

ENVIRONMENTAL PROTECTION AGENCY**[FRL-10003-86-Region 6]****Underground Injection Control Program; Hazardous Waste Injection Restrictions; Petition for Exemption Reissuance—Class I Hazardous Waste Injection; Blanchard Refining Company LLC (Blanchard) Texas City, Texas Facility****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice of a final decision on a UIC no migration petition reissuance.

SUMMARY: Notice is hereby given that a reissuance of an exemption to the Land Disposal Restrictions, under the 1984 Hazardous and Solid Waste Amendments to the Resource Conservation and Recovery Act, has been granted to Blanchard for three Class I hazardous waste injection wells located at their Texas City, Texas facility. The company has adequately demonstrated to the satisfaction of the Environmental Protection Agency (EPA) by the petition reissuance application and supporting documentation that, to a reasonable degree of certainty, there will be no migration of hazardous constituents from the injection zone for as long as the waste remains hazardous. This final decision allows the underground injection by Blanchard of the specific restricted hazardous wastes identified in this exemption reissuance request, into Class I hazardous waste injection wells WDW-80, 127 and 128 until December 31, 2037, unless the EPA moves to terminate this exemption. Additional conditions included in this final decision may be reviewed by contacting the EPA Region 6 Ground Water/UIC Section. The public comment period for this decision was from 9/30-11/15/19 and no comments were received. This decision constitutes final Agency action and there is no Administrative appeal.

DATES: This action is effective as of December 3, 2019.**ADDRESSES:** Copies of the petition reissuance and all pertinent information relating thereto are on file at the following location: Environmental Protection Agency, Region 6, Water Division, Safe Drinking Water Branch (6WDD), 1201 Elm Street, Suite 500, Dallas, Texas 75270-2102.**FOR FURTHER INFORMATION CONTACT:** Philip Dellinger, Chief, Ground Water/UIC Section, EPA—Region 6, telephone (214) 665-8324.

SUPPLEMENTARY INFORMATION:**I. Executive Summary****A. Does this action apply to me?**

This action is directed to the public in general and may be of interest to entities that currently or may manufacture (including import) a chemical substance regulated under TSCA (e.g., entities identified under North American Industrial Classification System (NAICS) codes 325 and 324110). The action may also be of interest to chemical processors, distributors in commerce, and users; non-governmental organizations in the environmental and public health sectors; state and local government agencies; and members of the public. Since other entities may also be interested, the Agency has not attempted to describe all the specific entities and corresponding NAICS codes for entities that may be interested in or affected by this action.

B. What action is the Agency taking?

EPA is finalizing the designation 20 chemical substances as High-Priority Substances for risk evaluation pursuant to section 6(b) of TSCA, 15 U.S.C. 2605(b). This document includes a summary of comments received during the two 90-day comment periods during
