Certain Cold-Rolled Steel Flat Products From the Republic of Korea: Affirmative Final Determinations of Circumvention of the Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) determines that imports of certain cold-rolled steel flat products (CRS), produced in the Socialist Republic of Vietnam (Vietnam) using carbon hot-rolled steel (HRS) manufactured in the Republic of Korea (Korea), are circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on CRS from Korea.

DATES: Applicable December 26, 2019.

FOR FURTHER INFORMATION CONTACT: Tyler Weinhold or Fred Baker, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1121 or (202) 482-2924, respectively.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2019, Commerce published the *Preliminary*

*Determinations*¹ of circumvention of the *CRS Orders*.² A summary of the events that occurred since Commerce published the *Preliminary Determinations*, as well as a full discussion of the issues raised by parties for these final determinations, may be found in the Issues and Decision Memorandum.³ The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <http://access.trade.gov>, and it is available to all parties in the Central Records Unit, Room B8024 of the main Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/>. The signed and electronic versions of the Issues and Decision Memorandum are identical in content.

Scope of the Orders

The products covered by these orders are certain cold-rolled (cold-reduced), flat-rolled steel products, whether or not annealed, painted, varnished, or coated with plastics or other non-metallic substances. For a complete description of the scope of the orders, *see* the Issues and Decision Memorandum.

Scope of the Anti-Circumvention Inquiries

These anti-circumvention inquiries cover CRS produced in Vietnam using HRS substrate manufactured in Korea and subsequently exported from Vietnam to the United States (merchandise under consideration). These final rulings apply to all

¹ *Certain Cold-Rolled Steel Flat Products from the Republic of Korea: Affirmative Preliminary Determination of Anti-Circumvention Inquiries on the Antidumping Duty and Countervailing Duty Orders*, 84 FR 32875 (July 10, 2019) (*Preliminary Determinations*), and accompanying Preliminary Decision Memorandum (Preliminary Decision Memorandum).

² *See Certain Cold-Rolled Steel Flat Products from Brazil, India, the Republic of Korea, and the United Kingdom: Amended Final Affirmative Antidumping Determinations for Brazil and the United Kingdom and Antidumping Duty Orders*, 81 FR 64432 (September 20, 2016); *see also Certain Cold-Rolled Steel Flat Products from Brazil, India, and the Republic of Korea: Amended Final Affirmative Countervailing Duty Determination and Countervailing Duty Order (the Republic of Korea) and Countervailing Duty Orders (Brazil and India)*, 81 FR 64436 (September 20, 2016) (collectively, *CRS Orders*).

³ *See* Memorandum, "Issues and Decision Memorandum for Anti-Circumvention Inquiries on the Antidumping Duty and Countervailing Duty Orders on Certain Cold-Rolled Steel Flat Products from the Republic of Korea," dated concurrently with, and hereby adopted by, this notice (Issues and Decision Memorandum).

shipments of merchandise under consideration entered on or after the date of the initiation of these inquiries. Importers and exporters of CRS produced in Vietnam using HRS manufactured in Vietnam or third countries, and who qualify to participate in the certification process, must certify that the HRS processed into CRS in Vietnam did not originate in Korea, as provided for in the certifications attached to this **Federal Register** notice. Otherwise, their merchandise may be subject to antidumping and countervailing duties.

Methodology

Commerce is conducting these anti-circumvention inquiries in accordance with section 781(b) of the Tariff Act of 1930, as amended (the Act). Because Vietnam is a non-market economy country within the meaning of section 771(18) of the Act, Commerce calculated the value of certain processing and merchandise using factors of production and market economy values, as discussed in section 773(c) of the Act.⁴ *See* Preliminary Decision Memorandum for a full description of the methodology. We have continued to apply this methodology for our final determination.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs by parties in these inquiries are addressed in the Issues and Decision Memorandum. A list of the issues raised is attached to this notice as Appendix I.

Final Affirmative Determinations of Circumvention

We determine that exports to the United States of CRS produced in Vietnam from HRS substrate manufactured in Korea are circumventing the *CRS Orders*. We therefore find it appropriate to determine that this merchandise falls within the *CRS Orders*, and to instruct U.S. Customs and Border Protection (CBP) to continue to suspend liquidation of any entries of CRS from Vietnam produced using HRS substrate manufactured in Korea.
