

**D. Regulatory Flexibility Act (RFA)**

I certify that this action will not have a significant economic impact on a substantial number of small entities under the RFA. In making this determination, the impact of concern is any significant adverse economic impact on small entities. An agency may certify that a rule will not have a significant economic impact on a substantial number of small entities if the rule relieves regulatory burden, has no net burden or otherwise has a positive economic effect on the small entities subject to the rule. This final action would reduce burden on the affected state and local monitoring agencies by delaying implementation and the associated costs of PAMS monitoring by 2 years. We have, therefore, concluded that this action will relieve regulatory burden for all directly regulated small entities.

**E. Unfunded Mandates Reform Act (UMRA)**

This action does not contain any unfunded mandate as described in UMRA, 2 U.S.C. 1531–1538, and does not significantly or uniquely affect small governments. The action imposes no enforceable duty on any state, local or tribal governments or the private sector.

**F. Executive Order 13132: Federalism**

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the National Government and the states, or on the distribution of power and responsibilities among the various levels of government.

**G. Executive Order 13175: Consultation and Coordination With Indian Tribal Governments**

This action does not have tribal implications, as specified in Executive Order 13175. This action only applies to state and local monitoring agencies operating NCore monitoring sites in Core Based Statistical Areas of 1,000,000 people or more. No tribal governments will be subject to the PAMS monitoring requirements. Thus, Executive Order 13175 does not apply to this action.

**H. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks**

The EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern environmental health or safety risks that the EPA has reason to believe may disproportionately affect children, per the definition of “covered regulatory

action” in section 2–202 of the Executive order. This action is not subject to Executive Order 13045 because it does not concern an environmental health risk or safety risk.

**I. Executive Order 13211: Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use**

This action is not subject to Executive Order 13211, because it is not a significant regulatory action under Executive Order 12866.

**J. National Technology Transfer and Advancement Act (NTTAA)**

This rulemaking does not involve technical standards.

**K. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Populations**

The EPA believes that this action is not subject to Executive Order 12898 (59 FR 7629, February 16, 1994) because it does not establish an environmental health or safety standard.

**L. Congressional Review Act (CRA)**

This action is subject to the CRA, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

**Establishing the Digital Opportunity Data Collection; Modernizing the FCC Form 477 Data Program; Corrections**

**AGENCY:** Federal Communications Commission.

**ACTION:** Technical amendments.

**SUMMARY:** In this document, the Federal Communications Commission (Commission), Managing Director, adopted an Order implementing non-substantive revisions of the Commission’s rules to eliminate a redundant provision and modify related rules for consistency with the amendments that the Commission adopted in a Report and Order published in the **Federal Register**.

**DATES:** Effective on January 8, 2020.

**FOR FURTHER INFORMATION CONTACT:** Daniel Daly, Office of Managing Director at (202) 418–1832.

**SUPPLEMENTARY INFORMATION:** This is a summary of the Commission’s Order, DA 19–1240, released December 6, 2019. The full text of this document is available for public inspection during regular business hours in the FCC Reference Center, Room CY–A257, 445 12th Street SW, Washington, DC 20554 or at the following internet address: <https://docs.fcc.gov/public/attachments/DA-19-1240A1.pdf>.

In the Report and Order, FCC 19–79, 84 FR 43705, August 22, 2019, the Commission revised 47 CFR parts 1, 20, and 43 of the Commission’s rules to create a new Digital Opportunity Data Collection program and to modify its existing FCC Form 477 Data Program. This Order implements related revisions to eliminate redundancy and conform other rules to the amendments adopted in the Report and Order.

Specifically, both §§ 1.7002 and 43.01(d) of the Commission’s rules (47 CFR 1.7002, 43.01(d)) establish requirements regarding the frequency and content of FCC Form 477 filings. This Order eliminates this potentially confusing redundancy by deleting § 43.01(d). In turn, the deletion of

paragraph (d) of § 43.01 requires that paragraph (b) of § 43.01 be amended to remove the cross-reference to the deleted paragraph (d). In addition, § 20.15(b)(1) of the rules (47 CFR 20.15(b)(1)) contains references to §§ 1.7001 and 43.11 (47 CFR 1.7001, 43.11) that are inconsistent with the Commission's recent amendment of § 1.7001 and its repeal of § 43.11. Accordingly, this Order removes § 43.01(d), revises §§ 20.15(b)(1) and 43.01(b) for conformity with these rule amendments, and corrects an error in § 1.7001(a)(2)(iv). These changes should not be construed to change any substantive requirements.
