

proposal to IHS. In at least some instances, the information collected under 25 CFR part 900 is required to obtain and/or retain a benefit.

The information requirements for this rule represent significant differences from other agencies in several respects. Under the Act, the Secretary of Health and Human Services is directed to enter into self-determination contracts with Tribes or eligible Tribal Organizations upon request, unless specific declination criteria apply, and, generally, contractors may renew these contracts annually, whereas other agencies provide grants on a discretionary or competitive basis. Additionally, IHS awards contracts for multiple programs whereas other agencies usually award single grants to Tribes.

The IHS uses the information collected to determine applicant eligibility, evaluate applicant capabilities, protect the service population, safeguard Federal funds and other resources, and permit the Federal agency to administer and evaluate contract programs. Tribal Governments or Tribal Organizations provide the information by submitting contract proposals, and related information, to the IHS, as required under Public Law 93–638. No third party notification or public disclosure burden is associated with this collection.

II. Request for Comments

The IHS requests your comments on this collection concerning: (a) The necessity of this information collection for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden (hours and cost) of the collection of information, including the validity of the methodology and assumptions used; (c) ways we could enhance the quality, utility, and clarity of the information to be collected; and (d) ways we could minimize the burden of the collection of the information on the respondents.

Please note that an agency may not conduct or sponsor, and an individual need not respond to, a collection of information unless it displays a valid OMB Control Number.

It is our policy to make all comments available to the public for review at the location listed in the **ADDRESSES** section. Before including your address, phone number, email address or other personally identifiable information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any

time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

III. Data

OMB Control Number: 0917–0037.

Title: Indian Self-Determination and Education Assistance Act Contracts, 25 CFR part 900.

Brief Description of Collection: An Indian Tribe or Tribal Organization is required to submit certain information when it proposes to contract with the IHS under the ISDEAA. Each response may vary in its length. In addition, each Subpart of 25 CFR part 900 concerns different parts of the contracting process. For example, Subpart C relates to provisions of the contents for the initial contract proposal. The respondents do not incur the burden associated with Subpart C when contracts are renewed. Subpart F describes minimum standards for management systems used by Indian Tribes or Tribal Organizations under these contracts. Subpart G addresses the negotiability of all reporting and data requirements in the contracts. Responses are required to obtain or retain a benefit.

Type of Review: Extension of currently approved collection.

Respondents: Federally recognized Indian Tribes and Tribal Organizations.

Number of Respondents: 275 Title I contractors.

Estimated Number of Responses: On average, IHS receives 10 proposals for new or expanded Title I agreements each fiscal year, plus there are 265 existing Title I contracts and associated annual funding agreements, which must be negotiated each year = 275 responses.

Estimated Time per Response: Average of 70 hours for the new/expanded; average of 35 hours for the existing.

Frequency of Response: Each time programs, functions, services or activities are contracted from the IHS under the ISDEAA.

Estimated Total Annual Hour Burden: 700 [70 × 10] for new/expanded + 9,275 [35 × 265] for existing = 9,975.

IV. Background and Purpose

The Coast Guard published guidelines on December 31, 1992 (57 FR 62600), to assist groups seeking recertification under the Oil Terminal and Oil Tanker Environmental Oversight and Monitoring Act of 1990 (33 U.S.C. 2732) (the Act). The Coast Guard issued a

policy statement on July 7, 1993 (58 FR 36504), to clarify the factors that the Coast Guard would be considering in making its determination as to whether advisory groups should be certified in accordance with the Act, and the procedures which the Coast Guard would follow in meeting its certification responsibilities under the Act. Most recently, on September 16, 2002 (67 FR 58440), the Coast Guard changed its policy on recertification procedures for regional citizen's advisory council by requiring applicants to provide comprehensive information every three years. For the two years in between, applicants only submit information describing substantive changes to the information provided at the last triennial recertification. This is the year in this triennial cycle that PWSRCAC must provide comprehensive information.

The Coast Guard is accepting comments concerning the recertification of PWSRCAC. At the conclusion of the comment period on February 10, 2020, the Coast Guard will review all application materials and comments received and will take one of the following actions:

(a) Recertify the advisory group under 33 U.S.C. 2732(o);

(b) Issue a conditional recertification for a period of 90 days, with a statement of any discrepancies, which must be corrected to qualify for recertification for the remainder of the year; or

(c) Deny recertification of the advisory group if the Coast Guard finds that the group is not broadly representative of the interests and communities in the area or is not adequately fostering the goals and purposes of 33 U.S.C. 2732.

The Coast Guard will notify PWSRCAC by letter of the action taken on its application. A notice will be published in the **Federal Register** to advise the public of the Coast Guard's determination.

Dated: December 18, 2019.

Melissa L. Rivera,

Captain, U.S. Coast Guard, Acting Commander, Seventeenth Coast Guard District.
