disputes the reseller received to the CRC that provided the reseller with the disputed information.

4. Conclusion

The Bureau will continue to publish Supervisory Highlights to aid Bureau-supervised entities in their efforts to comply with Federal consumer financial law. The report shares information regarding general supervisory and examination findings regarding the FCRA and Regulation V (without identifying specific institutions). This information is shared, in part, to communicate the Bureau’s supervisory expectations to CRCs and furnishing that those institutions comply with the applicable provisions of the FCRA and Regulation V.

Supervision’s work in the consumer reporting market is ongoing and remains a high priority. As detailed in this report, CFPB examiners have continued to identify violations and CMS weaknesses regarding critical FCRA and Regulation V protections. However, examiners have also observed significant improvements in these areas, including continued investment in FCRA-related CMS. Supervision will continue to conduct reviews at CRCs, including resellers, as well as at furnishers and users of consumer reports within our supervisory jurisdiction.

Director, Bureau of Consumer Financial Protection.
