75.210)

(2) The extent to which the methods of evaluation include the use of objective performance measures that are clearly related to the intended outcomes of the proposed project, as described in the applicant’s logic model, and that will produce quantitative and qualitative data by the end of the grant period (10 points). (2018 NFP)

(3) The extent to which the goals, objectives, and outcomes to be achieved by the proposed project are clearly specified and measurable (5 points). (34 CFR 75.210)

(4) The extent to which the design for implementing and evaluating the proposed project will result in information to guide possible replication of project activities or strategies, including information about the effectiveness of the approach or strategies employed by the project (10 points). (34 CFR 75.210)

(d) Quality of the project personnel and management plan (10 points).

(1) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability. (2018 NFP)

(2) In addition, in determining the quality of project personnel and management plan, the Secretary considers:

(i) The qualifications, including relevant training and experience, of key project personnel (5 points). (34 CFR 75.210)

(ii) The adequacy of procedures for ensuring feedback and continuous improvement in the operation of the proposed project (5 points). (34 CFR 75.210)

2. Review and Selection Process: We remind potential applicants that in reviewing applications under any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d)(3), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected under this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.205(a)(2) we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS. Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal government exceeds $10,000,000, the reporting requirements in 2 CFR part 200. Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and Senator and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.

2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under this competition. This does not apply if you have an exception under 2 CFR 170.110(b).
At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit annual performance reports that provide the most current performance and financial expenditure information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/fund/grant/app/apply/appforms/appforms.html.

The Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. **Performance Measures:** (a) Program performance measures. The program performance measures are: (1) The number of charter schools in operation around the Nation; (2) the percentage of fourth and eighth-grade charter school students who are achieving at or above the proficient level on State assessments in mathematics and reading/language arts; and (3) the Federal cost per student for implementing a successful school (defined as a school in operation for three or more consecutive years).

(b) **Project-Specific Performance Measures.** Applicants must propose project-specific performance measures and performance targets consistent with the objectives of the proposed project. Applicants must provide the following information as directed under 34 CFR 75.110(b) and (c):

   (1) **Performance measures.** How each proposed performance measure would accurately measure the performance of the project and how the proposed performance measure would be consistent with the performance measures established for the program funding the competition.

   (2) **Baseline data.** (i) Why each proposed baseline is valid; or (ii) if the applicant has determined that there are no established baseline data for a particular performance measure, an explanation of why there is no established baseline and of how and when, during the project period, the applicant would establish a valid baseline for the performance measure.

   (3) **Performance targets.** Why each proposed performance target is ambitious yet achievable compared to the baseline for the performance measure and when, during the project period, the applicant would meet the performance target(s).

   (4) **Data collection and reporting.** The data collection and reporting methods the applicant would use and why those methods are likely to yield reliable, valid, and meaningful performance data; and (ii) the applicant’s capacity to collect and report reliable, valid, and meaningful performance data, as evidenced by high-quality data collection, analysis, and reporting in other projects or research.

All grantees must submit annual performance reports with information that is responsive to these performance measures.

6. **Continuation Awards:** In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things, whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).
