

Amended Final Determination

Because there is now a final court decision, Commerce is amending the

Final Determination and Amended Final Determination and Order with respect to Uttam Galva and the all-others rate. The revised weighted-

average dumping margins for Uttam Galva and all other exporters for the period April 1, 2014 through March 31, 2015, are as follows:

Exporter/producer	Weighted-average dumping margin (percent)
Uttam Galva Steels Limited; Uttam Value Steels Limited; Atlantis International Services Company Ltd.; Uttam Galva Steels, Netherlands, B.V.; Uttam Galva Steels (BVI) Limited	0.00
All Others	12 4.43

Partial Exclusion From Antidumping Duty Order

Pursuant to section 735(a)(4) of the Act, Commerce “shall disregard any weighted average dumping margin that is *de minimis* as defined in section 733(b)(3) of the Act.”¹³ Furthermore, section 735(c)(2) of the Act states that “the investigation shall be terminated upon publication of that negative determination” and Commerce shall “terminate the suspension of liquidation” and “release any bond or other security, and refund any cash deposit.”¹⁴ As a result of this amended final determination, in which Commerce has calculated an estimated weighted-average dumping margin of 0.00 percent for Uttam Galva, Commerce is hereby excluding merchandise produced and exported by Uttam Galva from the antidumping duty order.¹⁵ Accordingly, Commerce will direct U.S. Customs and Border Protection (CBP) to release any bonds or other security and refund cash deposits pertaining to any suspended entries from Uttam Galva. This exclusion does not apply to any other companies (except those that comprise a single entity with Uttam Galva, which are listed in the table above).¹⁶

However, pursuant to *Timken*, the suspension of liquidation must continue during the pendency of the appeals process. Thus, we will instruct CBP to suspend liquidation of all unliquidated

entries from Uttam Galva at a cash deposit rate of 0.00 percent which are entered, or withdrawn from warehouse, for consumption after December 28, 2019, which is ten days after the CIT’s final decision, in accordance with section 516A of the Act.¹⁷ If the CIT’s ruling is not appealed, or if appealed and upheld, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate entries produced and exported by Uttam Galva without regard to antidumping duties. As a result of the exclusion, Commerce will not initiate any new administrative reviews of Uttam Galva’s entries pursuant to the antidumping duty order.¹⁸

At this time, Commerce remains enjoined by CIT order from liquidating entries that: (1) Were produced and exported by Uttam Galva Steels Limited, and were entered, or withdrawn from warehouse, for consumption on or after July 1, 2017, up to and including June 30, 2018; and (2) were produced and/or exported by Uttam Value Steels Limited, and were entered, or withdrawn from warehouse, for consumption on or after July 1, 2017, up to and including June 30, 2018. These entries will remain enjoined pursuant to the terms of the injunction during the pendency of any appeals process.

¹⁸ See *Amended Final Determination and Order*. Currently there are no ongoing administrative reviews of this order.

¹² As explained in the Second Remand Results, because Uttam Galva’s antidumping duty margin is now 0.00 percent, its rate is no longer factored in the calculation of the all-others rate and the rate calculated for JSW is now the all-others rate. Further, although the dumping margin calculated for JSW and published in the *Amended Final Determination and Order* continues to be 4.43 percent, the adjustment for export subsidies results in a cash deposit rate of 0.47 percent. See Second Remand Results at 17.

¹³ Section 733(b)(3) of the Act defines *de minimis* dumping margin as “less than 2 percent ad valorem or the equivalent specific rate for the subject merchandise.”

¹⁴ See sections 735(c)(2)(A) and (B) of the Act.

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the parties that requested the review withdraw the request within 90 days of the date of publication of the notice of initiation of the requested review. As noted above, the petitioners, Howmet, and Huacheng fully withdrew their respective review requests by the 90-day deadline. As such, Commerce is in receipt of timely requests for withdrawal of the instant administrative review with respect to all companies listed in the *Initiation Notice*.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of cold-drawn mechanical tubing from China at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of the antidumping and/or countervailing duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under an APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial

protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).
