(3) Where Aviation Partners Boeing Alert Service Bulletin AP757–53–002, Revision 3, dated August 14, 2019, uses the phrase “the original issue date of this service bulletin,” this AD requires using “the effective date of this AD,” except where Aviation Partners Boeing Alert Service Bulletin AP757–53–002, Revision 3, dated August 14, 2019, uses the phrase “the original issue date of this Service Bulletin” in a note or flag note.

(4) Where Aviation Partners Boeing Alert Service Bulletin AP757–53–002, Revision 3, dated August 14, 2019, specifies contacting Boeing for repair instructions or for alternative inspections: This AD requires doing the repair, or doing the alternative inspections and applicable on-condition action in a method approved in accordance with the procedures specified in paragraph (i) of this AD.

(i) Credit for Previous Actions

This paragraph provides credit for the actions specified in paragraph (g)(2) of this AD, if those actions were performed before the effective date of this AD using Aviation Partners Boeing Alert Service Bulletin AP757–53–002, Revision 2, dated April 11, 2019.

(j) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Los Angeles ACO Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the certification office, send it to the attention of the person identified in paragraph (k)(1) of this AD. Information may be emailed to: 9-ANM-LAACO-AMOC-Requests@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lackey inspector, the manager of the local flight standards district office/ certificate holding district office.

(3) An AMOC that provides an acceptable level of safety may be used for any repair, modification, or alteration required by this AD if it is approved by The Boeing Company Organization Designation Authorization (ODA) that has been authorized by the Manager, Los Angeles ACO Branch, FAA, to make such findings. To be approved, the repair method, modification deviation, or alteration deviation must meet the certification basis of the airplane, and the approval must specifically refer to this AD.

(4) Except as specified by paragraph (h) of this AD: For service information that contains steps that are labeled as Required Compliance (RC), the provisions of paragraphs (j)(4)(i) and (ii) of this AD apply.

(i) The steps labeled as RC, including substeps under an RC step and any figures identified in an RC step, must be done to comply with the AD. If a step or substep is labeled “RC Exempt,” then the RC requirement is removed from that step or substep. An AMOC is required for any deviations to RC steps, including substeps and identified figures.

(ii) Steps not labeled as RC may be deviated from using accepted methods in accordance with the operator’s maintenance or inspection program without obtaining approval of an AMOC, provided the RC steps, including substeps and identified figures, can still be done as specified, and the airplane can be put back in an airworthy condition.

Fisheries of the Exclusive Economic Zone Off Alaska; Halibut Deck Sorting Monitoring Requirements for Trawl Catcher/Processors Operating in Non-Pollock Groundfish Fisheries Off Alaska; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; correcting amendments; stay of effectiveness.

SUMMARY: NMFS is correcting a final rule that published on October 15, 2019, issuing regulations to implement catch handling and monitoring requirements to allow Pacific halibut (halibut) bycatch to be sorted on the deck of trawl catcher/processors (C/Ps) and motherships participating in the non-pollock groundfish fisheries off Alaska. The final rule incorrectly stated that the collection-of-information requirements subject to the Paperwork Reduction Act (PRA) had been approved by the Office of Management and Business (OMB) at the time the final rule was published. The final rule also inadvertently omitted amendatory language to remove a now obsolete and unnecessary regulation. The intent of this final rule is to make corrections and to stay the effectiveness of associated collection-of-information requirements.

DATES: This rule is effective December 9, 2019. Effective December 9, 2019, 50 CFR 679.280(d)(9) and (10) and (l) and § 679.120(b), (c), (d), and (e) are stayed indefinitely.

SUPPLEMENTARY INFORMATION:
Need for Correction

NMFS published the final rule issuing regulations to implement catch handling and monitoring requirements to allow halibut bycatch to be sorted on the deck of trawl C/Ps and motherships participating in the non-pollock groundfish fisheries off Alaska in the Federal Register on October 15, 2019 (84 FR 55044). The final rule incorrectly stated that the collection-of-information requirements...
requirements subject to the PRA had been approved by the OMB under Control Number 0648–0318 (North Pacific Observer Program) and Control Number 0648–0330 (Alaska Region, Scale and Catch Weighing Requirements) at the time the final rule was published. The effective date for the final rule’s collection of information requirements is delayed. When OMB approval is received, NOAA will publish a document in the Federal Register announcing the effective date for these information collection requirements.

Although the proposed and final rule preambles explained that certain obsolete and unnecessary regulations would be removed, the final rule inadvertently omitted amendatory language to remove a now obsolete and unnecessary regulation. This rule corrects this error.

Classification

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is unnecessary and contrary to the public interest. With respect to the final rule’s inadvertent omission of amendatory text that would remove the obsolete and unnecessary regulation, the public was already provided with notice and opportunity to comment via electronic submission (www.regulations.gov/#docketDetail;D=NOAA-NMFS-2018-0122) and by mail during the proposed rule public comment period which began on April 16, 2019 and ended on May 16, 2019. Further delay would result in public confusion with respect to the effectiveness of the remaining regulations established by the final rule.

For the reasons above, the AA also finds good cause under 5 U.S.C. 553(d)(3) to waive the 30-day delay in effective date and make this rule effective immediately upon publication.

Correction to Final Rule

In final rule FR Doc. 2019–22198, published on October 15, 2019 (84 FR 55044), the following corrections are made:

1. On page 55044, in the second column, under “National Oceanic and Atmospheric Administration”, “‘15 CFR 902.1’ is removed and ‘15 CFR part 902’ added in its place.

2. On page 55050, second column, the heading “OMB Revisions to PRA Requirements” in 15 CFR 902.1(b)” and corresponding paragraph are removed.

3. On page 55051, first column, the first sentence of the last paragraph is corrected to read as follows:

This final rule contains collection-of-information requirements subject to review and approval by the Office of Management and Budget (OMB) under the Paperwork Reduction Act (PRA). These requirements have been submitted to OMB for approval under Control Number 0648–0318 (North Pacific Observer Program) and Control Number 0648–0330 (Alaska Region, Scale and Catch Weighing Requirements). When approval is received, NMFS will announce in the Federal Register the effective date for these information collection requirements.

[Public Notice: 10921]

RIN 1400–AE90

Passports; Clarification of Previous Rule Relating to Treatment of Serious Tax Debt

AGENCY: State Department.

ACTION: Final rule.

SUMMARY: This final rule provides a clarification regarding situations in which a passport applicant is certified by the Secretary of the Treasury as having a seriously delinquent tax debt. In this rule, the Department clarifies that in such situations, the Department may issue a limited validity passport for direct return to the United States or when emergency circumstances or humanitarian reasons exist.

DATES: The effective date of this regulation is December 9, 2019.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: On September 2, 2016, the Department published a final rule that implemented the Fixing America’s Surface Transportation Act (FAST Act), codified at 22 U.S.C. 2714a (the 2016 Final Rule). See 81 FR 60608.1

The rulemaking incorporated statutory passport denial and revocation requirements for certain individuals who have been certified by the Secretary of the Treasury as having seriously delinquent tax debt or who submit passport applications without correct and valid Social Security numbers.

Why is this rule necessary?

The 2016 Final Rule, as codified at 22 CFR 51.60(a)(3), led to an unintended result. That rule provided that applicants for a passport who are certified by the Secretary of the Treasury as having a seriously delinquent tax debt or who submit passport applications without correct and valid Social Security numbers.
