Drawn Stainless Steel Sinks From the People’s Republic of China: Preliminary Results of the Antidumping Duty Administrative Review and Preliminary Determination of No Shipments; 2018–2019

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Commerce) preliminarily determines that certain companies made sales of subject merchandise at less than normal value. The period of review (POR) is April 1, 2018 through March 31, 2019. Interested parties are invited to comment on these preliminary results.

FOR FURTHER INFORMATION CONTACT: Rebecca Janz or Adam Simons, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–2972 or (202) 482–6172, respectively.

SUPPLEMENTARY INFORMATION:

Background

In June 2019, Commerce published a notice of initiation of an administrative review of the antidumping duty order on drawn stainless steel sinks from the People’s Republic of China (China) covering the period April 1, 2018 through March 31, 2019, with respect to 30 companies. In August 2019, as the result of a timely withdrawal request, we rescinded the review with respect to 18 of these companies. Therefore, the results of this review cover the twelve remaining companies.

Scope of the Order

The products covered by the order include drawn stainless steel sinks from China. Imports of subject merchandise are currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7324.10.0000 and 7324.10.0010. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope of the order is dispositive.

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act).

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at https://access.trade.gov, and to all parties in the Central Records Unit, room B8024 of the main Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at https://enforcement.trade.gov/frn/summary/prc/prc-fr.htm. The signed and the electronic versions of the Preliminary Decision Memorandum are identical in content. A list of topics included in the Preliminary Decision Memorandum is provided as an appendix to this notice.

China-Wide Entity

In accordance with Commerce’s policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity in this review, the entity is not

under review, and the entity’s rate is not subject to change (i.e., 76.45 percent).5

Preliminary Results of Review

Commerce finds that the two mandatory respondents, Guangdong New Shichu Import and Export Company Limited (New Shichu) and KailPing Dawn Plumbing Products, Inc. (KailPing), have not established their eligibility for a separate rate and are considered to be part of the China-wide entity for these preliminary results. Additionally, because the following companies did not submit separate rate applications or certifications, we preliminarily determine they are ineligible for a separate rate and are part of the China-wide entity: B&R Industries Limited (B&R); Feidong Import and Export Co. Ltd. (Feidong); Guangdong G-Top Import & Export Co. Ltd. (G-Top); Jiangmen Pioneer Import & Export Co., Ltd. (Pioneer); Ningbo Afa Kitchen and Bath Co., Ltd. (Ningbo Afa); Xinhe Stainless Steel Products Co., Ltd. (Xinhe); Yuyao Afa Kitchenware Co., Ltd. (Yuyao Afa); and Zhongshan Superte Kitchenware Co., Ltd. (Superte). Finally, because Zhuhai Kohler Kitchen & Bathroom Products Co. Ltd. failed to respond to Commerce’s supplemental separate rate questionnaire, we preliminarily determine that this company is also ineligible for a separate rate and is part of the China-wide entity.

The statute and Commerce’s regulations do not address what rate to apply to respondents who are not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(c)(2) of the Act. Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in an investigation, for guidance when calculating the rate for non-selected respondents that are not examined individually in an administrative review. Section 735(c)(5)(A) of the Act states that the all-others rate should be calculated by averaging the weighted-average dumping margins for individually-examined respondents, excluding rates that are zero, de minimis, or based entirely on facts available. Section 735(c)(5)(B) of the Act provides that where all rates are zero, de minimis, or based entirely on facts available, Commerce may use “any reasonable method” for assigning a rate to non-examined respondents. However, for these preliminary results, we have not calculated any individual rates or assigned a company-specific rate based on facts available. Therefore, consistent with our recent practice,6 we preliminarily assigned to the non-individually examined company that demonstrated its eligibility for a separate rate the most recently assigned separate rate in this proceeding (i.e., 1.78 percent).7

Commerce preliminarily determines that the following weighted-average dumping margin exists for the period April 1, 2018 through March 31, 2019:

Assessment Rates

Upon completion of the administrative review, Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.15 For the final results, if we continue to treat the following companies as part of China-wide entity, we will instruct CBP to apply an ad valorem assessment rate of 76.45 percent to all entries of subject merchandise during the POR that were produced and/or exported by those companies: B&R; Feidong; G-Top; KailPing; Koehler; New Shichu; Ningbo Afa; Pioneer; Superte; Xinhe; and Yuyao Afa. For the company receiving a separate rate, we intend to assign an assessment rate of 1.78 percent.

5 The China-wide rate determined in the investigation was 76.53 percent. See Drawn Stainless Steel Sinks from the People’s Republic of China: Amended Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order, 78 FR 21592 (April 11, 2013). This rate was adjusted for export subsidies and estimated domestic subsidy pass through to determine the cash deposit rate (76.45 percent) collected for companies in China-wide entity. consistent with the methodology described above.

We intend to issue assessment instructions to CBP 15 days after the publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the company listed above that has a separate rate, the cash deposit rate will be that rate established in the final results of this review (except that if the rate is zero or de minimis, then a cash deposit rate of zero will be established for that company); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that have separate rates, the cash deposit rate will continue to be equal to the exporter-specific weighted-average dumping margin published of the most recently-completed segment of this proceeding; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for China-wide entity, 76.45 percent; and (4) for all exporters of subject merchandise which are not located in China and which are not eligible for a separate rate, the cash deposit rate will be the rate applicable to Chinese exporter(s) that supplied that non-Chinese exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: December 18, 2019.

Certain Corrosion-Resistant Steel Products From the Republic of Korea: Affirmative Final Determinations of Anti-Circumvention Inquiries on the Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department Commerce (Commerce) determines that imports of certain corrosion-resistant steel products (CORE), produced in the Socialist Republic of Vietnam (Vietnam) using carbon hot-rolled steel (HRS) and/or cold-rolled steel flat products (CRS) manufactured in the Republic of Korea (Korea), are circumventing the antidumping duty (AD) and countervailing duty (CVD) orders on CORE from Korea.

SUPPLEMENTARY INFORMATION:

Background

On July 10, 2019, Commerce published the Preliminary Determinations of the Korea CORE ORDERS. A summary of the events that occurred since Commerce published the Preliminary Determinations, as well as a full discussion of the issues raised by parties for these final determinations, may be found in the Issues and Decision Memorandum. The IDM is a public document and is on file electronically via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). In addition, a complete version of the IDM can be accessed directly at http://enforcement.trade.gov/fm/. The signed and electronic versions of the IDM are identical in content.

Scope of the Orders

The products covered by these orders are certain flat-rolled steel products, either clad, plated, or coated with corrosion-resistant metals such as zinc, aluminum, or zinc-, aluminum-, nickel- or iron-based alloys, whether or not corrugated or painted, varnished, laminated, or coated with plastics or other non-metallic substances in addition to the metallic coating. For a complete description of the scope of the orders, see the IDM.

Scope of the Anti-Circumvention Inquiries

These anti-circumvention inquiries cover CORE produced in Vietnam from HRS or CRS substrate input manufactured in Korea and subsequently exported from Vietnam to the United States (merchandise under consideration). These final rulings apply to all shipments of merchandise under consideration on or after the date of initiation of these inquiries. Importers and exporters of CORE produced in Vietnam using: (1) HRS manufactured in Vietnam or third countries; (2) CRS manufactured in Vietnam using HRS produced in Vietnam or third countries; and/or (3) CRS manufactured in third countries, and who qualify to...
