BILLING CODE 4000-01-P

ENVIRONMENTAL PROTECTION AGENCY

[EPA-HQ-OW-2004-0015; FRL-10003-62-OW]

Proposed Information Collection Request; Comment Request; Clean Water Act State Revolving Fund Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is planning to submit a request to renew an existing information collection request (ICR), “Clean Water State Revolving Fund Program” (EPA ICR No. 1391.11, OMB Control No. 2040-0118) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (PRA). Before doing so, the EPA is soliciting public comments on specific aspects of the proposed information collection as described below. This is a proposed extension of the ICR, which is currently approved through September 30, 2020. An Agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Comments must be submitted on or before March 13, 2020.

ADDRESSES: Submit your comments, referencing Docket ID No. EPA-HQ-OW-2004-0015, online using www.regulations.gov (our preferred method), by email to ow-docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave. NW, Washington, DC 20460.

The EPA’s policy is that all comments received will be included in the public docket without change including any personal information provided, unless the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

Mark Mylin, Water Infrastructure Division, Office of Wastewater Management, 4204M, Environmental Protection Agency, 1200 Pennsylvania Ave. NW, Washington, DC 20460; telephone number: 202-564-0607; email address: mylin.mark@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA’s public docket, visit <https://www.epa.gov/dockets>.

Pursuant to section 3506(c)(2)(A) of the PRA, the EPA is soliciting comments and information to enable it to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the Agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. The EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval. At that time, the

EPA will issue another **Federal Register** document to announce the submission of the ICR to OMB and the opportunity to submit additional comments to OMB.

Abstract: The Clean Water State Revolving Funds (CWSRF) were established by the 1987 amendments to the Clean Water Act (CWA) as a financial assistance program for a wide-range of wastewater infrastructure and other water quality projects. The 1987 amendments added Title VI to the CWA, enabling EPA to provide grants to all 50 states and Puerto Rico to capitalize CWSRFs. The CWSRFs can provide loans and other forms of assistance for a wide array of projects, including construction of wastewater treatments facilities, green infrastructure projects, agricultural best management practices, and water and energy efficiency improvements. Eligible borrowers of CWSRF funding range from municipalities to nonprofit organizations and other private entities. In 2014, Title VI of the CWA was amended by the Water Resources Reform and Development Act (WRRDA). Additional information about the CWSRFs is available at <https://www.epa.gov/cwsrf/learn-about-clean-water-state-revolving-fund-cwsrf>.

This ICR renews the Office of Management and Budget (OMB) Number 2040-0118 CWSRF ICR and provides updated estimates of the reporting burden associated with the information collection activities.

The individual information collections covered under this ICR are briefly described as follows:

Capitalization Grant Agreement/ Intended Use Plan

The Capitalization Grant Agreement is the principal instrument by which a CWSRF commits to manage its revolving fund program in conformity with the requirements of the CWA. The grant agreement contains or incorporates by reference the intended use plan, application materials, required certifications, and other documentation required by the EPA. The intended use plan describes how a CWSRF program intends to use its funds for the upcoming year to meet the objectives of the CWA.

Annual Report

The annual report indicates how the CWSRF has met its goals and objectives of the previous state fiscal year as stated in the grant agreement and, more specifically, in the intended use plan. The report provides information on loan recipients, loan amounts, loan terms, project categories of eligible costs, and

similar data on other forms of assistance.

Annual Audit

The CWA requires a CWSRF to undergo an annual audit. Though an audit conducted under the Single Audit Act meets this requirement, the EPA still recommends that a CWSRF also undergo a separate independent audit as a best management practice. The audit must contain an opinion on the financial condition of the CWSRF program, a report on its internal controls, and a report on compliance with applicable laws and the CWA.

Clean Water National Information Management System (CWNIMS) and CWSRF Benefits Reporting (CBR)

To meet the CWA objective of “promoting the efficient use of fund resources,” states must enter financial data, including project disbursements, into the CWNIMS database on an annual basis. This publicly available information is used by the EPA to assess compliance with the CWSRFs’ mandate to use all funds in an “expeditious and timely” manner and achieve the objectives of the CWA. Project level data is collected on a quarterly basis using the CBR System to record projected environmental results from CWSRF projects.

CWSRF Applications

The application is developed and used by the CWSRFs to determine the project’s eligibility, to evaluate the borrower’s financial capability to repay the CWSRF, and to ensure that the borrower will comply with all applicable program requirements. The information collected by the CWSRF applications is consistent with requirements set forth by the CWA.

Public Awareness Policy

Per EPA Grants Policy Issuance (GPI) 14–02: Enhancing Public Awareness of EPA Assistance Agreements, CWSRF borrowers must publicize the EPA’s involvement in project funding only up to the funding amount in each year’s capitalization grant. The CWSRFs have various options to meet this requirement.

Except for the public awareness policy and CWSRF applications, the respondents for the information collection activities are the state environmental departments and/or finance agencies responsible for operating the CWSRFs. The CWSRFs have procedures in place to assist borrowers in completing the applications. The public awareness policy directly impacts CWSRF

borrowers that are designated as recipients of federal funds. The burden associated with the public awareness policy should not have an impact on small entities since the CWSRFs have flexibility in determining which borrowers must comply with this requirement.

Form numbers: None.

Respondents/affected entities: Entities affected by this action are state environmental departments and/or finance agencies responsible for operating the CWSRFs and eligible CWSRF borrowers.

Respondent’s obligation to respond: Required to obtain or retain a benefit per Title VI of CWA as amended by WRRDA.

Estimated number of respondents: 51 state environmental departments and/or finance agencies (per year); 1,544 eligible CWSRF borrowers (per year).

Frequency of response: Varies by requirement (*i.e.*, quarterly and annually).

Total estimated burden: 659,390 hours (per year). Burden is defined at 5 CFR 1320.03(b).

Total estimated cost: \$33,199,314 (per year).

Changes in estimates: There is an increase of 72,004 hours (per year) in the total estimated reporting burden compared with the ICR currently approved by OMB. This increase is from an upward adjustment of the annual number of CWSRF applications expected to occur during this collection period. Specifically, the estimated annual number of CWSRF applications has been increased from 1,359 to 1,544 in response to recent activity.

Dated: December 20, 2019.

Andrew D. Sawyers,
Director, Office of Wastewater Management.

BILLING CODE 6560–50–P

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843), and interested persons may express their views in writing on the standards enumerated in section 4. Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors, Ann E. Misback, Secretary of the Board, 20th and Constitution Avenue NW, Washington, DC 20551–0001, not later than February 12, 2020.

A. Federal Reserve Bank of Minneapolis (Chris P. Wangen, Assistant Vice President), 90 Hennepin Avenue, Minneapolis, Minnesota 55480–0291:

1. *L1 Holding Corporation, Minneapolis, Minnesota*; to become a bank holding company by acquiring Eagle Community Bank, Maple Grove, Minnesota. In connection with this application, L1 Holding Corporation has applied to engage in mortgage lending activities by acquiring LeaderOne Financial Corporation, Overland Park, Kansas, pursuant to section 4 of the BHC Act.

Board of Governors of the Federal Reserve System, January 8, 2020.

Yao-Chin Chao,

Assistant Secretary of the Board.
