

Rules and Regulations

Federal Register

Vol. 85, No. 5

Wednesday, January 8, 2020

This section of the FEDERAL REGISTER contains regulatory documents having general applicability and legal effect, most of which are keyed to and codified in the Code of Federal Regulations, which is published under 50 titles pursuant to 44 U.S.C. 1510.

The Code of Federal Regulations is sold by the Superintendent of Documents.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

7 CFR Part 1260

[No. AMS-LP-19-0054]

Beef Promotion and Research Rules and Regulations

AGENCY: Agricultural Marketing Service, USDA.

ACTION: Direct final rule.

SUMMARY: The Agricultural Marketing Service (AMS) is amending the Beef Promotion and Research Order (Order) by updating the Harmonized Tariff Schedule (HTS) codes for imported cattle, beef, veal, and beef product to conform with recent updates by the U.S. International Trade Commission (USITC) and used by the U.S. Customs and Border Protection to assist in the collection of beef checkoff assessments.

DATES: This direct final rule is effective February 7, 2020, without further action or notice, unless significant adverse comment is received by January 23, 2020. If significant adverse comment is received, AMS will publish a timely withdrawal of the amendment in the **Federal Register**.

ADDRESSES: Comments should be posted online at www.regulations.gov. Comments received will be posted without change, including any personal information provided. All comments should reference the docket number AMS-LP-19-0054, the date of submission, and the page number of this issue of the **Federal Register**. Comments may also be sent to Kahl Sesker, Agricultural Marketing Specialist; Research and Promotion Division; Livestock and Poultry Program, AMS, USDA; Room 2610-S, STOP 0251, 1400 Independence Avenue SW, Washington, DC 20250-0251; or via fax to (202) 720-1125. Comments will be made available for public inspection at the above address during regular business hours or via the internet at www.regulations.gov.

FOR FURTHER INFORMATION CONTACT: Kahl Sesker, Agricultural Marketing Specialist; Research and Promotion Division, Livestock and Poultry Program; AMS, U.S. Department of Agriculture (USDA); Room 2610-S, STOP 0251, 1400 Independence Avenue SW, Washington, DC 20250-0251; fax (202) 720-1125; telephone (202) 253-8253; or email Kahl.Sesker@usda.gov.

SUPPLEMENTARY INFORMATION:

Executive Orders 12866, 13563, and 13771

Executive Orders 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health, and safety effects; distributive impacts; and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, reducing costs, harmonizing rules, and promoting flexibility. This rule does not meet the definition of a significant regulatory action contained in section 3(f) of Executive Order 12866 and therefore, the Office of Management and Budget (OMB) has waived review of this action. Additionally, because this rule does not meet the definition of a significant regulatory action, it does not trigger the requirements contained in Executive Order 13771. See OMB's Memorandum titled "Interim Guidance Implementing Section 2 of the Executive Order of January 30, 2017, titled 'Reducing Regulation and Controlling Regulatory Costs'" (February 2, 2017).

Executive Order 12988

This final rule has been reviewed under Executive Order 12988, Civil Justice Reform. This rule is not intended to have a retroactive effect.

Section 11 of the Beef Promotion and Research Act of 1985 (Act) (7 U.S.C. 2910) provides that nothing in the Act may be construed to preempt or supersede any other program relating to beef promotion organized and operated under the laws of the U.S. or any State. There are no administrative proceedings that must be exhausted prior to any judicial challenge to the provisions of this rule.

Executive Order 13175

This action has been reviewed in accordance with the requirements of Executive Order 13175, Consultation and Coordination with Indian Tribal Governments. The review reveals that is regulation would not have substantial and direct effects on Tribal governments or significant Tribal implications.

Paperwork Reduction Act

In accordance with OMB regulations (5 CFR part 1320) that implement the Paperwork Reduction Act of 1995 (44 U.S.C. part 35), the information collection and recordkeeping requirements contained in the Order and accompanying Rules and Regulations have previously been approved by OMB and were assigned OMB control number 0581-0093.

Background

The Act authorized the establishment of a national beef promotion and research program. Title 7 CFR part 1260, the Beef Promotion and Research Order (the Order), was published in the **Federal Register** on July 18, 1986 (51 FR 21632), and the collection of assessments began on October 1, 1986. The program is administered by the Cattlemen's Beef Promotion and Research Board (Board), appointed by the Secretary of Agriculture (Secretary) from industry nominations, and composed of 99 cattle producers and importers. The program is funded by a \$1-per-head assessment on producers selling cattle in the U.S. as well as an equivalent assessment on importers of cattle, beef, veal, and beef products.

Importers pay assessments on imported cattle, beef, veal, and beef products. U.S. Customs and Border Protection collects and remits these assessments to the Board. The term "importer" is defined as "any person who imports cattle, beef, or beef products from outside the United States" (7 CFR 1260.117). Imported beef or beef products is defined as "products which are imported into the United States which the Secretary determines contain a substantial amount of beef, including those products which have been assigned one or more of the following numbers in the Tariff Schedule of the United States" (7 CFR 1260.121).

The Act requires that assessments on imported beef and beef products and

veal and veal products be determined by converting such imports into live animal equivalents to ascertain the corresponding number of head of cattle. Carcass weight is the principal factor in calculating live animal equivalents.

USITC periodically updates HTS codes. Since USITC updates HTS on a regular basis, AMS routinely amends 7 CFR 1260.172(b) to incorporate the updated HTS codes for imported cattle, beef, veal, and beef product into the Order so that importers know what beef products are assessed and their respective assessment rates. Consistent with USITC's recent updates to HTS codes, AMS is updating the HTS codes in the Order through this direct final rule.

Regulatory Flexibility Act

The purpose of RFA is to fit regulatory actions to the scale of businesses subject to such actions in order that small businesses will not be unduly burdened. Pursuant to the requirements set forth in the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*), AMS has considered the economic effect of this action on small entities and has determined that this direct final rule does not have a significant economic impact on a substantial number of small entities.

Effective August 19, 2019, the SBA published an interim final rule (RIN 3245-AH17) that adjusts the monetary-based size standards for inflation. As a result of this rule, the size classification for small beef, veal, and cattle importing firms changed from sales of \$750,000 or less to sales of \$1,000,000 or less. As a result, a supplemental analysis was conducted to determine whether the change in the size standard would lead to a significant change in the number of firms affected by this rule.

According to the U.S. Department of Agriculture's (USDA) National Agricultural Statistics Service's (NASS) 2017 Census of Agriculture, the number of operations in the United States with cattle totaled 882,692.¹ The most recent (2017) Census of Agriculture data show that roughly 4 percent of producers with cattle, or 31,601 operations, have annual receipts of \$1,000,000 or more.² Therefore, the vast majority of cattle producers, 96 percent, would be considered small businesses with the new SBA guidance. It should be noted that producers are only indirectly impacted by the proposed rule.

Cattle, beef, and veal importers are directly impacted by the proposed rule.

² <https://quickstats.nass.usda.gov/results/EC7DF8E2-6791-347F-BC4F-3F81988D7DDB>.

The original number of importing firms was determined in consultation with the Meat Import Council of America (MICA). AMS estimates that approximately 270 firms that import beef or beef products, and veal and veal products into the United States, and about 198 firms that import live cattle into the United States. The 2012 Economic Census, produced by the U.S. Commerce Department, and accessible through the American Fact Finder website, provides the most recent data on firm size by sales revenue.³ However, data on the firm size of beef, veal, and cattle importers are not available in this or other economic databases, as there is no NAICS code specific enough for this industry segment.

The 2012 Economic Census does have information on the broader marketing chain, specifically the size distribution of meat and meat product wholesalers (NAICS 42447).⁴ These data show that 18 percent of firms in the industry classification of meat and meat product wholesalers are now considered small businesses under the new size standard.

Recent import trade data was also considered for understanding the overall dynamics of this industry segment. The Foreign Agricultural Service reports monthly trade data for traded agricultural products by product type. An analysis of these data over a five-year period show only minor changes in the annual import values for both beef and veal importers and cattle importers, suggesting little change in the sector overall.

This direct final rule imposes no significant burden on the industry. Importers are already required to pay assessments. This action merely updates HTS codes in the Order that USITC has changed for imported cattle, beef, veal, and beef products. Accordingly, AMS has determined that this action does not have a significant impact on a substantial number of small entities.

USITC periodically updates HTS codes. Since USITC updates HTS on a regular basis, AMS routinely amends 7 CFR 1260.172(b) to incorporate the updated HTS codes for imported cattle, beef, veal, and beef product into the Order so that importers know what beef products are assessed and their respective assessment rates.

Meat and meat products, Reporting and recordkeeping requirements.

For the reasons set forth in the preamble, AMS amends 7 CFR part 1260 as follows:

PART 1260—BEEF PROMOTION AND RESEARCH

■ 1. The authority citation for 7 CFR part 1260 continues to read as follows:

Authority: 7 U.S.C. 2901–2911 and 7 U.S.C. 7401.

■ 2. Amend § 1260.172 by revising paragraph (b)(2) to read as follows:

§ 1260.172 Assessments.

* * * * *
(b) * * *

(2) The assessment rates for imported cattle, beef, veal, beef products, are as follows:

Inflation Adjustment of Civil Monetary Penalties

AGENCY: Office of the General Counsel, U.S. Department of Energy.

ACTION: Final rule.

SUMMARY: The Department of Energy (“DOE”) publishes this final rule to adjust DOE’s civil monetary penalties (“CMPs”) for inflation as mandated by the Federal Civil Penalties Inflation Adjustment Act of 1990, as further amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (collectively referred to herein as “the Act”). This rule adjusts CMPs within the jurisdiction of DOE to the maximum amount required by the Act.

DATES: This rule is effective on January 8, 2020.

FOR FURTHER INFORMATION CONTACT: Preeti Chaudhari, U.S. Department of Energy, Office of the General Counsel, GC–33, 1000 Independence Avenue SW, Washington, DC 20585, (202) 586–8078, *preeti.chaudhari@hq.doe.gov*.

SUPPLEMENTARY INFORMATION:

- I. Background
- II. Method of Calculation
- III. Summary of the Final Rule
- IV. Final Rulemaking
- V. Regulatory Review

I. Background

In order to improve the effectiveness of CMPs and to maintain their deterrent effect, the Federal Civil Penalties Inflation Adjustment Act of 1990, 28 U.S.C. 2461 note (“the Inflation

Adjustment Act”), as further amended by the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Pub. L. 114–74) (“the 2015 Act”), requires Federal agencies to adjust each CMP provided by law within the jurisdiction of the agency. The 2015 Act requires agencies to adjust the level of CMPs with an initial “catch-up” adjustment through an interim final rulemaking and to make subsequent annual adjustments for inflation, notwithstanding 5 U.S.C. 553. DOE’s initial catch-up adjustment interim final rule was published June 28, 2016 (81 FR 41790) and adopted as final without amendment on December 30, 2016 (81 FR 96349). The 2015 Act also provides that any increase in a CMP shall apply only to CMPs, including those whose associated violation predated such increase, which are assessed after the date the increase takes effect.

In accordance with the 2015 Act, the Office of Management and Budget (OMB) must issue annually guidance on adjustments to civil monetary penalties. This final rule to adjust civil monetary penalties for 2020 is issued in accordance with applicable law and OMB’s guidance memorandum on implementation of the 2020 annual adjustment.¹

II. Method of Calculation

The method of calculating CMP adjustments applied in this final rule is required by the 2015 Act. Under the 2015 Act, annual inflation adjustments subsequent to the initial catch-up adjustment are to be based on the percent change between the October Consumer Price Index for all Urban Consumers (CPI-U) preceding the date of the adjustment, and the prior year’s October CPI-U. Pursuant to the aforementioned OMB guidance memorandum, the adjustment multiplier for 2020 is 1.01764. In order to complete the 2020 annual adjustment, each CMP is multiplied by the 2020 adjustment multiplier. Under the 2015 Act, any increase in CMP must be rounded to the nearest multiple of \$1.

III. Summary of the Final Rule

The following list summarizes DOE authorities containing CMPs, and the penalties before and after adjustment.

¹ OMB’s annual guidance memorandum was issued on December 16, 2019, providing the 2020 adjustment multiplier and addressing how to apply it.
