

be in accordance to the ISO/IEC standard.

*NIST Handbook 133, "Checking the Net Contents of Packaged Goods"*

Item NET-20.2. 4.5. Polyethylene Sheeting, Bags, and Liners

The L&R Committee will consider a proposal under Item NET 20.2. to consider changes to the equipment that is used to test the thickness of polyethylene sheeting, bags, and liners. This modification would allow for electronic instruments to be used for thickness measurements. In addition, changes to the test procedure would need to be modified for the use of electronic instruments.

Under Item ODR NEW, the L&R Committee will consider a recommended proposal to remove the Open Dating Regulation in its entirety from NIST Handbook 130.

## DEPARTMENT OF COMMERCE

### National Institute of Standards and Technology

#### Visiting Committee on Advanced Technology; Meeting

**AGENCY:** National Institute of Standards and Technology, Department of Commerce.

**ACTION:** Notice of open meeting.

**SUMMARY:** National Institute of Standards and Technology (NIST)'s Visiting Committee on Advanced Technology (VCAT or Committee) will meet on Wednesday, February 12, 2020, from 8:30 a.m. to 5:00 p.m. Eastern Time, and Thursday, February 13, 2020, from 8:30 a.m. to 12:00 p.m. Eastern Time.

**DATES:** The VCAT will meet on Wednesday, February 12, 2020, from 8:30 a.m. to 5:00 p.m. and Thursday, February 13, 2020, from 8:30 a.m. to 12:00 p.m. Eastern Time.

**ADDRESSES:** The meeting will be held in the Portrait Room, Administration Building, at NIST, 100 Bureau Drive, Gaithersburg, Maryland 20899, with an option to participate via webinar. Please note admittance instructions under the **SUPPLEMENTARY INFORMATION** section of this notice.

**FOR FURTHER INFORMATION CONTACT:** Stephanie Shaw, VCAT, NIST, 100 Bureau Drive, Mail Stop 1060, Gaithersburg, Maryland 20899-1060,

telephone number 301-975-2667. Ms. Shaw's email address is [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov).

#### **SUPPLEMENTARY INFORMATION:**

**Authority:** 15 U.S.C. 278, as amended, and the Federal Advisory Committee Act, as amended, 5 U.S.C. App.

Pursuant to the Federal Advisory Committee Act, as amended, 5 U.S.C. App., notice is hereby given that the VCAT will meet on Wednesday, February 12, 2020, from 8:30 a.m. to 5:00 p.m. Eastern Time, and Thursday, February 13, 2020, from 8:30 a.m. to 12:00 p.m. Eastern Time. The meeting will be open to the public. The VCAT is composed of not fewer than 9 members appointed by the NIST Director, eminent in such fields as business, research, new product development, engineering, labor, education, management consulting, environment, and international relations. The primary purpose of this meeting is for the VCAT to review and make recommendations regarding general policy for NIST, its organization, its budget, and its programs within the framework of applicable national policies as set forth by the President and the Congress. The agenda will include an update on major programs at NIST. The Committee also will present its initial observations, findings, and recommendations for the 2019 VCAT Annual Report. The agenda may change to accommodate Committee business. The final agenda will be posted on the NIST website at <http://www.nist.gov/director/vcat/agenda.cfm>.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the Committee's business are invited to request a place on the agenda. Approximately one-half hour will be reserved for public comments and speaking times will be assigned on a first-come, first-serve basis. The amount of time per speaker will be determined by the number of requests received but, is likely to be about 3 minutes each. The exact time for public comments will be included in the final agenda that will be posted on the NIST website at <http://www.nist.gov/director/vcat/agenda.cfm>. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to VCAT, NIST, 100 Bureau Drive, MS 1060, Gaithersburg, Maryland 20899, via fax at 301-216-0529 or electronically by email to [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov).

All visitors to the NIST site are required to pre-register to be admitted. Please submit your name, time of arrival, email address, and phone number to Stephanie Shaw by 5:00 p.m. Eastern Time, Wednesday, February 5, 2020. Non-U.S. citizens must submit additional information; please contact Ms. Shaw. Ms. Shaw's email address is [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov) and her phone number is 301-975-2667. For participants attending in person, please note that federal agencies, including NIST, can only accept a state-issued driver's license or identification card for access to federal facilities if such license or identification card is issued by a state that is compliant with the REAL ID Act of 2005 (Pub. L. 109-13), or by a state that has an extension for REAL ID compliance. NIST currently accepts other forms of federal-issued identification in lieu of a state-issued driver's license. For detailed information please contact Ms. Shaw at 301-975-2667 or visit: [http://nist.gov/public\\_affairs/visitor/](http://nist.gov/public_affairs/visitor/). For participants attending via webinar, please contact Ms. Shaw at 301-975-2667 or [stephanie.shaw@nist.gov](mailto:stephanie.shaw@nist.gov) for detailed instructions on how to join the webinar by 5:00 p.m. Eastern Time, Monday,

Dated: February 10, 2020.

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[RTID 0648-XA007]

#### New England Fishery Management Council; Public Meeting

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Notice of public meeting.

**SUMMARY:** The New England Fishery Management Council (Council, NEFMC) will hold a three-day meeting to consider actions affecting New England fisheries in the exclusive economic zone (EEZ).

**DATES:** The meeting will be held on Tuesday, Wednesday, and Thursday, January 28, 29, and 30, 2020, beginning at 9 a.m. on January 28 and 8:30 a.m. on January 29 and 30.

**ADDRESSES:** The meeting will be held at the Portsmouth Harbor Events and Conference Center, 100 Deer Street at 22

Portwalk Place, Portsmouth, NH 03801; telephone: (603) 422-6114; online at <https://www.portsmouthharborevents.com>.

**Council address:** New England Fishery Management Council, 50 Water Street, Mill 2, Newburyport, MA 01950; telephone: (978) 465-0492; [www.nefmc.org](http://www.nefmc.org).

**FOR FURTHER INFORMATION CONTACT:**

Thomas A. Nies, Executive Director, New England Fishery Management Council; telephone: (978) 465-0492, ext. 113.

**SUPPLEMENTARY INFORMATION:**

**Agenda**

*Tuesday, January 28, 2020*

After introductions and brief announcements, the meeting will begin with reports from the Council Chairman and Executive Director, NMFS's Regional Administrator for the Greater Atlantic Regional Fisheries Office (GARFO), liaisons from the Northeast Fisheries Science Center (NEFSC) and Mid-Atlantic Fishery Management Council, staff from the Atlantic States Marine Fisheries Commission (ASMFC), and representatives from NOAA General Counsel, NOAA's Office of Law Enforcement, and the U.S. Coast Guard. The Council then will receive two updates on offshore energy projects in the Northeast—one from the Bureau of Ocean Energy Management and the other from the Habitat Committee. The Council also will receive other habitat updates and develop comments on a Great South Channel-related Exempted Fishing Permit (EFP) if the notice is available prior to the meeting. Next, representatives from the Northeast Regional Ocean Council and the Responsible Offshore Development Alliance will provide an overview of upcoming work on the Northeast Ocean Data Portal using industry input.

Following the lunch break, the Council will hear from Dr. Michael Rubino, senior advisor for seafood strategy at NOAA Fisheries, about his role within the agency, as well as seafood market development options. The Council then will view a video highlighting the U.S. scallop delegation's June 2019 visit to Hokkaido, Japan to learn about seed-sowing practices used in Japanese scallop aquaculture. The delegation included representatives from the scallop industry, NMFS, academia, and Council staff. Next, the Council will discuss and take final action on a Commercial eVTR Omnibus Framework, which was developed jointly with the Mid-Atlantic Fishery Management Council. The framework proposes to

require that vessel trip reports (VTRs) be submitted electronically as eVTRs instead of on paper for all commercial species managed by both Councils. Next, the Council will receive an overview of new South Atlantic electronic vessel reporting requirements for for-hire charter and headboat vessels with South Atlantic permits. The Council will close out the day with a report on the November 2019 annual meeting of the International Commission for the Conservation of Atlantic Tunas (ICCAT). The Council also will hear comments from the Advisory Committee to the U.S. Section to ICCAT.

*Wednesday, January 29, 2020*

The Council will begin the day with a presentation from MIT Sea Grant on the use of sociocultural information in the NEFMC process and discuss recent findings. Next, the Scientific and Statistical Committee (SSC) will provide the Council with acceptable biological catch (ABC) recommendations for four groundfish stocks that were remanded for further review as a result of the Council's December 2019 meeting. The ABC recommendations will be for American plaice, Gulf of Maine haddock, Georges Bank haddock, and Atlantic pollock for fishing years 2020–22. Following the SSC report, members of the public will have the opportunity to speak during an open comment period on issues that relate to Council business but are not included on the published agenda for this meeting. The Council asks the public to limit remarks to 3–5 minutes. After that, the Groundfish Committee will begin its report, which will run for the remainder of the day with a lunch break scheduled partway through. The report will cover two items. First, the Council will develop recommendations for submission to GARFO on fishing year 2020 recreational measures for Gulf of Maine cod and Gulf of Maine haddock. Second, the Council will review, discuss, and approve the Draft Environmental Impact Statement (DEIS) for Monitoring Amendment 23 and select preliminary preferred alternatives. The DEIS will contain the full range of alternatives for upcoming public hearings. At the conclusion of this discussion, the Council will adjourn for the day.

*Thursday, January 30, 2020*

The third day of the meeting will begin with a closed session during which the Council will consult on SSC appointments for 2020–22 and review personnel issues. The meeting then will be open to the public and begin with a

presentation on the final NEFSC/GARFO Regional Strategic Plan for 2020–23, followed by an overview of the accompanying annual implementation plan. The Northeast Fisheries Science Center then will provide a presentation on its annual planning process and explain how the center uses the New England Fishery Management Council's research priorities. Next, the Council will receive an update on Congressional activities and discuss any pending legislation. The Small-Mesh Multispecies (Whiting) Committee report will follow. The Council will approve the range of alternatives for an action that is under development to rebuild southern red hake.

Following the lunch break, the Council will discuss Atlantic herring issues. The Council will initiate Framework Adjustment 8 to the Atlantic Herring Fishery Management Plan, which will contain fishing year 2021–23 specifications and consider adjusting herring measures that potentially inhibit the Atlantic mackerel fishery from achieving optimum yield. Next, the Council will receive an update from NMFS on the Omnibus Industry-Funded Monitoring (IFM) Amendment and its associated herring measures. Finally, the Council will close out the meeting with “other business.”

Although non-emergency issues not contained on this agenda may come before the Council for discussion, those issues may not be the subject of formal action during this meeting. Council action will be restricted to those issues specifically listed in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency. The public also should be aware that the meeting will be recorded. Consistent with 16 U.S.C. 1852, a copy of the recording is available upon request.

**Special Accommodations**

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Thomas A. Nies (see **ADDRESSES**) at least 5 days prior to the meeting date.

**Authority:** 16 U.S.C. 1801 *et seq.*
