DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

[Project No. 1894–209]
Notice of Availability of Environmental Assessment; Dominion Energy South Carolina Inc.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects has reviewed an application submitted by Dominion Energy South Carolina Inc. (licensee) to allow Newberry Sand Inc. (NSI), in Newberry and Greene Counties, South Carolina, the use of Parr Shoals Hydroelectric (FERC No. 1894) project lands and waters to conduct hydraulic sand mining. The project is located on the mainstem of the Broad River Newberry and Fairfield Counties, South Carolina.

An Environmental Assessment (EA) has been prepared as part of Commission staff’s review of the proposal. In the application, NSI anticipates removing 23,500 tons of sand each year from the project reservoir. The dredge would pump sand to an upland processing area. This EA contains Commission staff’s analysis of the probable environmental impacts of the proposed action and concludes that approval of the proposal would not constitute a major federal action significantly affecting the quality of the human environment with implementation of the staff recommendations.

The EA is available for electronic review and reproduction at the Commission’s Public Reference Room, located at 888 First Street NE, Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission’s website at http://www.ferc.gov using the “eLibrary” link. Enter the docket number (P–1894) in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov. For toll-free at (866) 208–3676 (toll free), or (202) 502–8659 (TTY).

For further information, contact Michael Calloway at (202) 502–8041 or by email at michael.calloway@ferc.gov.

Dated: December 12, 2019.
Kimberly D. Bose,
Secretary.

[Project No. 3251–010]
Cornell University; Notice Soliciting Scoping Comments

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. Type of Application: New Major License.

b. Project No.: 3251–010.

c. Date Filed: June 28, 2019.

d. Applicant: Cornell University.

e. Name of Project: Cornell University Hydroelectric Project (Cornell Project).

f. Location: On Fall Creek within the Cornell University campus in the City of Ithaca, Tompkins County, New York.

The project does not occupy federal land.

g. Filed Pursuant to: Federal Power Act 16 U.S.C. 791(a)–825(r).

h. Applicant Contact: Mr. Frank Perry, Manager of Projects, Energy and Sustainability, Humphreys Service Building, Room 131, Cornell University, Ithaca, NY 14853–3701; (607) 255–6634; email—fperry@cornell.edu.

i. FERC Contact: Christopher Millard at (202) 502–8256; or email at christopher.millard@ferc.gov.

j. Deadline for filing scoping comments: 30 days from the issuance date of this notice.

The Commission strongly encourages electronic filing. Please file scoping comments using the Commission’s eFiling system at http://www.ferc.gov/docs-filing/eFiling.asp. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at http://www.ferc.gov/docs-filing/eComment.asp. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov. After June 28, 2019, the comments filed by electronic means may be viewed on the Commission’s website at http://www.ferc.gov using the “eLibrary” link.

The Commission’s Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a
particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application is not ready for environmental analysis at this time.

1. The Cornell Project consists of: (1) An existing 28-foot-high, 260-foot-long reinforced-concrete gravity overflow-type dam, known as Beebe Lake Dam, with a crest elevation of 780.7 feet mean sea level (msl); (2) an impoundment (Beebe Lake) with a surface area of 16 acres and a storage capacity of 50 acre-feet at the normal pool elevation of 780.7 feet msl; (3) a concrete forebay wall and reinforced-concrete intake with a 6-foot-high, 6-foot-wide steel vertical-slide gate along the right (north) bank; (4) a 5-foot-diameter, 1,507-foot-long reinforced-concrete underground pipeline and a 5-foot-diameter, 200-foot-long riveted-steel underground penstock; (5) a 79-foot-long, 29-foot-wide, 24-foot-high powerhouse containing two Ossberger turbines and induction generators with a combined authorized capacity of 1,718 kilowatts; (6) a tailrace located on the river right-side of Fall Creek directly below the powerhouse; (7) a 385-foot-long, 2.4-kilovolt transmission line connecting to Cornell’s distribution system; and (8) appurtenant facilities. The Cornell Project is operated in a run-of-river mode and bypasses an 1,800-foot-long reach of Fall Creek that extends from the toe of the dam to the powerhouse tailrace. From 2013 through 2018, the average annual generation was 4,599 megawatt-hours.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission’s website at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support. A copy is also available for inspection and reproduction at the address in item h above.

n. You may also register online at http://www.ferc.gov/docs-filing/esubscription.asp to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

o. Scoping Process: The Commission intends to prepare an environmental assessment (EA) for the Cornell Project in accordance with the National Environmental Policy Act. The EA will consider both site-specific and cumulative environmental impacts and reasonable alternatives to the proposed action.

Commission staff does not propose to conduct any on-site scoping meetings at this time. Instead, we are soliciting comments, recommendations, and information, on the Scoping Document 1 (SD1) issued December 13, 2019. Copies of SD1 outlining the subject areas to be addressed in the EA were distributed to the parties on the Commission’s mailing list. Copies of SD1 may be viewed on the web at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, call 1–866–209–3676 or for TTY, (202) 502–8659.

Kimberly D. Bose, Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC19–31–000]

Commission Information Collection Activities (FERC–547); Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission, Department of Energy.

ACTION: Notice of information collection and request for comments.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995 (PRA), the Federal Energy Regulatory Commission (Commission or FERC) is soliciting public comments on the currently approved information collection, FERC–547 (Gas Pipeline Rates: Refund Report Requirements and submitting the information collection to the Office of Management and Budget (OMB) for review. Any interested person may file comments directly with OMB and should address a copy of those comments to the Commission as explained below.

DATES: Comments on the collection of information are due by January 21, 2020.

ADDRESSES: Comments filed with OMB, identified by the OMB Control No. 1902–0084, should be sent via email to the Office of Information and Regulatory Affairs: oira_submission@omb.gov. Attention: Federal Energy Regulatory Commission Desk Officer.

A copy of the comments should also be sent to the Commission, in Docket No. IC19–31–000, by either of the following methods:

• eFiling at Commission’s Website: http://www.ferc.gov/docs-filing/efiling.asp.

• Mail/Hand Delivery/Courier: Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE, Washington, DC 20426.

Instructions: All submissions must be formatted and filed in accordance with submission guidelines at http://www.ferc.gov/help/submission-guide.asp. For user assistance contact FERC Online Support by email at ferconfilnesupport@ferc.gov, or by phone at: (866) 208–3676 (toll-free), or by phone at: (202) 502–8659 for TTY.

Docket: Users interested in receiving automatic notification of activity in this docket or viewing/downloading comments and issuances in this docket may do so at http://www.ferc.gov/docs-filing/docs-filing.asp.

FOR FURTHER INFORMATION CONTACT:

Ellen Brown may be reached by email at DataClearance@FERC.gov, by telephone at (202) 502–8663, and by fax at (202) 273–0873.

SUPPLEMENTARY INFORMATION:

Title: FERC–547, Gas Pipeline Rates: Refund Report Requirements.

OMB Control No.: 1902–0084.

Type of Request: Three-year extension of the FERC–547 information collection requirements with no changes to the reporting requirements.

Abstract: The Commission uses FERC–547 (Gas Pipeline Rates: Refund Report Requirements) to implement the statutory refund provisions governed by sections 4, 5 and 16 of the Natural Gas Act (NGA).1 Sections 4 and 5 authorize the Commission to order a refund (with interest) for any portion of a natural gas company’s increased rate or charge found to be unjust or unreasonable. Refunds may also be instituted by a natural gas company as a stipulation to a Commission-approved settlement agreement or a provision under the company’s tariff. Section 16 of the NGA authorizes the Commission to prescribe rules and regulations necessary to administer its refund mandates. The Commission’s refund reporting requirements are in 18 Code of Federal Regulation (CFR) 154.501 and 154.502. The Commission uses the data to monitor refunds owed by natural gas companies to ensure that the flow-through of refunds owed by these companies are made as expeditiously as possible and to assure that refunds are made in compliance with the Commission’s regulations.
