DHS’s printed agenda entries include regulatory actions that are in the Department’s regulatory flexibility agenda. Printing of these entries is limited to fields that contain information required by the agenda provisions of the Regulatory Flexibility Act. Additional information on these entries is available in the Unified Agenda published on the internet.

The semiannual agenda of the Department conforms to the Unified Agenda format developed by the Regulatory Information Service Center.

While DHS has gathered some information related to these topics, the ANPRM sought additional information that can help the Department make operational and security updates to the Regional Center Program while minimizing the impact of such changes on regional center operations and EB-5 investors.

274. EB-5 Immigrant Investor Program Modernization.

E.O. 13771 Designation: Other.
Legal Authority: 8 U.S.C. 1153(b)(5)
Abstract: In January 2017, the Department of Homeland Security

(DHS) proposed to amend its regulations governing the employment-based, fifth preference (EB-5) immigrant investor classification. In general, under the EB-5 program, individuals are eligible to apply for lawful permanent residence in the United States if they make the necessary investment in a commercial enterprise in the United States and create or, in certain circumstances, preserve 10 permanent full-time jobs for qualified U.S. workers. This rule sought public comment on a number of proposed changes to the EB-5 program regulations. Such proposed changes included: Raising the minimum investment amount; allowing certain EB-5 petitioners to retain their original priority date; changing the designation process for targeted employment areas; and other miscellaneous changes to filing and interview processes. On July 25, 2019, DHS issued a final rule. This final rule changes certain aspects of the EB-5 program that are in need of reform and updates the regulations to reflect statutory changes and codify existing policies. This final rule makes five major categories of revisions to the existing EB-5 program regulations. Three of these categories, which involve (i) priority date retention; (ii) increasing the investment amounts; and (iii) reforming the TEA designations, are substantive. The two other major categories, focused on (iv) the removal of conditions; and (v) miscellaneous changes, involve generally technical adjustments to the EB-5 program.

Abstract: The Coast Guard proposes to amend its rule on vessel financial responsibility to include tank vessels greater than 100 gross tons, to clarify and strengthen the rule’s reporting requirements, to conform its rule to current practice, and to remove two superseded regulations. This rulemaking will ensure the Coast Guard has current information when there are significant changes in a vessel’s operation, ownership, or evidence of financial responsibility, and reflect current best practices in the Coast Guard’s management of the Certificate of Financial Responsibility Program. 19 U.S.C. 1624; 19 U.S.C. 2071 (note); 46 U.S.C. 60105

Abstract: This final rule implements the provisions of section 203 of the Security and Accountability for Every Port Act of 2006. On November 25, 2008, Customs and Border Protection (CBP) published an interim final rule (CBP Dec. 08–46) in the **Federal Register** (73 FR 71730), that finalized most of the provisions proposed in the Notice of Proposed Rulemaking. It requires carrier and importers to provide to CBP, via a CBP approved electronic data interchange system, certain advance information pertaining to cargo brought into the United States by vessel to enable CBP to identify high-risk shipments to prevent smuggling and ensure cargo safety and security. The interim final rule did not finalize six data elements that were identified as areas of potential concern for industry during the rulemaking process and, for which, CBP provided some type of flexibility for compliance with those data elements. CBP solicited public comment on these six data elements and also invited comments on the revised Regulatory Assessment and Final Regulatory Flexibility Analysis. (See 73 FR 71782–85 for regulatory text and 73 CFR 71733–34 for general discussion.) The remaining requirements of the rule were adopted as final.

Legal Authority: Pub. L. 110–229, sec. 702

Abstract: The interim final rule amends Department of Homeland Security (DHS) regulations to implement section 702 of the Consolidated Natural Resources Act of 2008 (CNRA). This law extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a joint visa waiver program for travel to Guam and the CNMI. This rule implements section 702 of the CNRA by amending the regulations to replace the current Guam Visa Waiver Program with a new Guam-CNMI Visa Waiver Program. The amended regulations set forth the requirements for nonimmigrant visitors who seek admission for business or pleasure and solely for entry into and stay on Guam or the CNMI without a visa. This rule also establishes six ports of entry in the CNMI for purposes of administering and enforcing the Guam-CNMI Visa Waiver Program. Section 702 of the Consolidated Natural Resources Act of 2008 (CNRA), subject to a transition period, extends the immigration laws of the United States to the Commonwealth of the Northern Mariana Islands (CNMI) and provides for a visa waiver program for travel to Guam and/or the CNMI. On January 16, 2009, the Department of Homeland Security (DHS), Customs and Border Protection (CBP), issued an interim final rule in the **Federal Register** replacing the then-existing Guam Visa Waiver Program with the Guam-CNMI Visa Waiver Program and setting forth the requirements for nonimmigrant visitors seeking admission into Guam and/or the CNMI under the Guam-CNMI Visa Waiver Program. As of November 28, 2009, the Guam-CNMI Visa Waiver Program is operational. This program allows nonimmigrant visitors from eligible countries to seek admission for business or pleasure for entry into Guam and/or the CNMI without a visa for a period of authorized stay not to exceed 45 days. This rulemaking would finalize the January 2009 interim final rule.

281. Procedures and Standards for Declining Surety Immigration Bonds and Administrative Appeal Requirement for Breaches

E.O. 13771 Designation: Not subject to, not significant.

Legal Authority: 8 U.S.C. 1103
Abstract: U.S. Immigration and Customs Enforcement (ICE) proposes to set forth standards and procedures ICE will follow before making a

determination to stop accepting immigration bonds posted by a surety company that has been certified to issue bonds by the Department of the Treasury when the company does not cure deficient performance. Treasury administers the Federal corporate surety program and, in its current regulations, allows agencies to prescribe “for cause” standards and procedures for declining to accept new bonds from Treasury-certified sureties. ICE would also require surety companies seeking to overturn a breach determination to file an administrative appeal raising all legal and factual defenses.

282. Adjusting Program Fees for the Student and Exchange Visitor Program

E.O. 13771 Designation: Not subject to, not significant.

Legal Authority: 8 U.S.C. 1372; 8 U.S.C. 1762; 8 U.S.C. 1101; 8 U.S.C. 1356; 31 U.S.C 901 to 903; 31 U.S.C. 902; . . .

Abstract: This final rule adjusted fees that the Student and Exchange Visitor Program (SEVP) charges individuals and organizations. In 2017, SEVP conducted a comprehensive fee study and determined that current fees do not recover the full costs of the services provided. ICE determined that adjusting fees was necessary to fully recover the increased costs of SEVP operations, program requirements, and to provide the necessary funding to sustain initiatives critical to supporting national security. The SEVP fee schedule was last adjusted in a rule published on September 26, 2008.

283. Apprehension, Processing, Care and Custody of Alien Minors and Unaccompanied Alien Children

E.O. 13771 Designation: Regulatory. *Legal Authority:* 8 U.S.C. 1103; 8 U.S.C. 1182; 8 U.S.C. 1225 to 1227; 8 U.S.C. 1362

Abstract: In 1985, a class-action suit challenged the policies of the former Immigration and Naturalization Service (INS) relating to the detention, processing, and release of alien children; the case eventually reached the U.S. Supreme Court. The Court upheld the constitutionality of the challenged INS regulations on their face and remanded the case for further proceedings consistent with its opinion. In January 1997, the parties reached a comprehensive settlement agreement, referred to as the Flores Settlement Agreement (FSA). The FSA was to terminate five years after the date of final court approval; however, the termination provisions were modified in 2001, such that the FSA does not terminate until 45 days after publication of regulations implementing the agreement.

Since 1997, intervening statutory changes, including passage of the Homeland Security Act (HSA) and the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (TVPPRA), have significantly changed the applicability of certain provisions of the FSA. The rule codifies the relevant and substantive terms of the FSA and enables the U.S. Government to seek termination of the FSA and litigation concerning its enforcement. Through this rule, DHS and HHS have created a pathway to ensure the humane detention of family units while satisfying the goals of the FSA. The rule also implements related provisions of the TVPPRA.

284. Ammonium Nitrate Security Program

E.O. 13771 Designation: Other. *Legal Authority:* 6 U.S.C. 488 *et seq.*

Abstract: This rulemaking will implement the December 2007 amendment to the Homeland Security Act titled “Secure Handling of Ammonium Nitrate.” The amendment requires the Department of Homeland Security to “regulate the sale and transfer of ammonium nitrate by an ammonium nitrate facility . . . to prevent the misappropriation or use of ammonium nitrate in an act of terrorism.” In June 2019, DHS published a notice announcing the availability of a redacted version of a technical report titled Ammonium Nitrate Security Program Technical Assessment. Sandia National Laboratories developed the report. DHS requested public comments on the report and its application to the proposed definition of ammonium nitrate. DHS will review and consider all the comments received and then determine the next appropriate steps for this rulemaking.

285. Chemical Facility Anti-Terrorism Standards (CFATS)

E.O. 13771 Designation: Other.
Legal Authority: 6 U.S.C. 621 to 629
Abstract: The Department of Homeland Security (DHS) previously invited public comment on an advance notice of proposed rulemaking (ANPRM) for potential revisions to the Chemical Facility Anti-Terrorism Standards (CFATS) regulations. The ANPRM provided an opportunity for the public to provide recommendations for possible program changes. DHS is reviewing the public comments received in response to the ANPRM, after which DHS intends to publish a Notice of Proposed Rulemaking. In addition, DHS intends to publish a notice announcing the availability of a retrospective analysis of the data, assumptions, and methodology that were used to support the 2007 CFATS interim final rule. The intent of the retrospective analysis is to determine the most accurate assessment of the costs and burdens of the program and to update or confirm previous cost estimates based on observed data from

the operation of the CFATS program since 2007.
