

weight-averaged dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,<sup>9</sup> we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

We intend to instruct CBP to take into account the “provisional measures deposit cap,” in accordance with 19 CFR 351.212(d).

For each company that was not selected for individual examination, we will instruct CBP to assess antidumping duties at a rate equal to the weighted-average dumping margin determined for that company in the final results of this review.

For each company which we determined had “no shipments” of the subject merchandise during the POR (*i.e.*, Hyundai Steel and Hyundai Glovis), we will instruct CBP to liquidate all POR entries associated with these companies at the all-others rate (*i.e.*, 7.10 percent)<sup>10</sup> established in the less-than-fair-value (LTFV) investigation if there is no rate for the intermediate company(ies) involved in the transaction, consistent with Commerce’s reseller policy.<sup>11</sup> We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

#### Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for each company listed above will be equal to the weighted-average dumping margin established for that company in the final results of this administrative review; (2) for merchandise exported by a producer or exporter not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of the proceeding

for the producer of the merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 7.10 percent *ad valorem*, the all-others rate established in the LTFV investigation.<sup>12</sup>

These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Notification Regarding Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

#### Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221(b)(5).

Dated: December 16, 2019.

#### Fisheries of the South Atlantic; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of scheduled SEDAR 60 South Atlantic Red Porgy Assessment Webinar II.

**SUMMARY:** The SEDAR 60 assessment of the South Atlantic stock of Red Porgy will consist of a data webinar, an in-person workshop, and a series assessment webinars.

**DATES:** The SEDAR 60 Red Porgy Assessment Webinar II has been scheduled for Monday, February 6, 2020, from 9 a.m. to 12 p.m., EST.

#### ADDRESSES:

**Meeting address:** The meeting will be held via webinar. The webinar is open to members of the public. Registration is available online at: <https://attendee.gotowebinar.com/register/8550228332194135564>.

**SEDAR address:** South Atlantic Fishery Management Council, 4055 Faber Place Drive, Suite 201, N Charleston, SC 29405; [www.sedarweb.org](http://www.sedarweb.org).

#### FOR FURTHER INFORMATION CONTACT:

have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a three-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report which describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants include: Data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGOs); international experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion at the SEDAR 60 Red Porgy Assessment webinar II are as follows:

- Finalize modelling discussion.
- Review projection results and address the terms of reference.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

### Special Accommodations

This meeting is accessible to people with disabilities. Requests for auxiliary aids should be directed to the South Atlantic Fishery Management Council

#### Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Agency:* National Oceanic and Atmospheric Administration (NOAA).

*Title:* American Lobster—Annual Trap Transfer Program.

*OMB Control Number:* 0648-0673.

*Form Number(s):* None.

*Type of Request:* Regular.

*Number of Respondents:* 102.

*Average Hours Per Response:* 10 minutes.

*Burden Hours:* 17.

*Needs and Uses:* NOAA's National Marine Fisheries Service (NMFS) collects annual application forms from lobster permit holders who wish to buy and/or sell Area 2, 3, or Outer Cape Area trap allocation through the Trap Transfer Program. The transfer applications are only accepted during a 2-month period (from August 1 through September 30) each year, and the revised allocations for each participating lobster permit resulting from the transfers become effective at the start of the following Federal lobster fishing year on May 1. Both the seller and buyer of the traps are required to sign the application form, which includes each permit holder's permit and vessel information, the number of traps sold, and the revised number of traps received by the buyer, inclusive of the amount removed according to the transfer tax. Both parties must sign the form as an agreement to the number of traps in the transfer. The parties must date the document and show that the transferring permit holder has sufficient allocation to transfer and the permit holder receiving the traps has sufficient

room under any applicable trap cap. This information allows NMFS to process and track transfers of lobster trap allocations through the Trap Transfer Program, and better enables the monitoring and management of the American lobster fishery as a whole.

*Affected Public:* Businesses or other for-profit organizations; Individuals or households; Federal government; and State, Local, or Tribal government.

*Frequency:* Once per transaction.

*Respondent's Obligation:* Required to obtain or retain benefits.

This information collection request may be viewed at [reginfo.gov](http://reginfo.gov). Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [OIRA\\_Submission@omb.eop.gov](mailto:OIRA_Submission@omb.eop.gov) or fax to (202) 395-5806.

#### Pacific Fishery Management Council; Public Meetings and Hearings

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of availability of reports; public meetings, and hearings.

**SUMMARY:** The Pacific Fishery Management Council (Pacific Council) has begun its annual preseason management process for the 2020 ocean salmon fisheries. This document announces the availability of Pacific Council documents, as well as the dates and locations of upcoming Pacific Council meetings and public hearings hosted by the Pacific Council. These documents and events comprise the Pacific Council's complete schedule for determining the annual proposed and final modifications to ocean salmon fishery management measures. The agendas for the March and April 2020 Pacific Council meetings will be published in subsequent **Federal Register** documents prior to the actual meetings.
