Provisional Measures

Section 703(d) of the Act states that the suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months. Commerce published the *Preliminary Determination* on April 5, 2019. Therefore, the four-month period beginning on the date of the publication of the *Preliminary Determination* ended on August 1, 2019. In accordance with section 703(d) of the Act, Commerce instructed CBP to terminate the suspension of liquidation and to liquidate, without regard to countervailing duties, unliquidated entries of refillable stainless steel kegs from China entered, or withdrawn from warehouse, for consumption after August 1, 2019, the date the provisional measures expired. Suspension of liquidation will resume on the date of publication in the **Federal Register** of the ITC's determination that the establishment of an industry was materially retarded by reason of subsidized imports.

Notification to Interested Parties

This notice constitutes the countervailing duty order with respect to refillable stainless steel kegs from China pursuant to section 706(a) of the Act. Interested parties can find a list of countervailing duty orders currently in effect at <http://enforcement.trade.gov/stats/iastats1.html>.

This order is issued and published in accordance with section 706(a) of the Act and 19 CFR 351.211(b).

Dated: December 11, 2019.

Jeffrey I. Kessler,

Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Order

The merchandise covered by the order are kegs, vessels, or containers with bodies that are approximately cylindrical in shape, made from stainless steel (*i.e.*, steel containing at least 10.5 percent chromium by weight and less than 1.2 percent carbon by weight, with or without other elements), and that are compatible with a "D Sankey" extractor (refillable stainless steel kegs) with a nominal liquid volume capacity of 10 liters or more, regardless of the type of finish, gauge, thickness, or grade of stainless steel, and whether or not covered by or encased in other materials. Refillable stainless steel kegs may be imported assembled or unassembled, with or without all components (including spears, couplers or taps, necks, collars, and valves), and be filled or unfilled.

"Unassembled" or "unfinished" refillable stainless steel kegs include drawn stainless steel cylinders that have been welded to form the body of the keg and attached to an upper (top) chime and/or lower (bottom) chime. Unassembled refillable stainless steel kegs may or may not be welded to a neck, may or may not have a valve assembly attached, and may be otherwise complete except for testing, certification, and/or marking.

Subject merchandise also includes refillable stainless steel kegs that have been further processed in a third country, including but not limited to, attachment of necks, collars, spears or valves, heat treatment, pickling, passivation, painting, testing, certification or any other processing that would not otherwise remove the merchandise from the scope of the order if performed in the country of manufacture of the in-scope refillable stainless steel keg.

Specifically excluded are the following:

(1) Vessels or containers that are not approximately cylindrical in nature (*e.g.*, box, "hopper" or "cone" shaped vessels);

(2) stainless steel kegs, vessels, or containers that have either a "ball lock" valve system or a "pin lock" valve system (commonly known as "Cornelius," "corny" or "ball lock" kegs);

(3) necks, spears, couplers or taps, collars, and valves that are not imported with the subject merchandise; and

(4) stainless steel kegs that are filled with beer, wine, or other liquid and that are designated by the Commissioner of Customs as Instruments of International Traffic within the meaning of section 332(a) of the *Tariff Act of 1930*, as amended.

The merchandise covered by the order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under subheadings 7310.10.0010, 7310.10.0050, 7310.29.0025, and 7310.29.0050.

These HTSUS subheadings are provided for convenience and customs purposes; the written description of the scope of the order is dispositive.

Proposed Information Collection; Comment Request; Request for Duty-Free Entry of Scientific Instrument or Apparatus

AGENCY: International Trade Administration.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and

respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on this information collection, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before February 14, 2020.

ADDRESSES: Direct all written comments to Towanda Carey, ITA Paperwork Clearance Officer, Department of Commerce, OCFEO, 14th and Constitution Avenue NW, Washington, DC 20230 (or via the internet at PRAComments@doc.gov). Comments will generally be posted without change. Please do not include information of a confidential nature, such as sensitive personal information or proprietary information. All Personally Identifiable Information (for example, name and address) voluntarily submitted may be publicly accessible.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Dianne Hanshaw, Enforcement and Compliance (E&C), phone number 202–482–1661, or via the internet at Dianne.Hanshaw@trade.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

The Departments of Commerce and Homeland Security (“DHS”) are required to determine whether nonprofit institutions established for scientific or educational purposes are entitled to duty-free entry for scientific instruments the institutions import under the Florence Agreement. Form ITA–338P enables: (1) DHS to determine whether the statutory eligibility requirements for the institution and the instrument are fulfilled, and (2) Commerce to make a comparison and finding as to the scientific equivalency of comparable instruments being manufactured in the United States. Without the collection of the information, DHS and Commerce would not have the necessary information to carry out the responsibilities of determining eligibility for duty-free entry assigned by law.

II. Method of Collection

A copy of Form ITA–338P is provided on and downloadable from a website at <http://enforcement.trade.gov/sips/sipsform/ita-338p.pdf> or the potential applicant may request a copy from the Department. The applicant completes the form and then forwards it via mail to DHS.

Upon acceptance by DHS as a valid application, the application is transmitted to Commerce for further processing.

III. Data

OMB Control Number: 0625–0037.

Form Number(s): ITA–338P.

Type of Review: Regular submission.

Affected Public: State or local government; Federal agencies; not for-profit institutions.

Estimated Number of Respondents: 65.

Estimated Time per Response: 2 hours.

Estimated Total Annual Burden Hours: 130.

Estimated Total Annual Cost to Public: \$2,138.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Sheleen Dumas,

Department PRA Clearance Officer, Office of the Chief Information Officer, Commerce Department.
