II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "NRC Form 314, Certificate of Disposition of Materials." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on September 25, 2019 (84 FR 50480).

1. *The title of the information collection:* "NRC Form 314 Certificate of Disposition of Materials."

2. *OMB approval number:* 3150-0028.

3. *Type of submission:* Extension.

4. *The form number if applicable:* NRC Form 314.

5. *How often the collection is required or requested:* Form is required when NRC licensees do not wish to renew their license.

6. *Who will be required or asked to respond:* Respondents are firms, institutions, and individuals holding NRC license to possess and use radioactive materials who do not wish to renew those licenses.

7. *The estimated number of annual responses:* 136.

8. *The estimated number of annual respondents:* 136.

9. *An estimate of the total number of hours needed annually to comply with the information collection requirement or request:* Each form requires approximately 0.5 hours to prepare. $136 \times 0.5 \text{ hour} = \text{a total for all respondents of 68 hours per year.}$

10. *Abstract:* NRC Form 314 is submitted by a materials licensee who wishes to terminate its license. The form provides information needed by NRC to determine whether the licensee has radioactive materials on hand which must be transferred or otherwise disposed of prior to expiration or termination of the license.

Dated at Rockville, Maryland, this 30th day of December 2019.

I. Introduction

On December 27, 2019, the United States Postal Service (Postal Service) filed with the Commission its Annual Compliance Report (ACR) for fiscal year (FY) 2019, pursuant to 39 U.S.C. 3652.¹ Section 3652 requires submission of data and information on the costs, revenues, rates, and quality of service associated with postal products within

¹ United States Postal Service FY 2019 Annual Compliance Report, December 27, 2019, at 1 (FY 2019 ACR). Public portions of the Postal Service's filing are available on the Commission's website at <http://www.prc.gov>.

90 days of the closing of each fiscal year. In conformance with other statutory provisions and Commission rules, the ACR includes the Postal Service's FY 2019 Comprehensive Statement, its FY 2019 annual report to the Secretary of the Treasury on the Competitive Products Fund, and certain related Competitive Products Fund material. *See respectively*, 39 U.S.C. 3652(g), 39 U.S.C. 2011(i), and 39 CFR 3060.20-23. In line with past practice, some of the material in the FY 2019 ACR appears in non-public annexes.

The filing begins a review process that results in an Annual Compliance Determination (ACD) issued by the Commission to determine whether Postal Service products offered during FY 2019 were in compliance with applicable title 39 requirements.

II. Overview of the Postal Service's FY 2019 ACR

Contents of the filing. The Postal Service's FY 2019 ACR consists of a 72-page narrative; extensive additional material appended as separate folders and identified in Attachment One; and an application for non-public treatment of certain materials, along with supporting rationale, filed as Attachment Two. The filing also includes the Comprehensive Statement,² Report to the Secretary of the Treasury, and information on the Competitive Products Fund filed in response to Commission rules. This material has been filed electronically with the Commission.

Scope of the filing. The material appended to the narrative consists of: (1) Domestic product costing material filed on an annual basis summarized in the Cost and Revenue Analysis (CRA); (2) comparable international costing material summarized in the International Cost and Revenue Analysis (ICRA); (3) worksharing-related cost studies; and (4) billing determinant information for both domestic and international mail. FY 2019 ACR at 2-3. Inclusion of these four data sets is consistent with the Postal Service's past ACR practices. As with past ACRs, the Postal Service has split certain materials into public and non-public versions. *Id.* at 3.

"Roadmap" document. A roadmap to the FY 2019 ACR can be found in

² In years prior to 2013, the Commission reviewed the Postal Service's reports prepared pursuant to 39 U.S.C. 2803 and 39 U.S.C. 2804 (filed as the Comprehensive Statement by the Postal Service) in its ACD. However, as it has for the past several years, the Commission intends to issue a separate notice soliciting comments on the comprehensive statement and provide its related analysis in a separate report from the ACD.

Library Reference USPS–FY19–9. This document provides brief descriptions of the materials submitted, as well as the flow of inputs and outputs among them; a discussion of differences in methodology relative to Commission methodologies in last year's ACD; and a list of special studies and a discussion of obsolescence, as required by Commission rule 3050.12. *Id.* at 3–4.

Methodology. The Postal Service states that it has adhered to the methodologies historically used by the Commission subject to changes identified and discussed in Library Reference USPS–FY19–9 and in prefaces accompanying the appended folders. *Id.* at 4. The Postal Service observes that one noteworthy methodological change requires the consolidated annual submission of comprehensive information about the costs and service performance of flat-shaped mail in response to Commission Order No. 5086.³ Rather than providing the information piecemeal in response to the Commission's requests as in previous years, the Postal Service now provides the public portion of the relevant flats-related material in Library Reference USPS–FY19–45, and the facility-specific nonpublic information in Library Reference USPS–FY19–NP31. FY 2019 ACR at 5.

Market dominant product-by-product costs, revenues, and volumes. Comprehensive cost, revenue, and volume data for all market dominant products of general applicability are shown directly in the FY 2019 CRA or ICRA. *Id.* at 6.

The FY 2019 ACR includes a discussion by class of each market dominant product, including costs, revenues, and volumes, workshare discounts, and passthroughs responsive to 39 U.S.C. 3652(b), and FY 2019 promotions. *Id.* at 6–36.

In response to the Commission's FY 2010 ACD directives,⁴ the Postal Service states that it is providing information regarding: (1) All operational changes designed to reduce flats' costs and the estimated financial effects of such changes; (2) all costing methodology improvements made in FY 2019 and the estimated financial effects of such changes; and (3) a statement summarizing the current year subsidy of the flats product. In Docket No. RM2018–1, the Commission codified and expanded the first directive as Rule 3050.50(f), which applies to all flat-

shaped mail.⁵ Accordingly, the Postal Service states that the information required by Rule 3050.50(f) is provided in Library Reference USPS–FY2019–45, noting that the section titled “Costing Methodology Changes and Subsidy of the Flats Product” responds to the second and third directives. FY 2019 ACR at 25–26. In addition, the Postal Service presented its schedule of above-average price increases for Flats, which provides planned price increases for Flats by the consumer price index times 1.05. *Id.* at 25.

Service performance. The Postal Service notes that the Commission issued rules on periodic reporting of service performance measurement and customer satisfaction in FY 2010. Responsive information appears in Library Reference USPS–FY19–29. *Id.* at 37.

Customer satisfaction. The FY 2019 ACR discusses the Postal Service's approach for measuring customer experience and satisfaction; discusses survey modifications; describes the methodology; presents a table with survey results; compares the results from FY 2018 to FY 2019; and provides information regarding consumer access to postal services. *Id.* at 37–59.

Competitive products. The FY 2019 ACR provides costs, revenues, and volumes for competitive products of general applicability in the FY 2019 CRA or ICRA. For competitive products not of general applicability, data are provided in non-public Library References USPS–FY19–NP2 and USPS–FY19–NP27. *Id.* at 62. The FY 2019 ACR also addresses the competitive product pricing standards of 39 U.S.C. 3633. *Id.* at 62–69.

Market tests; nonpostal services. The Postal Service discusses a single competitive market test conducted during FY 2019 and nonpostal services. *Id.* at 70.

III. Procedural Steps

Statutory requirements. Section 3653 of title 39 requires the Commission to provide interested persons with an opportunity to comment on the ACR and to appoint an officer of the Commission (Public Representative) to represent the interests of the general public. The Commission hereby solicits public comment on the Postal Service's FY 2019 ACR and on whether any rates or fees in effect during FY 2019 (for products individually or collectively) were not in compliance with applicable provisions of chapter 36 of title 39 or Commission regulations promulgated thereunder. Commenters addressing

market dominant products are referred in particular to the applicable requirements (39 U.S.C. 3622(d) and (e) and 39 U.S.C. 3626); objectives (39 U.S.C. 3622(b)); and factors (39 U.S.C. 3622(c)). Commenters addressing competitive products are referred to 39 U.S.C. 3633.

The Commission also invites public comment on the cost coverage matters the Postal Service addresses in its filing; service performance results; levels of customer satisfaction achieved; and such other matters that may be relevant to the Commission's review.

Access to filing. The Commission has posted the publicly available portions of the FY 2019 ACR on its website at: <http://www.prc.gov>.

Comment deadlines. Comments by interested persons are due on or before January 30, 2020. Reply comments are due on or before February 10, 2020. The Commission, upon completion of its review of the FY 2019 ACR, comments, and other data and information submitted in this proceeding, will issue its ACD.

Public Representative. Mallory L. Smith is designated to serve as the Public Representative to represent the interests of the general public in this proceeding. Neither the Public Representative nor any additional persons assigned to assist her shall participate in or advise as to any Commission decision in this proceeding other than in his or her designated capacity.

IV. Ordering Paragraphs

It is ordered:

1. The Commission establishes Docket No. ACR2019 to consider matters raised by the United States Postal Service's FY 2019 Annual Compliance Report.
