V. Accelerated Approval of Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the 30th day after the date of publication of notice of Amendment No. 1 in the **Federal Register**. As noted above, Amendment No. 1 revised the proposal to add text to BOX Rule 7600(h) to describe the operation of the book sweep functionality for Complex QOO and multi-leg QOO Orders, limit the availability of split-price priority to Complex QOO and multi-leg QOO Orders with at least 100 contracts on each component leg of the order, make clear that split-price priority is available for Complex QOO and multi-leg QOO orders with at least 100 contracts on each component leg of the order and indicate that a Floor Participant must trade 50 or more contracts of each component leg of the Complex QOO or multi-leg QOO Order in a permissible ratio at a price that complies with the priority requirements of BOX Rule 7600(c) to obtain split-price priority, more clearly describe the circumstances under which split-price priority is not available when the width of the market for a strategy is \$0.01 based on interest in the Complex Order Book, and modify examples and provide additional examples showing the operation of the proposed rules. The Commission notes that Amendment No. 1 provides that split-price priority is available only to Complex QOO and multi-leg QOO Orders with at least 100 contracts on each component leg of the order and that a Floor Broker seeking split-price priority must execute 50 or more contracts of each component leg at the permissible ratio at the first price to

obtain priority over the same number of contracts at the next less aggressive price, thereby assuring that split-price priority is available only to large Complex QOO and multi-leg QOO Orders and that a Floor Broker must trade a substantial portion of such an order at the first price to obtain split-price priority. In addition, Amendment No. 1 revises the text of BOX Rule 7600(h) to add a paragraph to the rule describing the operation of book sweep size for Complex and multi-leg QOO Orders, thereby assuring that the text of the rule indicates the availability and functioning of book sweep with respect to these orders.²⁹ The Commission believes that Amendment No. 1 provides additional clarity and detail to the rule text and additional analysis and examples of several aspects of the proposal, thereby facilitating the Commission's ability to make the findings set forth above to approve the proposal. For these reasons, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,³⁰ to approve the proposed rule change, as modified by Amendment No. 1, on an accelerated basis.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act,³¹ that the proposed rule change (SR-BOX-2019-24), as modified by Amendment No. 1, is approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.³²

Eduardo A. Aleman,
Deputy Secretary.
