

- BOEM–0127, Sensitive Reservoir Information Report;
- BOEM–0140, Bottomhole Pressure Survey Report;
- BOEM–1123, Designation of Operator; and
- BOEM–1832, Notification of Incident(s) of Noncompliance.

Type of Review: Revision of a currently approved information collection.

Respondents/Affected Public: Oil and gas and Sulphur lessees/operators.

Total Estimated Number of Annual Responses: 5,302 responses.

Total Estimated Number of Annual Burden Hours: 18,323 hours.

Respondent's Obligation: Mandatory.
Frequency of Collection: On occasion, monthly.

Total Estimated Annual Non-hour Burden Cost: \$165,492.

Estimated Reporting and Recordkeeping Hour Burden: The current annual burden hours for this collection are 30,635 hours. BOEM proposes to reduce annual burden hours to 18,323 hours, which is a decrease of 12,312 annual burden hours. The annual burden hour reduction is related to adjustments in 30 CFR 550, subpart K, which include:

- For 30 CFR 550.1153, the regions re-evaluated the annual burden hours for static bottomhole pressure surveys. The average hour burden based on industry feedback is 15 hours instead of 14 hours. Also, BOEM on average reviews approximately 400 bottomhole pressure surveys per year instead of 1,161 surveys. The 2017 OMB approved annual burden hours included 3 years of data instead of annual data. Therefore, BOEM is reducing the number of respondents to correct this error. The annual burden hours for 30 CFR 550.1153 is decreasing from 16,254 hours to 6,000 hours (–10,254 hours).

- For 30 CFR 550.1153(d), BOEM is increasing the hour burden from 1 to 5 based on industry feedback. BOEM is currently reviewing fewer departures annually than previously recorded (decreasing number of departures from 200 to 100). With the increase in hour burdens and the decrease in respondents, the overall annual burden hour for 30 CFR 550.1153(d) will increase to 500 hours (+300 hours).

- For 30 CFR 550.1154 and 550.1167, BOEM is changing the hour burden from 1 to 5 hours based on industry feedback. However, the number of respondents is dropping by 2/3rds (from 15 requests to 5 requests). Therefore, the annual burden hour change will increase slightly from 15 hours to 25 hours (+10 hours).

- For 30 CFR 550.1155, based on outreach input, BOEM is increasing the hour burden for form BOEM–0127 from 3 hours to 6 hours. However, BOEM previously overestimated the number of forms submitted. BOEM is reducing the number of forms collected from 2,012 to 610 forms; therefore, the overall annual burden hours will decrease from 6,036 hours to 3,660 hours (–2,376 hours).

- For 30 CFR 550.1153–1167, BOEM is increasing the respondents from 2 to 10 due to an increase in annual departure requests. With changes in technology, operators are installing permanent downhole gauges in wells, which show continuous readings of the downhole pressure. Operators are submitting this type of data, as alternative compliance to static bottomhole pressure surveys, to meet the bottomhole pressure requirement. BOEM has seen an increase from 2 to 10 departure requests annually. This increase in respondents causes the annual burden hours to increase from 2 to 10 hours (+8 hours).

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Authority: The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Quarterly Status Report of Water Service, Repayment, and Other Water-Related Contract Actions

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of contract actions.

SUMMARY: Notice is hereby given of contractual actions that have been proposed to the Bureau of Reclamation (Reclamation) and are new, discontinued, or completed since the last publication of this notice. This notice is one of a variety of means used to inform the public about proposed contractual actions for capital recovery and management of project resources and facilities consistent with section 9(f) of the Reclamation Project Act of 1939.

Additional announcements of individual contract actions may be published in the **Federal Register** and in newspapers of general circulation in the areas determined by Reclamation to be affected by the proposed action.

ADDRESSES: The identity of the approving officer and other information pertaining to a specific contract proposal may be obtained by calling or writing the appropriate regional office at the address and telephone number given for each region in the **SUPPLEMENTARY INFORMATION** section of this notice.

FOR FURTHER INFORMATION CONTACT: Michelle Kelly, Reclamation Law Administration Division, Bureau of Reclamation, P.O. Box 25007, Denver, Colorado 80225–0007; mkelly@usbr.gov; telephone 303–445–2888.

SUPPLEMENTARY INFORMATION: Consistent with section 9(f) of the Reclamation Project Act of 1939, and the rules and regulations published in 52 FR 11954, April 13, 1987 (43 CFR 426.22), Reclamation will publish notice of proposed or amendatory contract actions for any contract for the delivery of project water for authorized uses in newspapers of general circulation in the affected area at least 60 days prior to contract execution. Announcements may be in the form of news releases, legal notices, official letters, memorandums, or other forms of written material. Meetings, workshops, and/or hearings may also be used, as appropriate, to provide local publicity. The public participation procedures do not apply to proposed contracts for the sale of surplus or interim irrigation water for a term of 1 year or less. Either of the contracting parties may invite the public to observe contract proceedings. All public participation procedures will be coordinated with those involved in complying with the National Environmental Policy Act. Pursuant to the “Final Revised Public Participation Procedures” for water resource-related contract negotiations, published in 47 FR 7763, February 22, 1982, a tabulation is provided of all proposed contractual actions in each of the five Reclamation regions. When contract negotiations are completed, and prior to execution, each proposed contract form must be approved by the Secretary of the Interior, or pursuant to delegated or redelegated authority, the Commissioner of Reclamation or one of the regional directors. In some instances, congressional review and approval of a report, water rate, or other terms and conditions of the contract may be involved.

Public participation in and receipt of comments on contract proposals will be

facilitated by adherence to the following procedures:

1. Only persons authorized to act on behalf of the contracting entities may negotiate the terms and conditions of a specific contract proposal.

2. Advance notice of meetings or hearings will be furnished to those parties that have made a timely written request for such notice to the appropriate regional or project office of Reclamation.

3. Written correspondence regarding proposed contracts may be made available to the general public pursuant to the terms and procedures of the Freedom of Information Act, as amended.

4. Written comments on a proposed contract or contract action must be submitted to the appropriate regional officials at the locations and within the time limits set forth in the advance public notices.

5. All written comments received and testimony presented at any public hearings will be reviewed and summarized by the appropriate regional office for use by the contract approving authority.

6. Copies of specific proposed contracts may be obtained from the appropriate regional director or his or her designated public contact as they become available for review and comment.

7. In the event modifications are made in the form of a proposed contract, the appropriate regional director shall determine whether republication of the notice and/or extension of the comment period is necessary.

Factors considered in making such a determination shall include, but are not limited to, (i) the significance of the modification, and (ii) the degree of public interest which has been expressed over the course of the negotiations. At a minimum, the regional director will furnish revised contracts to all parties who requested the contract in response to the initial public notice.

Change in Discount Rate for Water Resources Planning

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of change in discount rate.

SUMMARY: The Bureau of Reclamation is announcing the interest rate to be used by Federal agencies in the formulation and evaluation of plans for water and related land resources is 2.75 percent for fiscal year 2020. The prior fiscal year's rate as announced in the **Federal Register** (83 FR 64875) on December 18, 2018, was 2.875 percent for fiscal year 2019.

DATES: This discount rate is to be used for the period October 1, 2019, through and including September 30, 2020.

FOR FURTHER INFORMATION CONTACT: Mr. William Taylor, Bureau of Reclamation, Reclamation Law Administration Division, P.O. Box 25007, Denver, Colorado 80225; telephone 303–445–2113.

SUPPLEMENTARY INFORMATION: The Water Resources Planning Act of 1965 and the Water Resources Development Act of 1974 require an annual determination of a discount rate for Federal water resources planning. The discount rate for Federal water resources planning for fiscal year 2020 is 2.750 percent. Discounting is to be used to convert future monetary values to present values.

This rate has been computed in accordance with Section 80(a), Public Law 93–251 (88 Stat. 34), and 18 CFR 704.39, which: (1) Specify that the rate will be based upon the average yield during the preceding fiscal year on interest-bearing marketable securities of the United States which, at the time the computation is made, have terms of 15 years or more remaining to maturity (average yield is rounded to nearest one-eighth percent); and (2) provide that the rate will not be raised or lowered more than one-quarter of 1 percent for any year. The U.S. Department of the Treasury calculated the specified average to be 2.7201 percent. This rate, rounded to the nearest one-eighth percent, is 2.75 percent, which is a change of less than the allowable one-quarter of 1 percent. Therefore, the fiscal year 2020 rate is 2.75 percent.

The rate of 2.75 percent will be used by all Federal agencies in the
