FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Francisco Javier Lopez, 202–401–1433.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

OMB Control Number: 1865–0555.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 138.

Total Estimated Number of Annual Burden Hours: 6,900.

Abstract: The NPD Program provides grants for eligible entities to implement professional development activities intended to improve instruction for English Learners (ELs) and assists education personnel working with ELs to meet high professional standards. Information in the NPD grantee performance report is being collected in compliance with the authorized by section 3131(c)(1)(C) of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act, and in accordance with the Government Performance Results Act (GPRA) of 1993, Section 4 (1115), and the Education Department General Administrative Regulations (EDGAR), 34 CFR 75.253. Grantees are required to report targets and their progress toward meeting the objectives and goals established for each ED grant program. This information collection serves two purposes: the data are necessary to assess the performance of the NPD program on measures and also, budget information and data on project-specific performance measures are collected from NPD grantees for project monitoring and for the purpose of determining continuation funding.

Title of Collection: Credit Enhancement for Charter School Facilities Program Performance Report.

OMB Control Number: 1855–0010.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 60.

Total Estimated Number of Annual Burden Hours: 1,500.

Abstract: The purpose of the Credit Enhancement program is to award grants to eligible entities that demonstrate innovative methods of helping charter schools address the cost of acquiring, constructing, and renovating facilities by enhancing the availability of loans and bond financing. This program provides grants to eligible entities to permit them to enhance the credit of charter schools so that the charter schools can access private-sector and other non-Federal capital in order to acquire, construct, and renovate facilities at a reasonable cost. The Credit Enhancement for Charter School Facilities Program and the Charter Schools Facilities Financing Demonstration Program have a statutory mandate for an annual report. This reporting is a requirement in order to obtain or retain benefits according to section 4304 of the Elementary and Secondary Education Act of 1965 as amended by the Every Student Succeeds Act (ESSA) of 2015. The information is collected in order to adhere to statutory requirements and to perform monitoring and evaluation of grantees.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP20–16–000]

Notice of Intent To Prepare an Environmental Assessment for the Proposed Portland Natural Gas Transmission System Westbrook XPress Project and Request for Comments on Environmental Issues

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Westbrook XPress Project involving construction and operation of facilities by Portland Natural Gas Transmission System (PNGTS) in Cumberland County, Maine. The Commission will use this EA in its decision-making process to determine whether the project is in the public convenience and necessity.

This notice announces the opening of the scoping process the Commission will use to gather input from the public and interested agencies about issues regarding the project. The National Environmental Policy Act (NEPA) requires the Commission to take into account the environmental impacts that could result from its action whenever it considers the issuance of a Certificate of Public Convenience and Necessity. NEPA also requires the Commission to discover concerns the public may have about proposals. This process is referred to as “scoping.” The main goal of the scoping process is to focus the analysis in the EA on the important environmental issues. By this notice, the Commission requests public comments on the scope of issues to address in the EA. To ensure that your comments are timely and properly recorded, please submit your comments so that the Commission receives them in Washington, DC on or before 5:00 p.m. Eastern Time on January 21, 2020.

You can make a difference by submitting your specific comments or concerns about the project. Your comments should focus on the potential environmental effects, reasonable alternatives, and measures to avoid or lessen environmental impacts. Your input will help the Commission staff determine what issues they need to evaluate in the EA. Commission staff will consider all filed comments during the preparation of the EA.

If you sent comments on this project to the Commission before the opening of this docket on November 18, 2019, you will need to file those comments in Docket No. CP20–16–000 to ensure they are considered as part of this proceeding.

This notice is being sent to the Commission’s current environmental mailing list for this project. State and local government representatives should notify their constituents of this proposed project and encourage them to comment on their areas of concern. If you are a landowner receiving this notice, a pipeline company representative may contact you about the acquisition of an easement to construct, operate, and maintain the proposed facilities. The company would seek to negotiate a mutually acceptable agreement. You are not required to enter into an agreement. However, if the Commission approves the project, that approval conveys with it the right of eminent domain. Therefore, if you and the company do not reach an easement agreement, the pipeline company could initiate condemnation proceedings in court. In such instances, compensation would be determined by a judge in accordance with state law.

PNGTS provided landowners with a fact sheet prepared by the FERC entitled “An Interstate Natural Gas Facility On My Land? What Do I Need To Know?” This fact sheet addresses a number of typically asked questions, including the use of eminent domain and how to participate in the Commission’s proceedings. It is also available for viewing on the FERC website (www.ferc.gov) at https://www.ferc.gov/resources/guides/gas/gas.pdf.

Public Participation

The Commission offers a free service called eSubscription which makes it easy to stay informed of all issuances and submittals regarding the dockets/projects to which you subscribe. These instant email notifications are the fastest way to receive notification and provide a link to the document files which can reduce the amount of time you spend researching proceedings. To sign up go to www.ferc.gov/docs-filing/esubscription.asp.

For your convenience, there are three methods you can use to submit your comments to the Commission. The Commission encourages electronic filing of comments and has staff available to
