Hawaiian Education Program

Applications for New Awards; Native Hawaiian Education Program

AGENCY: Office of Elementary and Secondary Education, Department of Education.

ACTION: Notice.

SUMMARY: The Department of Education (Department) is issuing a notice inviting applications for fiscal year (FY) 2020 for the Native Hawaiian Education (NHE) program, Catalog of Federal Domestic Assistance (CFDA) number 84.362A. This notice relates to the approved information collection under OMB control number 1894–0006.

DATES:

ADDRESS: For the addresses for obtaining and submitting an application, please refer to our Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The purpose of the NHE program is to support innovative projects that recognize and address the unique educational needs of Native Hawaiians. These projects must include the activities authorized under section 6205(a)(2) of the Elementary and Secondary Education Act of 1965, as amended (ESEA), and may include one or more of the activities authorized under section 6205(a)(3) of the ESEA.

Note: The construction of facilities that support the operation of Native Hawaiian education programs will be a permissible activity only if Congress specifically authorizes the use of FY 2020 funds for this purpose.

Background: The NHE program serves the unique educational needs of Native Hawaiians and recognizes the roles of Native Hawaiian languages and cultures in the educational success and long-term well-being of Native Hawaiian students. The program supports effective supplemental education programs that maximize participation of Native Hawaiian educators and leaders in the planning, development, implementation, management, and evaluation of programs designed to serve Native Hawaiians. The statute identifies as priority areas activities that include beginning reading and literacy among students in kindergarten through third grade, the needs of at-risk children and youth, needs in fields or disciplines in which Native Hawaiians are underemployed, and the use of the Hawaiian language in instruction. The NHE program requires that grantees focus on one or more of these priority areas.

In addition, NHE grantees may undertake a broad array of activities to achieve these purposes, as described in section 6205(a)(3) of the ESEA, including several that are consistent with the Administration’s policy focus areas as expressed in the Department’s Notice of Final Supplemental Priorities and Definitions for Discretionary Grant Programs (Supplemental Priorities), published in the Federal Register on March 2, 2018 (83 FR 9096). For example, section 6205(a)(3)(F) of the ESEA authorizes the development of academic and vocational curricula to address the needs of Native Hawaiian children and adults, including curriculum materials in the Hawaiian language and mathematics and science curricula that incorporate Native Hawaiian traditions and culture. Similarly, Supplemental Priority 6 calls for projects in science, technology, engineering, and math (STEM) education, including computer science, that support student mastery of key prerequisites to ensure success in all STEM fields and expose students to building-block skills such as critical thinking and problem-solving, gained through hands-on, inquiry-based learning.

As a second example, ESEA section 6205(a)(2)(C) prioritizes programs that are designed to support projects that address needs in fields or disciplines in which Native Hawaiians are underemployed. Similarly, Supplemental Priority 3(c) is designed to support projects providing work-based learning experiences (such as internships, apprenticeships, and fellowships) that align with in-demand industry sector or occupations (as defined in section 3(23) of the Workforce Innovation and Opportunity Act of 2014 (WIOA)).

These two areas of alignment between the ESEA and the Supplemental Priorities will receive competitive preference points in this competition.

We note that, under ESEA section 6205(b), no more than five percent of funds awarded for a grant for any fiscal year under this program may be used for administrative costs. Pursuant to this statutory language, in this and future competitions under this program, this five percent limit must include both direct and indirect administrative costs. The administrative cost cap will limit the amount of indirect costs that a grantee can charge to this grant to no more than five percent. We will provide guidance and webinars on this topic for potential applicants, following the publication of this notice. For more information, see the Funding Restrictions section of this notice.

Priorities: This notice contains one absolute priority and two competitive preference priorities. Consistent with 34 CFR 75.105(b)(2)(v), the absolute priority is from section 6205(a)(2) of the ESEA. In accordance with 34 CFR 75.105(b)(2)(ii), the two competitive preference priorities are from the Supplemental Priorities.

Absolute Priority: For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, this priority is an absolute priority. Under 34 CFR 75.105(c)(3), we consider only applications that meet this priority.

An applicant may address one or more parts of the absolute priority. An applicant must clearly identify in its application which part or parts of the absolute priority its project will address. This priority is:
Eligible applicants must propose a project that is designed to address one or more of the following:

(a) Beginning reading and literacy among students in kindergarten through third grade.

(b) The needs of at-risk children and youth.

(c) Needs in fields or disciplines in which Native Hawaiians are underemployed.

(d) The use of the Hawaiian language in instruction.

**Competitive Preference Priorities:**

For FY 2020 and any subsequent year in which we make awards from the list of unfunded applications from this competition, these priorities are competitive preference priorities. Under 34 CFR 75.105(c)(2)(i), we award up to an additional five points to an application, depending on how well the application meets Competitive Preference Priority 1, and up to an additional five points to an application, depending on how well the application meets Competitive Preference Priority 2. We will award a maximum of 10 points to an application that addresses both of the competitive preference priorities.

These priorities are:

**Competitive Preference Priority 1—Promoting Science, Technology, Engineering, or Math (STEM) Education, with a Particular Focus on Computer Science (up to five points).**

Projects designed to improve student achievement or other educational outcomes in one or more of the following areas: Science, technology, engineering, math, or computer science (as defined in this notice). These projects must address the following priority area: Increasing access to STEM coursework, including computer science (as defined in this notice), and hands-on learning opportunities, such as through expanded course offerings, dual-enrollment, high-quality online coursework, or other innovative delivery mechanisms.

**Competitive Preference Priority 2—Fostering Flexible and Affordable Paths to Obtaining Knowledge and Skills (up to five points).**

Projects that are designed to address providing work-based learning experiences (such as internships, apprenticeships, and fellowships) that align with in-demand industry sectors or occupations (as defined in section 3(23) of WIOA).

**Definitions:** The definitions below are from 34 CFR 77.1(c); sections 4310(2), 6207, and 8101 of the ESEA; the Supplemental Priorities; and section 3(23) of WIOA. These definitions apply to the FY 2020 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition.

**Charter school** means a public school that—

(a) In accordance with a specific State statute authorizing the granting of charters to schools, is exempt from significant State or local rules that inhibit the flexible operation and management of public schools, but not from any rules relating to the other requirements of this definition;

(b) Is created by a developer as a public school, or is adapted by a developer from an existing public school, and is operated under public supervision and direction;

(c) Operates in pursuit of a specific set of educational objectives determined by the school’s developer and agreed to by the authorized public chartering agency;

(d) Provides a program of elementary or secondary education, or both;

(e) Is nonsectarian in its programs, admissions policies, employment practices, and all other operations, and is not affiliated with a sectarian school or religious institution;

(f) Does not charge tuition;

(h) Is a school to which parents choose to send their children, and that (1) admits students on the basis of a lottery, consistent with section 4303(c)(3)(A) of the ESEA, if more students apply for admission than can be accommodated; or (2) in the case of a school that has an affiliated charter school (such as a school that is part of the same network of schools), automatically enrolls students who are enrolled in the immediate prior grade level of the affiliated charter school and, for any additional student openings or student openings created through regular attrition in student enrollment in the affiliated charter school and the enrolling school, admits students on the basis of a lottery as described in clause (i); and

(i) Meets all applicable Federal, State, and local health and safety requirements;

(k) Operates in accordance with State law;

(l) Has a written performance contract with the authorized public chartering agency in the State that includes a description of how student performance will be measured in charter schools pursuant to State assessments that are required of other schools and pursuant to any other assessments mutually agreeable to the authorized public chartering agency and the charter school; and

(m) May serve students in early childhood education programs or postsecondary students. (Section 4310(2) of the ESEA)

**Computer science** means the study of computers and algorithmic processes and includes the study of computing principle and theories, computational thinking, computer hardware, software design, coding, analytics, and computer applications. Computer science often includes computer programming or coding as a tool to create software, including applications, games, websites, and tools to manage or manipulate data; or development and management of computer hardware and the other electronics related to sharing, securing, and using digital information. In addition to coding, the expanding field of computer science emphasizes computational thinking and interdisciplinary problem-solving to equip students with the skills and abilities necessary to apply computation in our digital world. Computer science does not include using the computer for everyday activities, such as browsing the internet; use of tools like word processing, spreadsheets, or presentation software; or using computers in the study and exploration of unrelated subjects. (Supplemental Priorities)

**Demonstrates a rationale** means a key project component included in the project’s logic model is informed by research or evaluation findings that suggest the project component is likely to improve relevant outcomes. (34 CFR 77.1(c))

**Dual or concurrent enrollment program** means a program offered by a partnership between at least one institution of higher education and at least one local educational agency through which a secondary school student who has not graduated from high school with a regular high school diploma is able to enroll in one or more postsecondary courses and earn postsecondary credit that—(a) is transferable to the institutions of higher
education in the partnership; and (b) applies toward completion of a degree or recognized educational credential as described in the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.). (Section 8101(15) of the ESEA)

In-Demand industry sector or occupation means an industry sector that has a substantial current or potential impact (including through jobs that lead to economic self-sufficiency and opportunities for advancement) on the State, regional, or local economy, as appropriate, and that contributes to the growth or stability of other supporting businesses, or the growth of such industry sectors; or an occupation that currently has, or is projected to have, a number of positions (including positions that lead to economic self-sufficiency and opportunities for advancement) in an industry sector so as to have a significant impact on the State, regional, or local economy, as appropriate. The determination of whether an industry sector or occupation is in-demand under this definition shall be made by the State board or local board, as appropriate, using State or regional business and labor market projections, including the use of labor market information. (Section 3(3)(B) of WIOA)

Logic model (also referred to as a theory of action) means a framework that identifies key project components of the proposed project (i.e., the active “ingredients” that are hypothesized to be critical to achieving the relevant outcomes) and describes the theoretical and operational relationships among the key project components and relevant outcomes. (34 CFR 77.1(c))

Native Hawaiian means any individual who is—
(a) A citizen of the United States; and
(b) A descendant of the aboriginal people who, prior to 1778, occupied and exercised sovereignty in the area that now comprises the State of Hawaii, as evidenced by—
(1) Genealogical records;
(2) Kupuna (elders) or Kamaaina (long-term community residents) verifications; or
(3) Certified birth records. (Section 6207(2) of the ESEA)

Native Hawaiian community-based organization means any organization that is composed primarily of Native Hawaiians from a specific community and that assists in the social, cultural, and educational development of Native Hawaiians in that community. (Section 6207(3) of the ESEA)

Native Hawaiian educational organization means a private nonprofit organization that—
(a) Serves the interests of Native Hawaiians;
(b) Has Native Hawaiians in substantive and policymaking positions within the organization;
(c) Incorporates Native Hawaiian perspective, values, language, culture, and traditions into the core function of the organization;
(d) Has demonstrated expertise in the education of Native Hawaiian youth; and
(e) Has demonstrated expertise in research and program development. (Section 6207(4) of the ESEA)

Native Hawaiian language means the single Native American language indigenous to the original inhabitants of the State of Hawaii. (Section 6207(5) of the ESEA)

Native Hawaiian organization means a private nonprofit organization that—
(a) Serves the interests of Native Hawaiians;
(b) Has Native Hawaiians in substantive and policymaking positions within the organization; and
(c) Is recognized by the Governor of Hawaii for the purpose of planning, conducting, or administering programs (or portions of programs) for the benefit of Native Hawaiians. (Section 6207(6) of the ESEA)

Project component means an activity, strategy, intervention, process, product, practice, or policy included in a project. Evidence may pertain to an individual project component or to a combination of project components (e.g., training teachers on instructional practices for English learners and follow-on coaching for these teachers). (34 CFR 77.1(c))

Regular high school diploma (a) means the standard high school diploma awarded to the preponderance of students in the State that is fully aligned with State standards, or a higher diploma, except that a regular high school diploma shall not be aligned to the alternate academic achievement standards described in ESEA section 1111(b)(1)(E); and (b) does not include a recognized equivalent of a diploma, such as a general equivalency diploma, certificate of completion, certificate of attendance, or similar lesser credential. (Section 8101(43) of the ESEA)

Relevant outcome means the student outcome(s) or other outcome(s) the key project component is designed to improve, consistent with the specific goals of the program. (34 CFR 77.1(c))

Application Requirement: The following application requirement is from section 6206(b) of the ESEA and applies to the FY 2020 grant competition and any subsequent year in which we make awards from the list of unfunded applications from this competition:

Each applicant for a grant under this program must submit the application for comment to the local educational agency serving students who will participate in the program to be carried out under the grant, and include those comments, if any, with the application to the Secretary.

Program Authority: Section 6205 of the ESEA (20 U.S.C. 7515).

Applicable Regulations: (a) The Education Department General Administrative Regulations in 34 CFR parts 75, 77, 79, 81, 82, 84, 86, 97, 98, and 99. (b) The Office of Management and Budget Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement) in 2 CFR part 180, as adopted and amended as regulations of the Department in 2 CFR part 3485. (c) The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards in 2 CFR part 200, as adopted and amended as regulations of the Department in 2 CFR part 3474. (d) The Supplemental Priorities.

Note: The regulations in 34 CFR part 86 apply to institutions of higher education only.

II. Award Information

Type of Award: Discretionary grants. Estimated Available Funds: The Administration’s budget request for FY 2020 does not include funds for this program. However, we are inviting applications to allow enough time to complete the grant process before the end of the current fiscal year, if Congress appropriates funds for this program. Contingent upon the availability of funds and the quality of applications, we may make additional awards in subsequent years from the list of unfunded applications from this competition.

Estimated Range of Awards: $250,000–$950,000 for each 12-month budget period.

Estimated Average Size of Awards: $780,000 for each 12-month period.

Estimated Number of Awards: 33.

Note: The Department is not bound by any estimates in this notice.

Project Period: Up to 36 months.

III. Eligibility Information

1. Eligible Applicants: The following entities are eligible to apply under this competition:
(a) Native Hawaiian educational organizations.
(b) Native Hawaiian community-based organizations.
(c) Public and private nonprofit organizations, agencies, and institutions
with experience in developing or operating Native Hawaiian programs or programs of instruction in the Native Hawaiian language.

(d) Charter schools.
(e) Consortia of the organizations, agencies, and institutions described in paragraphs (a) through (c).

2. Cost Sharing or Matching: This program does not require cost sharing or matching.

3. Subgrantees: A grantee under this competition may not award subgrants to entities to directly carry out project activities described in its application.

4. Performance Reports: If you receive an award under this program, you are required to provide copies of the performance reports (see section VI of this document below) to the Native Hawaiian Education Council (authorized under section 6204 of the ESEA (20 U.S.C. 7514)).

IV. Application and Submission Information

1. Application Submission Instructions: Applicants are required to follow the Common Instructions for Applicants to Department of Education Discretionary Grant Programs, published in the Federal Register on February 13, 2019 (84 FR 3768), and available at www.govinfo.gov/content/pkg/FR-2019-02-13/pdf/2019-02206.pdf, which contain requirements and information on how to submit an application.

2. Submission of Proprietary Information: Given the types of projects that may be proposed in applications for the NHIE program, your application may include business information that you consider proprietary. In 34 CFR 5.11, we define “business information” and describe the process we use in determining whether any of that information is proprietary and, thus, protected from disclosure under Exemption 4 of the Freedom of Information Act (5 U.S.C. 552, as amended).

Because we plan to make successful applications available to the public, you may wish to request confidentiality of business information.

Consistent with Executive Order 12600, please designate in your application any information that you believe is exempt from disclosure under Exemption 4. In the appropriate Appendix section of your application, under “Other Attachments Form,” please list the page number or numbers on which we can find this information. For additional information please see 34 CFR 5.11(c).

3. Interagency Review: This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

4. Funding Restrictions: No more than five percent of funds awarded for a grant under this program may be used for administrative costs (ESEA section 6205(b)). This five-percent limit must include both direct and indirect administrative costs.

Note: Pursuant to ESEA section 6205(b), in this and future competitions under this program the five-percent limit must include both direct and indirect administrative costs.

The term “administrative purposes” has its common sense meaning, which is that it includes not only those administrative costs that are charged directly, but also those administrative costs that are shared entity-wide (e.g., overhead and accounting costs) and included in an indirect cost rate. Additionally, Congress has explicitly specified in legislation authorizing other grant programs when it wishes for an administrative cost cap to refer to only direct administrative costs. It did not do so here. Thus, the administrative cost cap in this program will limit the amount of indirect costs that a grantee can charge to this grant to no more than five percent.

Please see the application package for more information about the administrative cost limit. We reference regulations outlining additional funding restrictions in the Applicable Regulations section of this notice.

5. Recommended Page Limit: The application narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. We recommend that you (1) limit the application narrative to no more than 30 pages and (2) use the following standards:

- A “page” is 8.5″ x 11″, on one side only, with 1″ margins at the top, bottom, and both sides.
- Double space (no more than three lines per vertical inch) all text in the application narrative, including titles, headings, footnotes, quotations, references, and captions, as well as all text in charts, tables, figures, and graphs.
- Use a font that is either 12 point or larger or no smaller than 10 pitch (characters per inch).
- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial.

The recommended page limit does not apply to the cover sheet; the budget section, including the narrative budget justification; the assurances and certifications; or the one-page abstract, the resumes, the bibliography, or the letters of support. However, the recommended page limit does apply to all of the application narrative.

V. Application Review Information

1. Selection Criteria: The selection criteria for this competition are from 34 CFR 75.210. The maximum score for all of the selection criteria is 120 points. The maximum score for each criterion is included in parentheses following the title of the specific selection criterion. Each criterion also includes the factors that reviewers will consider in determining the extent to which an applicant meets the criterion.

The selection criteria are as follows:
(a) Need for project (up to 20 points)
   (1) The Secretary considers the need for the proposed project.
   (2) In determining the need for the proposed project, the Secretary considers the following factors:
   (i) The magnitude of the need for the services to be provided or the activities to be carried out by the proposed project (up to 10 points).
   (ii) The extent to which specific gaps or weaknesses in services, infrastructure, or opportunities have been identified and will be addressed by the proposed project, including the nature and magnitude of those gaps or weaknesses (up to 10 points).
   (b) Quality of the project design (up to 20 points)
      (1) The Secretary considers the quality of the design of the proposed project.
      (2) In determining the quality of the design of the proposed project, the Secretary considers the following factors:
      (i) The extent to which the design of the proposed project is appropriate to, and will successfully address, the needs of the target population or other identified needs (up to 10 points).
      (ii) The extent to which the proposed project demonstrates a rationale (as defined in this notice) (up to 10 points).
      (c) Quality of project services (up to 30 points)
         (1) The Secretary considers the quality of the services to be provided by the proposed project.
         (2) In determining the quality of the services to be provided by the proposed project, the Secretary considers the quality and sufficiency of strategies for ensuring equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disability (up to 10 points).
      (3) In addition, the Secretary considers the following factors:
         (i) The extent to which the services to be provided by the proposed project
reflect up-to-date knowledge from research and effective practice (up to 10 points).

(ii) The likely impact of the services to be provided by the proposed project on the intended recipients of those services (up to 10 points).

(d) Quality of project personnel (up to 10 points)

(1) The Secretary considers the quality of the personnel who will carry out the proposed project.

(2) In determining the quality of project personnel, the Secretary considers the extent to which the applicant encourages applications for employment from persons who are members of groups that have been traditionally underrepresented based on race, color, national origin, gender, age, or disability (up to 5 points).

(3) In addition, the Secretary considers the qualifications, including relevant training and experience, of key project personnel (up to 5 points).

(e) Quality of the management plan (up to 10 points)

(1) The Secretary considers the quality of the management plan for the proposed project.

(2) In determining the quality of the management plan for the proposed project, the Secretary considers the following factors:

(i) The adequacy of the management plan to achieve the objectives of the proposed project on time and within budget, including clearly defined responsibilities, timelines, and milestones for accomplishing project tasks (up to 10 points).

(ii) The adequacy of mechanisms for ensuring high-quality products and services from the proposed project (up to 15 points).

(f) Quality of the project evaluation (up to 10 points)

(1) The Secretary considers the quality of the evaluation to be conducted of the proposed project.

(2) In determining the quality of the evaluation, the Secretary considers the extent to which the methods of evaluation will provide valid and reliable performance data on relevant outcomes.

Note: The selection criterion for project evaluation relates to performance measure (1) under the Performance Measures section of this notice.

2. Review and Selection Process: We remind potential applicants that in reviewing applications in any discretionary grant competition, the Secretary may consider, under 34 CFR 75.217(d), the past performance of the applicant in carrying out a previous award, such as the applicant’s use of funds, achievement of project objectives, and compliance with grant conditions. The Secretary may also consider whether the applicant failed to submit a timely performance report or submitted a report of unacceptable quality.

In addition, in making a competitive grant award, the Secretary requires various assurances, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

3. Risk Assessment and Specific Conditions: Consistent with 2 CFR 200.205, before awarding grants under this competition the Department conducts a review of the risks posed by applicants. Under 2 CFR 3474.10, the Secretary may impose specific conditions and, in appropriate circumstances, high-risk conditions on a grant if the applicant or grantee is not financially stable; has a history of unsatisfactory performance; has a financial or other management system that does not meet the standards in 2 CFR part 200, subpart D; has not fulfilled the conditions of a prior grant; or is otherwise not responsible.

4. Integrity and Performance System: If you are selected for this competition to receive an award that over the course of the project period may exceed the simplified acquisition threshold (currently $250,000), under 2 CFR 200.205(a)(2), we must make a judgment about your integrity, business ethics, and record of performance under Federal awards—that is, the risk posed by you as an applicant—before we make an award. In doing so, we must consider any information about you that is in the integrity and performance system (currently referred to as the Federal Awardee Performance and Integrity Information System (FAPIIS)), accessible through the System for Award Management. You may review and comment on any information about yourself that a Federal agency previously entered and that is currently in FAPIIS.

Please note that, if the total value of your currently active grants, cooperative agreements, and procurement contracts from the Federal Government exceeds $10,000,000, the reporting requirements in 2 CFR part 200, Appendix XII, require you to report certain integrity information to FAPIIS semiannually. Please review the requirements in 2 CFR part 200, Appendix XII, if this grant plus all the other Federal funds you receive exceed $10,000,000.

VI. Award Administration Information

1. Award Notices: If your application is successful, we notify your U.S. Representative and U.S. Senators and send you a Grant Award Notification (GAN); or we may send you an email containing a link to access an electronic version of your GAN. We may notify you informally, also.

If your application is not evaluated or not selected for funding, we notify you.
2. Administrative and National Policy Requirements: We identify administrative and national policy requirements in the application package and reference these and other requirements in the Applicable Regulations section of this notice.

We reference the regulations outlining the terms and conditions of an award in the Applicable Regulations section of this notice and include these and other specific conditions in the GAN. The GAN also incorporates your approved application as part of your binding commitments under the grant.

3. Open Licensing Requirements: Unless an exception applies, if you are awarded a grant under this competition, you will be required to openly license to the public grant deliverables created in whole, or in part, with Department grant funds. When the deliverable consists of modifications to pre-existing works, the license extends only to those modifications that can be separately identified and only to the extent that open licensing is permitted under the terms of any licenses or other legal restrictions on the use of pre-existing works. Additionally, a grantee or subgrantee that is awarded competitive grant funds must have a plan to disseminate these public grant deliverables. This dissemination plan can be developed and submitted after your application has been reviewed and selected for funding. For additional information on the open licensing requirements please refer to 2 CFR 3474.20.

4. Reporting: (a) If you apply for a grant under this competition, you must ensure that you have in place the necessary processes and systems to comply with the reporting requirements in 2 CFR part 170 should you receive funding under the competition. This does not apply if you have an exception under 2 CFR 170.110(b).

(b) At the end of your project period, you must submit a final performance report, including financial information, as directed by the Secretary. If you receive a multiyear award, you must submit an annual performance report that provides the most current performance and financial expenditure.
information as directed by the Secretary under 34 CFR 75.118. The Secretary may also require more frequent performance reports under 34 CFR 75.720(c). For specific requirements on reporting, please go to www.ed.gov/ fund/grant/apply/appforms/appforms.html.

(c) Under 34 CFR 75.250(b), the Secretary may provide a grantee with additional funding for data collection analysis and reporting. In this case the Secretary establishes a data collection period.

5. Performance Measures: We have established four performance measures for this program: (1) The number of grantees that attain or exceed the targets for the outcome indicators for their projects that have been approved by the Secretary; (2) the percentage of Native Hawaiian children participating in early education programs who consistently demonstrate school readiness in literacy as measured by the Hawaii School Readiness Assessment (HSRA); (3) the percentage of students in schools served by the program who graduate from high school with a regular high school diploma (as defined in this notice) in four years; and (4) the percentage of students participating in a Native Hawaiian language (as defined in this notice) program that is conducted under the NHE program who meet or exceed proficiency standards in reading on a test of the Native Hawaiian language.

6. Continuation Awards: In making a continuation award under 34 CFR 75.253, the Secretary considers, among other things: Whether a grantee has made substantial progress in achieving the goals and objectives of the project; whether the grantee has expended funds in a manner that is consistent with its approved application and budget; and, if the Secretary has established performance measurement requirements, the performance targets in the grantee’s approved application.

In making a continuation award, the Secretary also considers whether the grantee is operating in compliance with the assurances in its approved application, including those applicable to Federal civil rights laws that prohibit discrimination in programs or activities receiving Federal financial assistance from the Department (34 CFR 100.4, 104.5, 106.4, 108.8, and 110.23).

VII. Other Information

Accessible Format: Individuals with disabilities can obtain this document and a copy of the application package in an accessible format (e.g., braille, large print, audiotape, or compact disc) on request to the program contact person listed under FOR FURTHER INFORMATION CONTACT.

Electronic Access to This Document: The official version of this document is the document published in the Federal Register. You may access the official edition of the Federal Register and the Code of Federal Regulations at www.govinfo.gov. At this site you can view this document, as well as all other documents of this Department published in the Federal Register, in text or Portable Document Format (PDF). To use PDF you must have Adobe Acrobat Reader, which is available free at the site.

You may also access documents of the Department published in the Federal Register by using the article search feature at www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Frank T. Brogan,
Assistant Secretary for Elementary and Secondary Education.

Notice of Petition for Waiver of GD Midea Air Conditioning Equipment Co. LTD. from the Department of Energy Room Air Conditioner Test Procedure and Notice of Grant of Interim Waiver

ACTION: Notice of petition for waiver and grant of an interim waiver, and request for comments.

SUMMARY: This document announces receipt of and publishes a petition for waiver from GD Midea Air Conditioning Equipment Co. LTD. (“Midea”), which seeks an exemption from the U.S. Department of Energy (“DOE”) test procedure when determining the efficiency of listed room air conditioner basic models. Midea seeks to use an alternate test procedure to address issues involved in testing the basic models listed in its petition. According to Midea, the current DOE test procedure for room air conditioners, which provides for testing at full-load performance only, does not take into account the benefits of room air conditioners that use variable-speed compressors (“variable-speed room air conditioners”), with their part-load performance characteristics, and misrepresents their actual energy consumption. Midea requests that DOE permit Midea to test the basic models listed in its petition using the alternate test procedure in the interim waiver granted to LG Electronics USA, Inc. (“LG”) on June 29, 2018, which requires testing units at four rating conditions instead of a single rating condition and calculating each test unit’s weighted-average combined energy efficiency ratio (“CEER”), which is compared to the expected performance of a theoretical comparable single-speed room air conditioner across the same four rating conditions. The measured performance of the variable-speed room air conditioner when tested under the high-temperature rating condition of the DOE test procedure for room air conditioners would be scaled by the same relative performance improvement to determine the test unit’s final rated CEER value. DOE grants Midea an interim waiver from DOE’s room air conditioner test procedure for the basic models listed in the Interim Waiver Order, subject to use of the alternate test procedure as set forth in the Interim Waiver Order. DOE solicits comments, data, and information concerning Midea’s petition and its suggested alternate test procedure to inform its final decision on Midea’s waiver request.

DATES: Written comments and information will be accepted on or before January 13, 2020.

ADDRESSES: Interested persons are encouraged to submit comments using the Federal eRulemaking Portal at http://www.regulations.gov. Alternatively, interested persons may submit comments, identified by case number “2019–004”, and Docket number “EERE–2019–BT–WAV–0009,” by any of the following methods:

• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.
• E-mail: MideaAmerica2019WAV0009@ee.doe.gov Include the case number [Case No. 2019–004] in the subject line of the message.
