SUPPLEMENTARY INFORMATION: Section 337 of the Tariff Act of 1930, as amended ("Section 337"), provides that if the Commission finds a violation, it shall direct that the concerned articles be excluded from entry into the United States, unless, after considering the effect of such exclusion upon the public health and welfare, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, and United States consumers, it finds such articles should

not be excluded from entry. 19 U.S.C. 1337(d)(1). A similar provision applies to cease and desist orders. 19 U.S.C. 1337(f)(1).

The Commission is soliciting comments on public interest issues raised by the recommended relief should the Commission find a violation, specifically, whether the Commission should issue: (1) A limited exclusion order ("LEO") against infringing movable barrier operator systems and components thereof that are combined into infringing products after importation that are imported into the United States, sold for importation, or sold in the United States after importation by respondents Nortek, Inc. of Providence, Rhode Island; Nortek Security & Control, LLC of Carlsbad, California; and GTO Access Systems of Tallahassee, Florida (collectively, "Nortek"); and (2) cease and desist orders ("CDO") against the Nortek respondents.

Comments should address whether issuance of an LEO or CDO in this investigation, if a violation is found, would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

- (i) Explain how the articles potentially subject to the recommended orders are used in the United States;
- (ii) Identify any public health, safety, or welfare concerns in the United States relating to the recommended orders;
- (iii) Identify like or directly competitive articles that complainants, their licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;
- (iv) Indicate whether complainants, complainants' licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the recommended exclusion order and/or a cease and

desist order within a commercially reasonable time; and

(v) Explain how the LEO and CDO would impact consumers in the United States.

Written submissions from the public must be filed no later than the close of business on Friday, January 17, 2020.

Persons filing written submissions must file the original document electronically on or before the deadline stated above and submit eight (8) true paper copies to the Office of the Secretary by noon the next day pursuant to section 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) By the Commission, its employees and Offices, and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal, telephone 202-205-1810.

SUPPLEMENTARY INFORMATION: On September 6, 2017, the Commission instituted this investigation based on a complaint filed by Bio-Rad Laboratories, Inc. of Hercules, California; and Lawrence Livermore National Security, LLC of Livermore, California. 82 FR 42115 (Sept. 6, 2017). The complaint (and supplement thereto) alleges violations of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337") based upon the importation into the United States, the sale for importation, or the sale within the United States after importation of certain microfluidic devices by reason of infringement of one or more claims of the '664 patent, the '682 patent, the '635 patent, and U.S. Patent Nos. 9,089,844 ("the '844 patent") and 9,126,160 ("the '160 patent"). *Id.* The Commission's notice of investigation named as the sole respondent 10X. *Id.* The Office of Unfair Import Investigations was also named as a party to this investigation. *Id.*

Prior to the issuance of the final initial determination ("ID") by the presiding administrative law judge (the "ALJ"), the investigation was terminated as to the '844 patent in its entirety and as to certain claims of the '160, '664, '682, and '635 patents. See Order No. 12, *unreviewed*, Notice (Mar. 6, 2018); Order No. 16, *unreviewed*, Notice (Mar. 26, 2018); Order No. 19, *unreviewed*, Notice (Apr. 16, 2018); Order No. 29, *unreviewed*, Notice (June 1, 2018). The ALJ's final ID addressed the following claims: (i) Claim 20 of the '160 patent; (ii) claims 1, 2, 14, and 15 of the '664 patent; (iii) claims 14, 16, and 17 of the '682 patent; and (iv) claims 1, 13, 14, 16, and 21 of the '635 patent.

On September 20, 2018, the ALJ issued the final ID, which finds 10X in violation of section 337 as to the remaining asserted claims of the '664, '682 patent, and '635 patents. On September 28, 2018, the ALJ issued her recommendations on remedy, bond, and the public interest. The ALJ recommended that the Commission issue a limited exclusion order directed to 10X's infringing products and a cease and desist order directed to 10X. The ALJ also recommended a bond of 100 percent of entered value during the
